12th September 2018 Our Ref: FOI2018/09502

Dear [REDACTED],

Thank you for your email of 17th July 2018. You asked:

I would like to make a freedom of information request for any information held relation to ex MOD vehicles with the following VRN/registrations from the MERLIN Archive and JAMES Maintenance Records:

38KL38, 32KK27, and 31KK40.

Second Request -

I would like to make a freedom of information request for Repair Actions and Usage Reports held in relation to ex MOD vehicles with the following VRN/registrations:

38KL38, 31KK40, and 32KK27

On the 6th August 2018 you subsequently withdrew the MERLIN element of your request.

I am treating your email as a request for information in accordance with the Freedom of Information Act 2000. Please find the information you requested below.

Some of the information you have requested falls within the scope of the absolute exemption provided for under Section 40 (Personal Information) and partially within the qualified exemption provided for at Section 26 (Defence) of the FOIA and has been withheld.

Section 26 is a qualified exemption and subject to public interest testing, which means that the information requested can only be withheld if the public interest in doing so outweighs the public interest in disclosure.

Section 26(1)(b) has been applied to some of the information because it contains details which are operationally sensitive and would prejudice the capability and effectiveness of our Armed Forces. Parts of the report disclosed details of an in-service communication system. Any disclosure of this would expose potential vulnerabilities of the system which would undermine the effectiveness and safety of our forces. The balance of public interest was found to be in favour of withholding the information given that, overall, the public interest is best served in not releasing details that would prejudice the security of UK personnel and which would provide tactical advantage to our enemies. It is for these reasons I have set the level of prejudice against release of the exempted information at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance.

If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>

Yours sincerely,

DES SEC Pol Sec Land Equipment
