10 September 2018

Dear XXXXXXXXXXXX,

Thank you for your email of 19 January in which you requested the following information:

- '1 In relation to the 2017 calendar year please state (a) the number of horses euthanised by the MoD and (b) the number re-homed by the MoD.*
- 2. In relation to the 2017 calendar year please state (a) the number of military dogs euthanised by the MoD and (b) the number re-homed by the MoD.*
- 3. For all the horses euthanised please state the name of the horse, the date it was euthanised, and the medical reason for euthanasia. Please provide jpeg computer images if you have them of the three most recently euthanised horses.*
- 4. For all the military dogs euthanised please state the name of the dog and the date it was euthanised, its breed if recorded and whether it was an explosives detection dog and the medical reason for euthanasia. Please provide jpeg computer images if you have them of the three most recently euthanised dogs.'*

I am treating your correspondence as a request for information under the Freedom of Information Act (FOIA) 2000.

A search for the information has now been completed within the Ministry of Defence, and I can confirm that some of the information in scope of your request is held and can be found below and attached. The MOD does not hold JPEG images of the last three Military Working Dogs and the last three Military Working Horses euthanised.

For 2017, I can confirm that 121 Military Working Dogs were rehomed and 41 were euthanised. In the same year, 52 Military Working Horses were rehomed and 14 were euthanised.

Military Working Animals provide an invaluable service to our troops, and every effort is made to rehome them at the end of their service life. Decisions are taken following an extensive assessment of the animals and any potential new home. Sadly, there are some occasions where it is not possible to rehome an animal safely, for example when the animal poses a risk to public safety. In such cases decisions are taken following a full assessment by military veterinarians and dog behaviourist experts.

If you have any queries regarding the content of this letter, please contact this office in the first instance. Following this, if you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

Army Secretariat

Military Working Dogs Euthanised in Service 2017

Serial	Date Cast	Name	Explosive / Detection	Reason
1	19-Jan-17	Maaike	No	Dangerous Temperament
