- e) Shipping marks

II. Origin of the products

- a) Name and address of exporter:

- b) Address of manufacturer:

- c) Place of loading:

III. Destination of the products:

- a) Name and address of consignee:

- b) Means of transportation (Flight number, name of vessel, vehicle registration number):

IV. Health Attestation

I, the undersigned official veterinarian, certify that:

- 1. the products have been subjected to temperatures of at least 70°C for over 2 minutes;
- 2. the products do not contain poultry meal, mammalian meat meal, bone meal or meat-and-bone meal, or any material of ruminant origin;
- 3. the products and their contents originate from the UK;
- 4. the products have been prepared and stored in a plant approved, validated and supervised by the competent authority in accordance with Article 17 and where appropriate Article 11 of Regulation (EC) No 1774/2002;
- 5. the products have been treated to inactivate Salmonella, Listeria, E.coli, Avian Influenza and other pathogenic organisms which may be infective if fed to animals;
- 6. the products have been hygienically handled and packed in sterilised/new bags/containers immediately after production;
- 7. all precautions were taken to avoid contamination after processing;
- 8. the products do not, to the best of my knowledge and on the basis of a manufacturer's/exporter's written declaration, contain any harmful additives nor constitute any danger of introducing infectious or contagious diseases into South Africa.

*** Delete as applicable**

V. This certificate is valid for 14 days from the date of loading. If the consignment is transported by sea, this will be extended by the duration of the sea voyage
