Error Code	Error Report	Solution
E00600	**Second DAN entered requires VAT declaration**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00601	**Groupage is not allowed on a New Export declaration**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00602	**Exports Use indicator inconsistent - contact Data Mgt Support**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk.
E00603	**Only a single CAP Refund Tax Line is permitted on an Item**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00604	**TECS District No is required**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00605	**Trader does not exist at this EPU**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00606	**UCR required with Part number**	UCR part no has been entered - Trader must enter full UCR no
E00607	**Entry Reference is not suitable for Export movement**	If simp proc. Export does not need to be arrived = customs may be trying to arrive it..
E00608	**TURN on role is not referenced on the declaration as Cnsgr or Declt**	This refers to Supplementary declarations where the inland trader is making a declaration and is not completing his EORI in either the consignor field or the declarant field.. The trader making the Supplementary declaration must have their TURN on the entry.
E00609	**Tax Line Declaration required - retaliatory rate in force**	A retaliatory rate may have been introduced to the commodity code for example 22/6/18 a retaliatory rate on steel was introduced.
E00610	**Local Control Office Schemes incompatible**	Check that only one doc code and one IP scheme reference is being input. If two are declared this is what is causing the error.
E00611	**Second Local Control Office Scheme & Authority incompatible**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00612	**A Bulk Export dummy TURN may only be declared in the Consignor field**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00613	**Country must be an Accessionary State**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00614	**Item Request Identifier & Reason For Security incompatible**	If completing RFS i.e 2M, then the IR field needs to be completed i.e. H or an equivalent.
E00615	**Reason For Security & Entry Type incompatible**	A possible scenario is that Reason for Security (RFS) code RS= 6M has been quoted on ISAD. RFS 6M is only for use on C21.

Error Code	Error Report	Solution
E00616	**Document Declaration & Reason For Security declaration incompatible**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00617	**Bulk Exports and Registered Consignors may not be mixed on an entry**	For further information contact the CHIEF Operations Team at chief.operations@hmrc.gsi.gov.uk
E00618	**Tax Line & Security declaration incompatible**	**a**] Could be software related . Advise agent to try Human Computer Input (HCI). **b**] Is the trader using the correct CPC. **c**] One error condition for this is to be using a secured MOP instead of an outright MOP eg trying to secure excise on CPC 710002 RFS probably required when quota is critical. **d**] Also tax type 473 requires RFS (box 44) to be completed when a secured MOP has been used (beer duty). Possible RFS required i.e 5M. Tax line may have been declared with the incorrect docs code, i.e if they are claiming the Turkish preference then the correct docs code needs to be input. Also if declaring security CHIEF may require RFS=5M in the AI field.
