- Name and address of consignee:
- b) Place of destination if different to V a) above:

VI. Health Information

I, the undersigned Official Veterinarian, certify that:

- (a) the semen described above was collected, processed and stored under conditions which comply with the standards laid down in Council Directive 88/407/EEC;
- (b) the semen described above was sent to the place of loading in a sealed container under conditions which comply with Directive 88/407/EEC.
- (c) the semen described above was collected from bulls:
 - (i) *which either have not been vaccinated against foot-and-mouth disease within 12 months prior to collection.
 - (ii) *which have been vaccinated against foot-and-mouth disease less than 12 months and more than 30 days prior to collection, in which case 5% (with a minimum of five straws) of each collection have been submitted to a virus isolation test for foot-and-mouth disease in an approved laboratory (name of laboratory) with negative results.
- (d) the frozen semen was stored in approved conditions for a minimum period of 30 days immediately following collection.
