Persona sheet

15 minutes

Circle your selected persona - there should be a mix per table

Draw their interaction with citizen assemblies

Name (doesn't have to be real):

Age:

Where do they live?

How interested are they in Citizen Assemblies?

How do they respond to change?

What might they say on a typical day?

“ ”

What is their journey to today?

What is their education, family life and employment?

What is their interaction with the service or policy?

Previous experience? Current experience? Reason for their interaction?

What is their wider life like?

Previous experience? Current experience? Reason for their interaction?

Who or what could influence them?

Think about their inner circle, community, organisations, the types of information they value and their links to wider structures and interests.

How can we make it easier to deliver a citizen assembly?

What is the challenge?

Describe your solution:

Who are you designing for?

What support might be needed to make this happen?

What are the main risks and challenges with this approach?

What are the first step to make a citizen assembly a reality?
