IV Health information

I, the undersigned, hereby certify that:

1. the petfood described above does not contain any material from bovine animals or mammalian meat meal, bone meal or meat and bone meal.
2. the raw animal material used in the manufacture of the petfood is low risk material of poultry origin;
3. the product has been heat treated to ensure the destruction of avian influenza virus by one of the following methods:
70°C for at least 30 minutes
75°C for at least 5 minutes
80°C for at least 1 minute;
4. based on the results of random sampling at slaughterhouses in the United Kingdom, it can be considered that the poultry material from which the product derives does not contain residues exceeding the limits permitted within the EU, which do not occur naturally in the meat and which may have a hormonal or anti-hormonal effect;
5. after processing, every precaution was taken to ensure that the consignment was not contaminated in any way prior to shipment;

6. the petfood was packed in new packaging which bears labels indicating one or more of the following: "for pet food only"* and/or "dog food"* and/or "cat food"* and/or "not for human consumption"*;
7. the production process has been tested, with satisfactory results, for the presence of salmonellae and enterobacteriaceae.
