13 December 2018

Dear Ms Pickett

**THE TRITON KNOLL ELECTRICAL SYSTEM ORDER 2016 (“the Order”) –
VARIATION OF DEEMED MARINE LICENCE**

On 5 September 2016 the Secretary of State for Energy and Climate Change granted consent for the Triton Knoll Electrical System Order 2016 (“the Order”) which included in Schedule 9 a deemed marine licence (DML) in accordance with Section 149 of the Planning Act 2008.

The Marine Management Organisation (MMO) received a request from Triton Knoll Offshore Wind Farm Limited to vary the DML contained within the Order. On 29 October 2018 a request was received to amend the wording of DML Conditions 7 & 9.

The MMO has now completed its consideration of this request and, in exercise of the powers conferred by section 72(3)(d) of the Marine and Coastal Access Act (2009), has varied the DML. Enclosed with this letter is the Notice of Variation, detailing the amendments, and a copy of the varied DML.

This documentation is also publicly available on the MMO’s website at www.gov.uk/mmo and the Planning inspectorate website at <https://infrastructure.planninginspectorate.gov.uk/>

In accordance with regulation 3 of The Marine Licensing (Notices Appeals) Regulations 2011, you may appeal the notice of variation to the First-tier Tribunal. If you wish to appeal then in accordance with rule 22(1)(b) of the Tribunal Procedure (First-tier Tribunal)(General Regulatory Chamber) Rules 2009 (SI 2009/1976) you have 28 days from the date of the sending of the notice of variation to send or deliver a notice of appeal to the First-tier Tribunal.

Yours sincerely,

Rebecca Reed
Marine Licensing Case Officer
