II. ADDRESSES AND TRANSPORT

(a) Name and Address of Consignor:

(b) Name and Address of Consignee:

(c) Name and Address of Importer:

III. HEALTH INFORMATION

I, the undersigned Official Veterinarian, hereby certify that:

- (a) the insects and mites in the facility of origin have been inspected prior to shipment and found to be free any clinical signs of disease.
- (b) the insects and mites enclosed in this consignment were bred and grown in a controlled environment
- (c) the insect and mites have been bred and kept under controlled conditions in a facility licenced for the purpose of breeding these insects and mites which is regularly inspected by Defra (the UK competent authority)
- (d) the packaging material, containers, associated products are new and have not come into contact with products or equipment that can contaminate them. All precautions have been taken to prevent contamination with agents that cause disease.
- (e) I have received assurances from the exporter that this shipment of insects is not scheduled to pass through areas where the occurrence of infectious diseases that can be transmitted through the insects and mites is determined.

IV. This certificate is valid for 10 days from the date of signature
