Dear [REDACTED]

Thank you for your email of 4 January in which you requested the following information:

- "1. Army Dress Committee Meeting Minutes from, and including, meeting 358 to date.*
- 2. Document UK/SC/5126 from, and including, Issue 16 (if indeed any were issued) to date."*

I am treating your correspondence as a request for information under the Freedom of Information Act (FOIA) 2000.

A search for the information has now been completed within the Ministry of Defence, and I can confirm that the information in scope of your request is held. Attached are minutes of the 358th Army Dress Committee and Issue 16 of the UK/SC/5126 document, as requested. These are the latest iterations of these documents. Section 40(2) of the FOIA has been applied to some of the information in order to protect personal information as governed by the Data Protection Act 1998. Section 40 is an absolute exemption and there is therefore no requirement to consider the public interest in making a decision to withhold the information.

If you have any queries regarding the content of this letter, please contact this office in the first instance. Following this, if you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

Approved by ADC Decision 4425</p>	<p>HQ RA</p>

Item	Discussion/Decision	Action
<p>Item 6. Intelligence Corps Stable belt</p>	<p>The Committee to authorise a change in the design of the Int Corps stable belt from side fastening leather straps to a metal buckle worn at the front noting that purchase of the belt was optional for all and those personnel with previous styles of INT CORPS stable belt would change through personal choice.</p> <p>Decision. Approved by ADC. Decision 4426</p>	<p>HQ Int Corps</p>
<p>Item 7. Dress for the Army Sergeant Major</p>	<p>The Committee approved Dress Regulations for the Army SM noting that he will dress as a junior officer of the General Staff but with Army SM rank badge and will remain a member of the General Staff for the remainder of his service.</p> <ul style="list-style-type: none"> a. The standard GS Forage Cap with Staff cap badge but with plain peak – standard Infantry style gold embroidery on peak subsequently when of Field Officer’s rank. b. Plain Service Dress cap without scarlet band. c. No gorget tabs. d. Shoulder cords and boards as for officers but no rank insignia until relinquishing the Army SM appointment. e. 4. PERFORMANCE

- a. Visual Requirement of Finished Insignia
The items are to be compared against the appropriate Standard Pattern for mechanical imperfections and any streakiness or unequal colouring. They are to be viewed, under no magnification, at a distance of between 30cm to 40cm in daylight or in a daylight colour-matching booth. See Table 6 for addition performance requirements.
- b. The application of the finish is to be such as it is to comply with the appearance of the relevant shade Standard Pattern:
Pattern No. 23964 for gilt items
Pattern No. 15456 for silver items
Pattern No. 21861 for regimental bronzed items
Pattern No. 21863A for Royal Marine bronzed items
- c. The colour variation for gilt items is to be judged to either Set A (detailed design) or Set B (plain or inconspicuous design).
- d. Black and chrome items to be to the relevant Standard Pattern in Table 8 for brightness and colour.
- e. Gilt badges and buttons, after removal of the lacquer, shall be unaffected by contact for one minute with a solution of 1 part nitric acid (S.G.1.42) and 2 parts distilled water. The lacquer is to be removed by:
 - I. Steeping the badges overnight in suitable solvent.
 - II. Rinsing in methylated spirit.
 - III. Dipping in boiling water and allowing to dry naturally.

TABLE 6 – ADDITIONAL PERFORMANCE REQUIREMENTS

Property	Requirement	Method of Test
Dry cleaning	No visible change	<ul style="list-style-type: none"> Four sample Items are to be placed in a stoppered flask of a suitable size being half filled with perchloroethylene and placed in a fume cupboard for 2 hours. At the end of this period the samples will be removed and examined. If none of the Items have changed in appearance the Items are acceptable.
Tropical exposure	No visible contrast with the Standard Pattern	<ul style="list-style-type: none"> Four sample items are to be stored in a suitable tropical chamber for a period of 28 days at 32° and 90% RH. After this period if none of the Items have changes in appearance the Items are acceptable.
Abrasion Resistance	The insignia are to have no significant change in appearance.	<ul style="list-style-type: none"> The insignia are to be securely mounted face side down, onto each of the four moving heads of a Martindale abrasion tester. (One convenient method is to remove the thread loop and attach the button directly to the moving head using double-sided tape). The heads are to be mounted onto the abrasion tester and a load of 576gms applied and rubbed against the standard worsted abradant fabric (detailed in Table 7) for 60 minutes. At the end of the test the insignia are to be removed and examined.

TABLE 7 – ABRADANT FABRIC REQUIREMENTS

The Abradant is to be crossbred worsted fabric with the following finished particulars.

	Warp	Weft
Yarn count	R55 tex/2	R74 tex/2
Singles Twist turns/metre	490 ± 20Z	550 ± 20 Z
Folding test turns/metre	470 ± 20 S	410 ± 20 S
Fibre fineness	19 µm	19 µm
Threads/cm	19	12
Mass	185 g/m ²	-

5. PACKAGING and LABELLING REQUIREMENTS

- a. Packaging and package labelling shall be as detailed in the contract conditions.
