II Origin of products

(a) Address of the processing plant:

♦(b) Name and address of exporter:

III Destination of products

(a) The product was despatched from the United Kingdom to:

(country and place of destination)

(b) Name and address of consignee:

(c) Means of transportation:

IV Health information

I, the undersigned, hereby certify that:

1. the petfood described above:

(a) **EITHER**

*does not contain any materials of ruminant origin (other than dairy products);

OR

*contains materials of ruminant origin which:

(i) were derived from animals:

- subjected to ante-mortem examination and were not found to show any evidence or clinical signs of any disease transmissible by the materials or any signs of generalised central nervous system disease;
- slaughtered at licensed premises;

(ii) were not derived from downer animals;

(iii) were not derived from any components of any carcass that was rejected during post-mortem examination as unfit for human consumption;

(b) does not contain any bovine material derived from the following Specified Risk Material from any cattle in any BSE affected country:

the brain, skull, eyes, trigeminal ganglia, spinal cord, vertebral column (excluding the vertebrae of the tail, the transverse processes of the thoracic and lumbar vertebrae, and the wings of the sacrum), and dorsal root ganglia of cattle 30 months of age and older, and the tonsils and distal ileum of the small intestine of any cattle regardless of age;

*(c) contains materials of poultry origin and the product has been treated to ensure the destruction of avian influenza virus by one of the following methods:

- 70°C for at least 30 minutes;
- 75°C for at least 5 minutes;
- 80°C for at least 1 minute;

(d) has been clearly labelled as "for pet food only" or "dog food" or "cat food" or "not for human consumption";

(e) does not contain any prohibited chemical, as defined under CAP 139N Public Health (Animals And Birds) (Chemical Residues) Regulation, Laws of Hong Kong;

2. the feeding of ruminants with meat-and-bone meal and greaves derived from ruminants is banned in the United Kingdom and this ban is effectively enforced.
