Please note that *Forecasts for the UK economy* is a summary of published material reflecting the views of the forecasting organisations themselves and does not in any way provide new information on the Treasury's own views. It contains only a selection of forecasters, which is subject to review. No significance should be attached to the inclusion or exclusion of any particular forecasting organisation. HM Treasury accepts no responsibility for the accuracy of material published in this comparison.

The averages and ranges in this document may be reproduced free of charge in any format or medium providing that it is reproduced accurately and not used in a misleading context. The data remain the copyright of those organisations providing it - permission to reproduce it must be sought from both HM Treasury and the providers of the original data.

Users should note that the Treasury crest (which incorporates the Royal Coat of Arms) may not be used or reproduced for any purpose without specific permission. Permission to use or reproduce the Treasury crest should be sought from HM Treasury.

Forecasts for the UK economy is compiled and co-ordinated by Lior Kohanan. Please direct enquiries on the content of this issue to Lior Kohanan (0207 270 4921, lior.kohanan@hmtreasury.gov.uk).

Medium-term forecasts, February 2019

This edition of the comparison contains 16 new medium-term projections for the calendar years 2019 to 2023, and the fiscal years 2019-20 to 2023-24. The table below summarises the independent average of new forecasts.

2019 and 2020 short and medium-term forecasts may differ. This is due to different samples sizes and definitions e.g. medium-term CPI figure reflects annual, rather than Q4-on-Q4 growth
