Preface

I am pleased to present the thirtieth annual report to Parliament on the operation of the Social Fund for Great Britain in 2017-18. The Social Fund is a regulated scheme made up of Maternity Grants, Funeral Expenses Payments, Cold Weather Payments and Winter Fuel Payments and a discretionary scheme of Budgeting Loans.

These payments provide vital financial support for people in need by helping people and families on low income with certain one-off or occasional expenses and provides a source of affordable credit for the financially excluded.

In the last year the Social Fund has provided over £625.3 million to support families on low income with certain one-off or occasional expenses through Budgeting Loans, Sure Start Maternity Grants, Funeral Expenses Payments and Cold Weather Payments.

Winter Fuel Payments continued to provide an additional £2 billion to support older people in meeting their heating costs.

We are constantly working to improve the way these payments operate. We have introduced a digital application process for Social Fund Budgeting Loans to make this money more accessible for those who need it. This has resulted in an increase in the number of applications, which dedicated Jobcentre Plus colleagues are delivering in a way that matches customer expectations.

**The Rt Hon Esther McVey
Secretary of State for Work and Pensions**

1. Introduction

- 1.1. This is the thirtieth annual report to Parliament on the operation of the Social Fund for Great Britain required to be laid by sections 167(5) and (6) of the Social Security Administration Act 1992¹.
- 1.2. The Social Fund scheme includes a regulated scheme made up of Maternity Grants and Funeral Expenses Payments, Cold Weather and Winter Fuel Payments, and a discretionary scheme comprised of Budgeting Loans.

Source of data for this report

- 1.3. The figures in this report, unless stated otherwise, are taken from the DWP Policy, Budget and Management Information System, Social Fund White Paper Account and from scans of the Social Fund Computer System.² Together these data sources record details of every individual application, subsequent payment decision and any outstanding repayment record. They also provide useful comparative data such as average awards, what needs are covered and how various client groups are using the fund. These comparisons are shown in the annexes to this report.

¹ There is also a statutory requirement to produce a Social Fund White Paper Account. Current arrangements are that this is laid in Parliament separately.

² The figures in this report do not include accounting adjustments.

2. The Regulated Social Fund

Sure Start Maternity Grants

- 2.1.** The Sure Start Maternity Grant (SSMG) is a payment of £500 to provide important help for families with the costs of a new baby (or babies in the event of a multiple birth) if there are no other children under 16 in the claimant's family. The grant is available to recipients, and partners of recipients, of a qualifying benefit or tax credit. For claims in 2017-18 these were: Income Support, income-related Employment and Support Allowance, income-based Jobseeker's Allowance, Universal Credit, Pension Credit, Child Tax Credit, and Working Tax Credit (which includes a disability or a severe disability element).
- 2.2.** SSMG is also available for the additional children of subsequent multiple births. This recognises that help is needed with the costs for all but one of the additional children of a subsequent multiple birth. An example, would be where the birth of twins follows a previous single birth, a SSMG can be paid to help with costs of the additional child.
- 2.3.** In 2017-18 over 50,000 SSMG awards were made worth £25.6 million. SSMG statistics are in Annexes 1 and 2.

Funeral Expenses Payments

- 2.4.** The Funeral Expenses Payment (FEP) scheme provides help towards the cost of a funeral. Payments are made to the person responsible for funeral costs who is in receipt of (or whose partner is in receipt of) a qualifying benefit or tax credit. In 2017-18 the qualifying benefits and tax credits were the same as those listed above for SSMG, but with the addition of Housing Benefit. Any payments made by DWP towards funeral costs are recoverable from the estate of the deceased, if there are sufficient funds.
- 2.5.** In 2017-18, around 25,500 Funeral Expenses Payment awards were made worth £37.1 Million.
- 2.6.** The DWP's Bereavement Service continues to take telephone applications for Funeral Expenses Payments as part of a wider service to people reporting a bereavement to the DWP. Funeral Expenses Payment claims can also be made by post, or by using a claim form that can be downloaded from the GOV.UK website.

Cold Weather Payments

- 2.7.** Cold Weather Payments provide help with additional costs of heating during periods of severely cold weather. Every residential postcode in Great Britain is linked to one of the weather stations used in the scheme. A payment is made to someone when the average temperature has been recorded as, or is forecast to be, 0°C or below over seven consecutive days at the weather station linked to their postcode.

2.8. In 2017-18 eligible recipients of a Cold Weather Payment were:

| Benefit in payment | Qualifying conditions for a Cold Weather Payment |
|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pension Credit | Entitled to Cold Weather Payment (CWP). |
| Income Support (IS) | Entitled to a CWP if they receive a disability premium, a severe disability premium, any one of the pensioner premiums, a child disability premium within IS or Child Tax Credit (CTC) or they have a child under 5 years. |
| Income based Jobseeker's Allowance (JSA(IB)) | Entitled to a CWP if they receive a disability premium, a severe disability premium, any one of the pensioner premiums, a child disability premium within JSA(IB) or CTC or they have child under 5 years. |
| Income-related Employment Support Allowance | Entitled to a CWP if they receive the support component, the work-related activity component, a severe or enhanced disability premium, pensioner premium, or have a child who is disabled for whom they receive a disability premium within CTC or have a child under 5 years. |
| Universal Credit | <p>Entitled to a CWP under Universal Credit if they are:</p> <ul style="list-style-type: none"> • not employed or self-employed; AND • they, or their partner, receive a limited capability for work element (with or without a work-related activity element); or • they receive the disabled child element within their assessment; or • have a child under 5 years. <p>Universal Credit recipients who are employed or self-employed will only be eligible for CWPs if they have a disabled child or eligible young person in the family.</p> |

2.9. A Cold Weather Payment award of £25 is made for each qualifying period of cold weather. In 2017-18 DWP made nearly 4,572,000 awards worth £114.3 million. The winter overall was not particularly cold, however there was one single cold period that triggered widespread payments.

2.10. The annual review of the Cold Weather Payments scheme took place in the summer of 2017. The review included: an assessment of the continuing availability of the weather stations used to provide temperature data for the scheme; whether any new stations were more suitable or should be introduced in addition to those that were currently being used; and the impact on weather station linkages of changes to the postcode system by the Royal Mail, as well as the general suitability of the existing linkages.

2.11. The Department fed representations from Members of Parliament and the public into the review and considered the Met Office's recommendations.

The review also:

- Established the continued availability of existing weather stations used to provide temperature data for the scheme;
- Identified if any new stations are more suitable and should be introduced as either primary or secondary weather stations; and
- Considered the effects of any Royal Mail changes to the postcode system.

- 2.12.** For the start of the 2017-18 Cold Weather Payment scheme the Met Office did not recommend the replacement of any of the primary weather stations or the introduction of any additional new stations. Representations from Members of Parliament about the suitability of individual weather stations or their links with particular postcode districts were carefully considered.
- 2.13.** Cold Weather Payment statistics are in Annexes 1 and 3.

Winter Fuel Payments

- 2.14.** Winter Fuel Payments help older people to meet heating costs. They are tax-free and do not affect entitlement to Social Security benefits.
- 2.15.** In 2017-18 Winter Fuel Payments were made to just under 12 million people at an estimated cost of £2 billion. Official Statistics on the number of Winter Fuel Payments made in 2017-18 were published on 19 September 2018.
- 2.16.** Households with someone who had reached State Pension age for women received £200 and households with someone aged 80 or over received £300.
- 2.17.** Most people who had reached the State Pension age for women in 2017-18 and who were normally living in Great Britain were eligible and qualified for the Winter Fuel Payment. People do not receive a payment if during the qualifying week they:
- were in prison
 - were in hospital receiving free treatment for more than 52 weeks
 - needed permission to enter the UK and do not qualify for help from DWP
 - had been living in a care home for the previous twelve weeks or more and receive Pension Credit, income-related Jobseeker's Allowance or income-related Employment and Support Allowance.
- 2.18.** The qualifying age for Winter Fuel Payments for men and women is increasing in line with the overall increase in State Pension age.
- 2.19.** Winter Fuel Payments are paid to people residing in the majority of the European Economic Area countries or Switzerland as long as they have a genuine and sufficient link with the UK. The qualifying week for winter 2017-18 payments was the week beginning 18 September 2017.
- 2.20.** It is estimated that over 95 per cent of payments were made automatically before Christmas 2017 without the need to claim. However, newly eligible people needed to make a claim if they were not receiving a Social Security benefit (or receiving only Housing Benefit, Council Tax Reduction, Child Benefit, or Universal Credit as a member of a couple) during the qualifying week.

3. The Discretionary Social Fund

Budgeting Loans

- 3.1.** Budgeting Loans are interest-free loans which are repayable from benefit awards. They are designed to help people, who have been in receipt of a qualifying benefit for at least six months, with intermittent expenses that are considered difficult to budget for. The qualifying benefits are: Income Support, income-related Employment and Support Allowance, income based Jobseeker's Allowance, and Pension Credit.
- 3.2.** In 2017-18 over 1,095,000 awards were made to applicants in the form of Budgeting Loans, worth over £448 million.
- 3.3.** There is a single, nationally managed loans budget. This budget is controlled and managed at a national level to ensure that all Budgeting Loan applicants in the same circumstances are treated in a similar way with no regional variations. Since April 2013, this budget has been funded solely from recoveries without any additional Annually Managed Expenditure allocations.
- 3.4.** An on-line Budgeting Loan application facility was introduced in December 2016 and has led to a significant increase in claims that has continued throughout the period from April 2017 to March 2018.
- 3.5.** The Budgeting Loans scheme will remain in place for applicants in receipt of existing working age income-related benefits until they migrate to Universal Credit (at which point they may be eligible for a Budgeting Advance. A Budgeting Advance is not an award from the Social Fund).
- 3.6.** Budgeting Loan statistics are in Annexes 1, 4, 5, 6, 7, 8 and 9.

4. General administration

Reviews

- 4.1.** A regulated Social Fund applicant who is dissatisfied with the initial decision on their application may apply to have the decision reviewed under a mandatory reconsideration within 14 days of the original decision.
- 4.2.** Applicants who remained dissatisfied are able to appeal the decision to Her Majesty's Courts and Tribunals Service (HMCTS). The data for 2017-18 is reported in Annex 9.
- 4.3.** A discretionary Social Fund applicant who is dissatisfied with the initial decision on their application may apply to have the decision reviewed under a mandatory reconsideration within 14 days of the original decision. Consideration is given to whether the law (including the Secretary of State's Directions and Guidance) has been applied correctly, and the case handled fairly and reasonably.
- 4.4.** A reviewing officer within Jobcentre Plus carries out the first review and the outcome is notified to the applicant. In 2017-18, Jobcentre Plus dealt with over 2,900 applications for first review.
- 4.5.** In 2017-18 applicants for Budgeting Loans who remained dissatisfied were able to ask for a further review by the office of the Independent Case Examiner (ICE). In 2017-18 ICE reviewed 131 reviewing officer decisions.
- 4.6.** Applications for Social Fund Budgeting Loans through the digital process has continued at a higher level throughout 2017-18.
- 4.7.** Budgeting loan refusals have increased from 15.69% in 2016-17 to 17.76% in 2017-18. Some functionality limitations with the on-line application have restricted the ability of the claim eligibility criteria to be effectively controlled. This has resulted in a higher number of claims disallowed for failing basic eligibility conditions. We are committed to improving the digital functionality of the claim process so that applications can be assessed correctly.

Performance Management and Improvement

- 4.8.** During 2017-18 a number of internal management tools were used to measure the quality of Social Fund decision making for SSMG, FEP and Budgeting Loans. The focus of the check has continued to concentrate on complex decision making
- 4.9.** Internal management changes relating to the delivery of FEP were made to improve the focus on performance and quality of the claims delivery. Revised processes were introduced to target the accuracy of FEP during 2017-18 and will continue throughout 2018-19. These processes measure areas requiring improvements rather than looking at overall accuracy and are not comparable with previous years. The targeted measurement process is expected to reduce the number of successful reviews and improve the overall accuracy.

4.10. Budgeting Loan and SSMG accuracy has remained high, 89.7% for Budgeting Loans and 96.2% for SSMG. The method of measuring the accuracy of FEP has changed during 2017-18. This new method is more accurate at targeting known issues. The measurement is therefore not compatible with the previous method still used for SSMG and Budgeting Loans. FEP are a complex area of work, the targeted measurement process of accuracy is expected to reduce successful reviews in the longer term by improving the overall accuracy. The measurement of accuracy for FEP under the new process is not comparable to measurements taken earlier in the year as it was highly limited and specifically targeted at new staff.

Clearance standards

4.11. Clearance standards for the operational delivery sites for Social Fund, and overall national performance, is monitored against a comprehensive set of clearance standards (see table). The table shows clearance against: the Average Actual Clearance Times (AACT) standard (column 3); the AACT standard plus two days (column 5); and the AACT standard plus 5 days (column 6). The AACT target for Budgeting Loans and SSMG were changed during 2017-18. The Budgeting Loan target was changed to reflect the challenges due to the increase in the number of claims. The change in the SSMG target relates to the assessment method of Universal Credit. The ongoing model for the measurement of FEP performance going forward is currently being reviewed. As a consequence some figures are not available for 2017-18.

Management Information System Programme (MISP) and Social Fund Computer System (SFCS) are Departmental performance management, data capture and reporting tools. In accordance with the UK Statistics Authority's Code of Practice, this type of internal management information does not form part of the official statistics outputs that are released by the Department.

5. Financial management

Background

- 5.1. Payments from the regulated Social Fund are based on eligibility. Regulations prescribe the circumstances and amounts that are payable.
- 5.2. National cash-limited budgets are allocated for Budgeting Loans.

The 2017-18 Discretionary Social Fund budget recoveries

- 5.3. £550.4 million (£504.3. million from Budgeting Loans, £46.1 million from Crisis Loans) was recovered through the repayment of loans.

The 2017-18 Regulated Social Fund budget recoveries

- 5.4. £0.1 million of Funeral Expenses Payments was recovered from estates.

6. Summary of financial performance

- 6.1.** In 2017-18 the Social Fund provided payments of just over £625.3 million, with an additional amount, of approximately £2 billion for Winter Fuel Payments paid in Great Britain to just under 12 million households.
- 6.2.** Compared to 2016-17 the 2017-18 figures show:
- Applications received for Sure Start Maternity Grant have decreased 10.36% from 112,000 in 2016-17 to 100,400 in 2017-18.
 - The proportion of Sure Start Maternity Grant decisions resulting in an initial award increased slightly in 2017-18 to 50.3% from 49% the previous year.
- 6.3.** Gross expenditure on Sure Start Maternity Grant for 2017-18 was £25.6 million.

The 2017-18 Budgeting Loans budget

- 6.4.** In April 2017, a single national Budgeting Loans budget of £448.3million was allocated, composed entirely of loan recoveries. Budgeting Loan payments were able to increase beyond the initial budget due to the availability of increased loan recoveries achieved during the year to finance them.
- 6.5.** Loan recoveries during the year were £504.3 million against a forecast recovery of £496 million at the beginning of 2017-18. Recoveries provided 100% of the funds needed to meet gross loans expenditure.

SSMG, FEP, BL and CL figures for gross expenditure, recoveries and net expenditure are taken from Social Fund Account 2017-18.

CWP figures for gross and net expenditure are taken from Social Fund Account 2017-18.

The figure for CWP awards is derived from the gross expenditure figure. This figure reflects the number of CWPs awards paid during the 2017-18 financial year, rather than the 2017-18 Cold Weather season, which can differ due to the timing of payments.

The CWP eligible caseload is also subject to change over the duration of the Cold Weather season. As a result, this figure is different to previously published estimates of awards for 2017-18.

Key

SSMG = Sure Start Maternity Grant FEP = Funeral Expenses Payment BL = Budgeting Loan
CWP = Cold Weather Payment CL = Crisis Loan

Notes

1. The average Sure Start Maternity Grant award is higher than the award value of £500 to reflect the additional award made for multiple births.
2. There is no requirement to claim Cold Weather Payments.
3. The Budgeting Loan award figures do not include awards made after review, reconsideration or appeal. However, the gross expenditure figure does include such awards.
4. For Sure Start Maternity Grants and Funeral Expense Payments, the average award value is calculated by dividing gross expenditure by the number of awards (including awards made on review, reconsideration or appeal).
5. The average Cold Weather Payment award is the amount paid to each qualifying individual every time an award is made. Qualifying individuals may receive more than one payment during each CWP season.
6. For Budgeting Loans, the average award value is calculated by dividing initial expenditure (which excludes the value of awards made on review, reconsideration or appeal) by the number of initial awards. The initial expenditure figure is not shown.
7. Differences between applications received, initial decisions, awards and initial refusals are due to applications being withdrawn; applicants rejecting or not responding to loan offers; and decisions outstanding at the time of the count.
8. The net expenditure for Budgeting Loans is negative as total recoveries have exceeded gross expenditure in 2017-18.
9. The Crisis Loan scheme ended in March 2013; the recoveries shown are in respect of outstanding loans made prior to this date.
10. Figures may not sum due to rounding.

Annex 2a: Sure Start Maternity Grants and Funeral Expenses Payment – Awards by Claimant Group

| Claimant Group | Sure Start Maternity Grants | | Funeral Expenses Payment | |
|---------------------|-----------------------------|-------------------|--------------------------|-------------------|
| | Awards (000) | % of Total Awards | Awards (000) | % of Total Awards |

Notes

1. Claimant group definitions are given in Annex 10.
2. These tables include awards made after review, reconsideration or appeal.
3. If an award is made to a claimant who received more than one qualifying benefit or tax credit, then the award is recorded under the qualifying benefit or tax credit which appears first in the table.
4. Figures may not sum due to rounding.
5. ~ represents volumes less than 50 or percentages less than 0.5%.
6. Awards are rounded to the nearest 100, percentages to the nearest 0.1%.

Annex 2b: Sure Start Maternity Grants and Funeral Expenses Payment – Awards by Qualifying Benefit

| Qualifying Benefit | Sure Start Maternity Grants | | Funeral Expenses Payment | |

| Unknown | ~ | ~ | 0.4 | 1.4 |
| Total | 50.5 | 100 | 25.5 | 100.0 |

Notes

1. Claimant group definitions are in Annex 10.
2. These tables include awards made after reconsideration or appeal.
3. If an award is made to a claimant who receives more than one qualifying benefit or tax credit, then the award is recorded under the qualifying benefit or tax credit which appears first in the table above.
4. Figures and percentages may not sum due to rounding.
5. ~ represents less than 50 or percentages less than 0.5%.
6. Awards are rounded to the nearest 100, percentages to the nearest 0.1%.
7. Awards for which a qualifying benefit is not recorded on the DWP Policy, Budget and Management Information System are categorised as "Unknown".

Notes

1. Cold Weather Payments are paid automatically – eligible recipients do not make a claim to receive payment.
2. A Cold Weather Payment is made to an eligible customer when the average temperature has been recorded as, or is forecasted to be, 0°C or below over seven consecutive days at the weather station linked to the customer's postcode (when the temperature criterion is met, the weather station is said to trigger).
3. Cold Weather Payments are made to benefit units. A benefit unit can be a single person or a couple and can include children.
4. Cold Weather Payment figures are taken from Departmental records.
5. The number of eligible benefit units linked to each weather station is an estimate.
6. The number of payments and expenditure are estimates and do not include payments made clerically.
7. The number of eligible benefit units and payments made are rounded to the nearest 100.
8. The weather stations are mapped to Parliamentary Constituency by postcode.
9. Most weather stations will cover areas in more than one Parliamentary Constituency.
10. Figures may not sum due to rounding.
11. The total number of payments differ from Annex 1 (which are taken from The Social Fund Account), whereas these figures are based on estimates for eligible recipients.

| Y & H Sheffield | 116,600 | 91,500 | 36.6 |

Notes

1. Summing expenditure will give a different total figure to that in Annex 1 as data is obtained from the Policy Budget and Management Information System rather than the Social Fund Account 2017-18.
2. The award figures do not include awards made after review, reconsideration or appeal. However, the gross expenditure figure does include such awards.
3. Applications and awards are rounded to the nearest 100; expenditure is rounded to the nearest £100,000.
4. Figures may not sum to the national totals shown elsewhere due to rounding.

Annex 5 : Budgeting Loans – Expenditure by Claimant Group

| Claimant Group | Budgeting Loans | |
|----------------|------------------|-------------------|
| | Expenditure (£m) | % of Total Awards |
| Pensioners | 22.7 | 5 |
| Unemployed | 92.9 | 20.6 |
| Disabled | 135.7 | 30.1 |
| Lone parents | 160.2 | 35.6 |
| Others | 38.8 | 8.6 |
| Total | 450.3 | 100 |

Notes

1. Total expenditure figure differs from Annex 1 as data is obtained from the Policy Budget and Management Information System rather than the Social Fund Account 2017-18.
2. Claimant group definitions are given in Annex 10.
3. Expenditure includes awards made on review, reconsideration or appeal.
4. Expenditure figures are rounded to the nearest £100,000; percentages to the nearest 0.1%.
5. Figures may not sum due to rounding.

Annex 6: Budgeting Loans – Initial Awards by Family Composition

| Family Type | Number of awards (000) | Gross Expenditure (£m) | Average award (£) | % of total number of awards | | % of total gross expenditure | |
|---------------------------------------|------------------------|------------------------|-------------------|-----------------------------|---------|------------------------------|---------|
| | | | | 2016-17 | 2017-18 | 2016-17 | 2017-18 |
| Single person, no children | 481.7 | 138.3 | 287 | 44.9 | 44.0 | 30.6 | 31.0 |
| Couple, no children | 60.5 | 22.4 | 371 | 5.8 | 5.5 | 5.1 | 5.0 |
| Single person or couple with children | 551.4 | 285.6 | 518 | 49.3 | 50.4 | 64.3 | 64.0 |

Notes

1. Summing expenditure will give a different total figure to that in Annex 1 as this data is obtained from Policy Budget and Management Information System rather than the Social Fund Account 2017-18.
2. There were around 2,000 records where the information used to determine family type was not recorded. These figures are not included in the above table, and so these figures will not produce the same totals as in other Annexes. The records not included account for 0.2% of the total number of awards.
3. This table does not include awards or expenditure made on review, reconsideration or appeal.
4. Award volumes are rounded to the nearest 1,000; expenditure to the nearest £100,000; average award values to the nearest £1 and percentages to the nearest 0.1%.
5. Figures may not sum due to rounding.

| Total | 414 | 427 | 96 | 331 | 73 | 22% |

Notes

Percentage found in favour at hearing is based on the number heard and decided at hearing.

The data is a subset of official statistics.

Annex 10 : Client Groups

Social Fund payments are wide-ranging from payments to help with intermittent unexpected expenses (mainly to those in receipt of qualifying benefits), to payments aimed at certain groups to help with particular events. The fund does not therefore fall exclusively into any one of the Departmental client groups of Children, Working Age and Older People, although Social Fund payments are either paid to, or benefit, all of these groups. Some statistics in this report are shown by applicant or claimant groups that fall into one or more of the wider client groups.

Applicant or Claimant Group definitions

Pensioners Includes:

- applicant or partner at minimum state pension age or over with Pension Credit
- applicant or partner at minimum state pension age or over in receipt of state retirement pension

Includes also where applicant is under minimum state pension age and partner is:

- minimum state pension age or over with Income Support (IS) pensioner premium
- 80 or over with IS higher pensioner premium
- minimum state pension age to 79, disabled with IS higher pensioner premium

Unemployed Includes:

- unemployed or with training allowance.

Disabled Includes:

- in receipt of Employment and Support Allowance
- applicant or partner aged under minimum state pension age with IS disability premium
- lone parent with IS disability premium
