III. DESTINATION OF PRODUCTS

(a) The product will be despatched from United Kingdom to:

(country and place of destination)

(b) Name and address of consignee:

(c) Means of transportation:

IV. HEALTH INFORMATION

I, the undersigned Official Veterinarian, certify regarding the dairy ingredient/s in the composite product described at Paragraph I above, that:

1. UK law prohibits the sale or supply of milk from cows affected or suspected of being affected with Bovine Spongiform Encephalopathy, or any Office International des Epizooties (O.I.E.) list of diseases transmissible through milk, which would constitute a risk to human health;
2. The dairy ingredients bear oval marks demonstrating that they were manufactured in accordance with EU regulations and hence are fit for human consumption;
3. The United Kingdom operates a surveillance programme in line with EU legislation, to ensure that milk, including milk used in milk products, does not have residues above the accepted limits;
4. The dairy/processing plant where the milk and/or milk products were produced is approved in accordance with EU regulations and monitored by the relevant legal authority of the country;
5. The goods were packed and shipped in a manner as to prevent contamination and spoilage.
