**IV. Health information**

I, the undersigned official veterinarian, hereby certify that the samples described at paragraph III above:

1. were packed into new leak proof aseptic containers and all reasonable precautions have been taken during the processing, handling, storage and transport to prevent contamination of the product;
2. have been labelled with the following mark: "for in vitro diagnostic use only - to be safely discarded after use";
3. were obtained from donor animals which showed no clinical signs of diseases communicable to animals or humans through the blood at the time of collection;
4. were manufactured, handled and stored in an approved technical plant under official supervision of the competent veterinary authority;
5. came from an establishment where no viral disease transmissible to humans had been officially notified for at least three months prior to export.

**V. This certificate is valid for 10 days.**
