- a) Description of products:
- b) Gross quantity (e.g. number of pallets, cages etc):
- c) Species of origin:
- d) Shipping marks:

II. ORIGIN OF THE FOOD PRODUCTS

- a) Name and address of consolidation centre or despatch depot:
- b) Name and address of exporter:

III. DESTINATION OF THE FOOD PRODUCTS

- a) The products will be despatched from:
to: (Country and place of destination)
- b) Name and address of consignee:
- c) Means of transport:

IV. ANIMAL HEALTH ATTESTATION

I, the undersigned, hereby certify that:

- 1. the consignment described in Paragraph I. is fit for human consumption and was produced in accordance with EU legislation;
- 2. UK law prohibits the sale or supply of milk from cows affected or suspected of being affected with Bovine Spongiform Encephalopathy;
- 3. the feeding of ruminant protein to ruminants is prohibited in the United Kingdom;
- 4. the United Kingdom has a comprehensive programme in place to monitor radioactivity in food and the environment. The results demonstrates that even the most exposed members of the UK public received radiation doses from consumption of local food and exposure to environmental radioactivity (due to discharges and direct radiation) that were below the statutory EU annual dose limit to members of the public of 1 millisievert per year from artificially-produced radionuclides as set in the Council Directive 96/29/Euratom of 13 May 1996;
- 5. the United Kingdom (UK) is recognised by the Office International des Epizooties (OIE) as a country free from foot and mouth disease (FMD) (without vaccination);
- 6. the meat/poultrymeat (and meat/poultrymeat used in the manufacture of preparations/products) was derived from animals which originated from holdings on which none of the following OIE-listed diseases, to which the species of origin is susceptible, have been confirmed: African swine fever, classical swine fever, foot and mouth disease, swine vesicular disease, Newcastle disease or avian influenza.
