

**EXPLANATORY MEMORANDUM TO**  
**THE FLUORINATED GREENHOUSE GASES AND OZONE-DEPLETING**  
**SUBSTANCES (AMENDMENT) (NORTHERN IRELAND) (EU EXIT)**  
**REGULATIONS 2019**

2019 No. [XXXX]

**1. Introduction**

- 1.1 This explanatory memorandum has been prepared by the Department for Environment, Food and Rural Affairs and is laid before Parliament by Act.
- 1.2 This explanatory memorandum contains information for the Sifting Committees.

**2. Purpose of the instrument**

- 2.1 The purpose of the instrument is to ensure that the relevant legal provisions on fluorinated greenhouse gases and ozone-depleting substances remain operable in law in Northern Ireland, after the UK withdraws from the European Union (“EU”).

*Explanations*

What did any relevant EU law do before exit day?

- 2.2 The laws for Northern Ireland on fluorinated greenhouse gases and ozone-depleting substances currently allow for provisions to limit industrial emissions of gases which could otherwise exacerbate the greenhouse effect and damage the ozone layer. The Department of Agriculture, Environment and Rural Affairs (“DAERA”) is the Northern Ireland Department responsible for these environmental functions. The sectors of industry concerned include refrigeration, air conditioning and fire protection equipment.

Why is it being changed?

- 2.3 It is being changed to make drafting fixes to no longer refer to Northern Ireland or the United Kingdom as being a Member State of the EU.

What will it now do?

- 2.4 The provisions, ensuring that emissions of fluorinated greenhouse gases and ozone-depleting substances are controlled in Northern Ireland, will remain extant. However the provisions will no longer refer to Northern Ireland or the United Kingdom as a Member State of the EU.

**3. Matters of special interest to Parliament**

*Matters of special interest to Sifting Committees*

- 3.1 The instrument is being laid for the Sifting Committees.

*Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)*

- 3.2 As the instrument is subject to negative resolution procedure there are no matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business at this stage.

**4. Extent and Territorial Application**

- 4.1 The territorial extent of this instrument is Northern Ireland.  
4.2 The territorial application of this instrument is Northern Ireland.

**5. European Convention on Human Rights**

- 5.1 As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

**6. Legislative Context**

- 6.1 Laws have already been brought into operation for Northern Ireland on the control of emissions of ozone-depleting substances and fluorinated greenhouse gases. These were the result of European Union requirements.  
6.2 The purpose of this draft legislation is to ensure that the provisions on the control of Northern Ireland's emissions are retained, but also that the references to Northern Ireland and the United Kingdom being part of the European Union are removed.

**7. Policy background**

*What is being done and why?*

- 7.1 This instrument applies to policy areas which are a transferred matter for Northern Ireland under the Northern Ireland Act 1998. No change is being made to policy. This instrument provides the continued ability to ensure environmental protection in the UK when it leaves the EU. The UK Government remains committed to restoring devolution in Northern Ireland. This is particularly important in the context of EU Exit where we want devolved Ministers to take the necessary actions to prepare Northern Ireland for EU exit. We have been considering how to ensure a functioning statute book across the UK including in Northern Ireland for EU exit day in the absence of a Northern Ireland Executive. In the continued absence of a Northern Ireland Executive, the window to prepare Northern Ireland's statute book for EU exit is narrowing. UK Government Ministers have, therefore, decided that in the interest of legal certainty in Northern Ireland, the UK Government will take through the necessary secondary legislation at Westminster for Northern Ireland, in close consultation with the Northern Ireland departments. This is one such instrument.  
7.2 This draft instrument only removes references to Northern Ireland and the United Kingdom being part of the European Union.

**8. European Union (Withdrawal) Act 2018/ Withdrawal of the United Kingdom from the European Union**

- 8.1 This instrument is not being made to address a deficiency in retained EU law but relates to the withdrawal of the United Kingdom from the European Union because it is being made under paragraph 3(2) of Schedule 7 to the European Union

(Withdrawal) Act 2018. The Minister has made any relevant statements in Part 2 of the Annex to this explanatory memorandum.

## **9. Consolidation**

9.1 This is not applicable, as no consolidation is being done.

## **10. Consultation outcome**

10.1 No formal consultations were carried out in respect of the instrument as its purpose is to resolve operability issues in order to preserve and protect the existing policy regime; it will not introduce any new policy.

## **11. Guidance**

11.1 This is not applicable as no guidance would be required for any stakeholders.

## **12. Impact**

12.1 There is no, or no significant, impact on business, charities or voluntary bodies.

12.2 There is no, or no significant, impact on the public sector.

12.3 An Impact Assessment has not been prepared for this instrument because no effects upon people, businesses or the environment are anticipated. This is because the draft instrument only removes references to Northern Ireland and the United Kingdom being part of the European Union.

## **13. Regulating small business**

13.1 The legislation does not apply to activities that are undertaken by small businesses.

## **14. Monitoring & review**

14.1 As this instrument is made under the European Union (Withdrawal) Act 2018, no review clause is required.

## Part 2

### Statements required when using enabling powers under the European Union (Withdrawal) 2018 Act

#### 1. Sifting statement(s)

- 1.1 The Parliamentary Under Secretary of State for the Environment, Dr Thérèse Coffey MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

*“In my view The Fluorinated Greenhouse Gases and Ozone-Depleting Substances (Amendment) (Northern Ireland) (EU Exit) Regulations 2019 should be subject to annulment in pursuance of a resolution of either House of Parliament (i.e. the negative procedure)”.*

- 1.2 This is the case because the instrument does not fall within the categories for which use of the affirmative procedure is required under the European Union (Withdrawal) Act 2018. This instrument will maintain the operability of the relevant legal provisions on fluorinated greenhouse gases and ozone-depleting substances in Northern Ireland, arising from the withdrawal of the United Kingdom from the European Union, as detailed in the main body of this explanatory memorandum.

#### 2. Appropriateness statement

- 2.1 The Parliamentary Under Secretary of State for the Environment, Dr Thérèse Coffey MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

*“In my view The Fluorinated Greenhouse Gases and Ozone-Depleting Substances (Amendment) (Northern Ireland) (EU Exit) Regulations 2019 do no more than is appropriate”.*

- 2.2 This is the case because, as described in section 6.2 above, the provisions on the control of Northern Ireland’s emissions of fluorinated greenhouse gases and ozone-depleting substances are retained, whilst also ensuring that the references to Northern Ireland and the United Kingdom being part of the European Union are removed.

#### 3. Good reasons

- 3.1 The Parliamentary Under Secretary of State for the Environment, Dr Thérèse Coffey MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

*“In my view there are good reasons for the provisions in this instrument, and I have concluded they are a reasonable course of action”.*

- 3.2 These are allowing the provisions in Northern Ireland on fluorinated greenhouse gases and ozone-depleting substances to remain in operation after EU exit Day.

#### 4. Equalities

- 4.1 The Parliamentary Under Secretary of State for the Environment, Dr Thérèse Coffey MP, has made the following statement:

*“The instrument does not amend, repeal or revoke a provision or provisions in the Equality Act 2006 or the Equality Act 2010 or subordinate legislation made under those Acts”.*
