1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

The Government has confirmed that it will guarantee funding for ESF projects that are contracted by the end of 2020. Whatever the outcome of the EU negotiations, this guarantee will stand. This ensures that UK organisations, such as charities, businesses and universities, will continue to receive funding over a project's lifetime if they successfully bid into EU-funded programmes before the end of 2020, even in the event of a no-deal. Details of the guarantee can be found at the following [website link](#).

All contracted ESF projects must be completed by the end of the programme period in 2023. Each application for ESF will be required to demonstrate that it delivers good value for money and domestic strategic priorities.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term "Managing Authority" will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority's appraisal of each Full Application.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 1 of the Operational Programme: Inclusive Labour Markets** and **Investment Priority: 1.2 Sustainable Integration into the Labour Market of Young People** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposal sets out the requirements for any applicants to consider before applying. Applications against this call will be appraised as part of a single-stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the requirement of reporting on output and result indicators referred to in section 3 of the call for proposal.

1.1 National Context

This priority axis aims to increase participation in the labour market and thereby improve social inclusion and mobility. The Operational Programme identifies the need to address high levels of youth unemployment in specific areas of England this will be delivered through the following Investment priority:

Investment priority 1.2 Sustainable integration into the labour market of young people (ESF), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To support the rise in the participation age by providing additional traineeship and apprenticeship opportunities	The additional support from this investment priority will help more young people enter traineeships and apprenticeships (in areas that do not qualify for the Youth Employment Initiative up to 2018) It will improve the quality of what is offered to individuals by improving recruitment and assessment and engagement with employers. By helping more young participants aged 15 to 24, male and female, who were NEET or at risk of NEET, to take up traineeships or apprenticeships, we will improve movements into work.
To engage marginalised 15-18 year olds and support them to re-engage with education or training	The additional support from this investment priority will help to find and engage young people who are disconnected from mainstream activity in areas that do not qualify for the Youth Employment Initiative. Participants could, for example, be members

	<p>of gangs, care leavers, young lone parents, ex-offenders or young people with learning difficulties. They are likely to require more intensive and tailored interventions. The main result that will be achieved is that more participants will be engaged with education or training on leaving, and this will be measured by the result target.</p>
<p>To address the basic skills needs of young NEETS so that they can compete effectively in the labour market;</p>	<p>The additional support from this investment priority will help young NEETs (in areas that do not qualify for the Youth Employment Initiative up to 2018) to acquire the basic skills necessary to enable them to progress into an apprenticeship, traineeship or other employment. The main result that will be achieved is that more participants will have gained basic skills. There is an output target for participants without basic skills and a result target for participants gaining basic skills.</p>
<p>To provide additional work experience and pre-employment training opportunities to unemployed 18-24 year olds</p>	<p>The additional support from this investment priority will help unemployed 18-24 year olds (in areas that do not qualify for the Youth Employment Initiative up to 2018) to transition into training or sustainable employment (or self-employment). The main result that will be achieved is that more participants will enter traineeships, apprenticeships or sustainable employment (including self-employment) on leaving.</p>
<p>To support young lone parents to overcome the barriers they face in participating in the labour market (including childcare).</p>	<p>The additional support from this investment priority will help young lone parents (in areas that do not qualify for the Youth Employment Initiative up to 2018) to move closer to and into sustainable employment (including self-employment). Support will include assistance with childcare when this has not been covered by public provision, such as Universal Credit. It will also help participants to overcome other barriers, such as low basic skills or lack of confidence. The main result that will be achieved is that more participants will move into sustainable employment (including self-employment). There is an output target for the number of lone parents.</p>

1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 1, Investment Priority 1.2 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

Local Priorities:

Cornwall and the Isles of Scilly's economy faces a number of challenges that are reflected in low wages, low productivity and relatively low skills attainment. The local LEP Employment and Skills Board Strategy and Evidence Base (2016) highlights high and persistent levels of worklessness, pockets of severe deprivation and skill levels that are below the national average as being key issues hindering economic growth.

Cornwall also faces other challenges that can have an impact on outcomes for young people. It is a large rural county with a dispersed population and relatively poor transport links. Key findings from a Department for Education study into barriers to participation in post-16 education or training showed that the main barriers and constraints experienced by young people relate to finance, transport, availability of provision and their knowledge and awareness of the post-16 options available to them. Young people who live in rural areas have significantly increased odds of experiencing transport as a barrier or constraint than similar young people who do not live in rural areas. Access to provision is a significant issue for young people living in the Isles of Scilly, where post-16 learners travel to the mainland to access learning.

Official labour market statistics data from the Office for National Statistics shows that as at December 2018 there were 1415 Jobseekers Allowance (JSA) claims for young people under the age of 25. This is a higher percentage than the South-West and youth unemployment is still a concern, with a larger percentage of long-term unemployed compared with the overall claimant rate. There is also clear evidence of the seasonal nature of youth employment and that young men are more likely to be unemployed than young women.

Within the Cornwall and Isles of Scilly Local Enterprise Partnership area there is a significant variation across year groups, ranging from 2.4 per cent not in employment, education or training (NEET) in Year 12 to 6.3 per cent NEET in Year 13. Local tracking data shows there are significant geographical variations, with high proportions of NEET young people in the Camborne and Redruth, Liskeard and Looe and Bodmin areas.

Cornwall's 16–19 review highlighted that, whilst there are a range of work experience opportunities and activities for young people, the lack of suitable employment is a concern. Meeting the needs of vulnerable groups also remains a challenge, as young people with learning difficulties and disabilities (LDD) make up over a third (35 per cent) of the NEET cohort

Call Outline

This call aims to improve progression into the labour market for young people aged 15 to 24 who are NEET or at risk of becoming NEET, through innovative and vocationally-based skills activity leading to employment or further training/education opportunities. The objective of this call is to address the issue that some young people are not attaining the skills levels or qualifications needed to obtain sustainable employment. Specifically, this call will address low academic performance by raising qualification and skills levels.

Although the following list is not definitive applicants should consider: -

- Track, engage, assess, support and monitor young people who are NEET (e.g. through intensive, innovative, holistic and tailored outreach work) so they can benefit from the programmes on offer in the local area
- Broker opportunities with local employers to employ young people who are NEET (including those with complex barriers) e.g. to support them to access traineeships, apprenticeships, work experience and supported internships for young people with special educational needs and disabilities. Also offer support for employers to take on young people NEET.
- Support re-engagement activities to address the needs of target groups such as: young lone parents; looked-after children and care leavers; carers; ex-offenders; those involved in gangs; and young people with special educational needs and disabilities and/or mental health issues.
- Foster an aspirational and enterprising culture amongst young people by supporting them to acquire skills (basic, intermediate and technical) needed by employers
- Increase participation in traineeships and apprenticeships
- Provide opportunities to link learning to work experience including volunteering
- Provide support and a range of soft skills to disadvantaged young people to overcome the barriers to engagement, such as lack of childcare, transport, confidence building, motivation and health issues.
- Development and delivery of innovative and employer led routes into traineeships, apprenticeships and supported internships for young people with learning difficulties and disabilities giving them opportunities to gain experience in the workplace
- Job coaching and wraparound support where appropriate
- Work related learning and experience, employer master classes, etc – developed and delivered in partnership with employers
- Employability skills, workplace literacy, numeracy and digital skills
- Work with colleges and independent training providers to encourage them to develop appropriate traineeship and supported internship programmes
- Broker opportunities including support for employers to give them the understanding and skills to recruit and employ young people, in particular those with SEND, in work placements, traineeships, apprenticeships, supported internships and or emerging T-levels
- Support, both practical and financial, for young people's travel needs

- Develop effective youth engagement models ensuring young people have a voice in their development and opportunities

Applicants must be able to demonstrate: -

- How they have consulted with Council of the Isles of Scilly's Learning and Development team and consequently demonstrate how they will overcome logistical and financial challenges in order to deliver high quality opportunities to a) small cohorts on the Isles of Scilly and/or b) ensure funding is available so that individuals can access opportunities on the mainland. If you are not proposing to deliver on the Isles of Scilly please provide your reasons why.
- Clear linkages and alignment with ERDF and ESF, specifically Ambitions (IP1.2 NCS CEIAG for Young People) and Gamechanger (IP1.2 Young People First) funded programmes aimed at supporting businesses and individuals. These may include Growth Hub and/or Skills Access Hub.
- Clear linkages and alignment, but not duplication, with other mainstream funded programmes aimed at delivering development and skills based programmes. These might include both current and emerging projects offering a coordinated approach to support and progression.

Strategic Fit

The ITI Strategy (April 2016) can be found at [C&IoS ITI Strategy](#) This activity has the following strategic fit with the C&IoS ITI Strategy:

Conditions for Growth Objective 5: To improve progression into the labour market

The ESF Operational Programme 2014-2020 (Page 42) has identified that ESF will promote employment for all by providing support mechanisms and benefits that incentivise work and reduce worklessness, to ensure that individuals can fulfil their potential within the labour market.

Consortia/Partnership Applications

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be submitted by a lead organisation on behalf of the partnership/consortia and the lead applicant must have the financial capacity to meet the required Due Diligence criteria.

Details of the local ESIF Strategy can be found at: [C&IoS ITI Strategy](#)

1.3 Scope of activity

This call invites Full Applications which support the delivery of Priority Axis 1, **Investment Priority 1.2 Sustainable Integration of Young People into the Labour Market** of the European Social Fund Operational Programme and responds

to the local development need set out in the Cornwall and Isles of Scilly Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

2. Call Requirements

All applications are competitive

Indicative Fund Allocation:	<p>Indicatively, through this call the Managing Authority expects to allocate approximately £2,200,000 ESF.</p> <p>The Managing Authority reserves the right to increase or decrease the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p>
Minimum application level	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £550,000 of European Social Funding to any single project.</p> <p>Applications requesting an ESF amount below the 'Minimum Application Level' will be rejected.</p>
Duration of project	<p>Projects must be completed no later than 3 years and 6 months after the proposed project start date; however, the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.</p> <p>All ESF Projects must be completed by 31st December 2023. Project costs cannot be incurred beyond this date.</p> <p>NOTE: Delivery of activities and associated costs can be incurred up to and including 31st December 2023, with the full and final claim expected no later than February 2024.</p>
Geographical Scope	<p>All interventions should be focused on activity and beneficiaries within the Cornwall and Isles of Scilly Local Enterprise Partnership area.</p>
Specific call requirements	<p>This is a call for ESF activity.</p>
Call Deadlines	<p>For this specific call, applications will be appraised following closure of the call. Applications received after the published call close date will not be considered.</p>

Application selection	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to offer ESF funding where a project complements other activity or provides niche activity to target groups within the ESF Operational Programme.
Applicant proposals	These can only contain activities which are eligible for ESF.
Eligible match funding	Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. The applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.
Procurement	All procurement must be undertaken in line with EU regulations.
State Aid law	Applicants must demonstrate compliance with State Aid law.
Audit/ Compliance	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

Investment Priority	1.2 Sustainable Integration Of Young People Into The Labour Market
Specific Objectives	Sustainable integration into the labour market of young people (ESF), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee
Indicative Actions	ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.

	<p>Examples of actions for all young people who are NEET or at risk of becoming NEET include:</p> <ul style="list-style-type: none"> • literacy, numeracy, ICT and employability provision to ensure that individuals have the basic skills needed in all jobs and to help them prepare for apprenticeships and progress through other routes to gaining higher skills; • support which complements other skills provision, such as crosscutting and 21st century skills, including team working, effective communication, problem solving, critical thinking and self-direction; • training and vocational qualifications to equip young people for specific jobs; • support for young women to enter non-traditional sectors (e.g. construction) which addresses barriers to entry e.g. to apply for apprenticeships; • community and informal learning to engage young people who have struggled at school and encourage them to access more formal learning; • intermediate labour market activity to provide a structured and supportive environment where young people can gain work experience; • using self-employment as a route out of worklessness, including providing advice and support for self-employment.
--	--

Results

ID	Result Indicator	Minimum Target value for this call
R3	Participants gaining basic skills	4% (applies to all Categories of Region)
R5	Participants (below 25 years of age) in employment, including self-employment, or education/ training upon leaving	55% Less Developed
ESF-CR06	Participants in employment, including self-employment, 6 months after leaving	31% Less Developed

Output

ID	Output Indicator	Total Minimum target value for this call	Men minimum target value	Women minimum target value
O2	Participants (below 25 years of age) who are unemployed or inactive	1375	674	701
ESF –CO01	Unemployed, including long-term unemployed	845		-
ESF – CO03	Inactive	530	-	-
O5	Participants from ethnic minorities	25	-	-
ESF - CO16	Participants with disabilities	280	-	-
O6	Participants without basic skills	290		
ESF - CO14	Participants who live in a single adult household with dependent children	125	-	-

Outputs and Results Rationale

Applicants must explain in detail in their Full Application how they have estimated each of the outputs and results for their project, demonstrating clearly how each of the proposed outputs and results directly link to their specific project activities and objectives.

Applicants must also explain their approach for forecasting each deliverable; including the specific base-lining/research they have undertaken to ensure their projected profiles are realistic and achievable and any assumptions they have made which impact on their forecasts.

Where an applicant is proposing one or more output or result figures below the expected minimum target value for this call, an explanation must also be provided by the applicant in their Full Application.

ESF Outputs and Results Indicator Definitions Guidance is available on GOV.UK [here](#).

Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and

qualitative performance across the Cornwall and Isles of Scilly LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'Document Checklist' section prior to submitting a Full application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 80%. This means ESF can contribute up to 80% of the total eligible project costs, subject to State Aid regulations. The remaining 20% or more must come from other eligible sources. For all full applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF

and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

4.4 Cross Cutting Themes

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

Applicants are strongly encouraged to exceed the cross cutting theme requirements detailed in the Operational Programme. The ITI Board will seek to provide its support to projects that:

- demonstrate how the application will embed cross cutting themes good and best practices into the proposed project's activities

- make reference to the Inclusion Strategy and the Environmental Growth Strategy outlined in the Cornwall and Isles of Scilly Integrated Territorial Investment Strategy.

To support applicants, the Access to the Programme Team, funded by technical assistance, offer free specialist cross cutting themes support for applicants and can be contacted on: accesstotheprogramme@cornwalldevelopmentcompany.co.uk

4.5 State Aid & Revenue Generation

Applicants are required, in the Full Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.¹ Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

4.6 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

¹ Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

4.7 Procurement

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

4.8 Retrospection

There will be no retrospection for applications made against this call.

For organisations applying for ESF funds through the Single-Stage Application process, the effective date for incurring eligible ESF expenditure will be the day after the relevant open call closing date. Any expenditure incurred by an ESF Direct Bid project prior to this date is ineligible.

However, any expenditure incurred by an ESF applicant, up to and including the date on which an ESF Funding Agreement is fully executed, will be at the applicant's own risk.

5. Application Process & Prioritisation Methodology

The ESF application process is a single-stage process – Full Application only. Applicants must fully complete the Full Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF OP and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;

- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its appraisal is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The appraisal and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants may be subject to due financial diligence checks. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

If, following the appraisal process, an applicant is not satisfied with the ESF funding decision for their project, they can submit an appeal in writing to the ESF Managing Authority.

6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Full Application prior to the call closing date. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: esf.2014-2020@dwf.gov.uk

No applications are to be sent to this email address. Completed full applications must be sent to the email address provided in Section 9 – Document submission.

To support applicants, the Access to the Programme Team, funded by technical assistance, offer free specialist support for applicants and can be contacted on accesstotheprogramme@cornwaldevelopmentcompany.co.uk

No applications are to be sent to this email address. Completed full applications must be sent to the email address provided in Section 9 – Document submission.

7. Key Documents

- Full Application Form
- Full Application Form Guidance
- Financial Annex
- Indicator Annex
- Local Enterprise Partnership area's ESIF strategy; and
- National ESF Eligibility Rules.

8. Document Checklist

The appraisal will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation:-

1. Fully completed **Full Application Form** (Note that Sections 2.7 and 2.8 of the Full Application Form will not be applicable as this is a “one stage” application process);
2. **Financial tables** (if the application is against more than one Category of Region, a financial table for each Category of Region);
3. **Outputs, Results and Indicators tables** (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region);
4. A **visual, high level customer journey** document e.g. flow chart;
5. **Confirmation of match funding** from each funder (confirmation must be in place by the point of formal approval);
6. **Detailed Granular budget breakdown** (All costs must be itemised, eligible, appropriate for the project and profiled across the project period. The granular budget should also include all hourly rate figures, per job role, for staff working part-time or part of their time on the ESF Project – calculated using the 1720 hour rate calculation set out in the [ESF Programme Guidance](#) on GOV.UK. This includes match-funded staff roles);
7. **Equality and Diversity Policy and Sustainability Policy** (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
8. **Independent state aid advice** (if applicable);
9. **Job Descriptions and Organogram** (covering all staff, including any delivery partner and/or match-funded staff posts);
10. **Applicants procurement policy** (if applicable);
11. **Draft SLA with Delivery Partners** (if applicable)
12. **Project level risk register** (this should cover areas such as financial risk, output risks, delivery risks etc. please ensure that the register covers how these risks will be managed and mitigated);
13. **Anti-Fraud Statement** (a statement on how you will deal with suspected fraud in your organisation and if appropriate, with your sub-contractors); and

To enable the Managing Authority to complete the required **Financial Due Diligence** checks (if private or voluntary and community sector), applicant to provide:

- three years’ financial accounts
- Proof of existence - Certificate of Incorporation, Charities Registration, VAT Registration Certificate or alternate form of incorporation documentation;
