About Public Health England

Public Health England exists to protect and improve the nation's health and wellbeing, and reduce health inequalities. We do this through world-leading science, knowledge and intelligence, advocacy, partnerships and the delivery of specialist public health services. We are an executive agency of the Department of Health and Social Care, and a distinct delivery organisation with operational autonomy. We provide government, local government, the NHS, Parliament, industry and the public with evidence-based professional, scientific and delivery expertise and support.

Policy refresh: indicators for 2019 to 2022

PHE have published [a proposal](#) for changes to the Public Health Outcomes Framework indicators for 2019-2022. PHE would like feedback from users on this proposal to ensure the changes are helpful and appropriate. You can have your say by completing the [online survey](#). The survey will run for 4 weeks from 21 January 2019 and close on 17 February 2019.

Note: More details on the indicators and their sources can be found in the definitions tab of each indicator in the Public Health Outcomes Framework data tool (www.phoutcomes.info).
