

EMPLOYMENT TRIBUNALS

Claimant: Dr A Nabili

Respondent: Norfolk Community Health & Care NHS Trust

JUDGMENT

The Claimants' application dated 12 February 2019 for reconsideration of the judgment sent to the parties on 12 February 2018 is refused.

REASONS

1 The grounds for reconsideration are contained within the Claimant's letter of 12 February 2019 and appears to raise new arguments, as well as some that were advanced at the remedy hearing. There is no explanation why the application is just short of a year out of time. That would be a sufficient ground to refuse the application.

2 However, the matter was considered in February 2018 in great detail, after receipt of evidence and in light of substantial submissions by the Claimant's experienced Counsel. Rule 72 provides that: "If the Judge considers that there is no reasonable prospect of the original decision being varied or revoked ... the application shall be refused ..." Overall, I see no reasonable prospect of the remedy judgment being revoked in this case. I therefore refuse the application in accordance with rule 72.
