Public Health England

Protecting and improving the nation's health

Public Health Outcomes Framework
Data included in 8 May 2019 publication

About Public Health England

Public Health England exists to protect and improve the nation's health and wellbeing, and reduce health inequalities. We do this through world-leading science, knowledge and intelligence, advocacy, partnerships and the delivery of specialist public health services. We are an executive agency of the Department of Health and Social Care, and a distinct delivery organisation with operational autonomy. We provide government, local government, the NHS, Parliament, industry and the public with evidence-based professional, scientific and delivery expertise and support.

1.01i	Children in low income families (all dependent children under 20)	2016	Updated	✓	✓	✓	✓		Child Health Profiles
1.01ii	Children in low income families (under 16s)	2016	Updated	✓	✓	✓	✓		PHOF (published to retain consistency with other sub-indicator)
2.01	**Low birth weight of term babies**								
2.01	Low birth weight of term babies	2017	Updated	✓	✓	✓	✓		Child Health Profiles

Policy refresh: indicators for 2019 to 2022
PHE have published a proposal for changes to the Public Health Outcomes Framework indicators for 2019-2022. The consultation period is now closed and PHE will publish a response later in 2019.

Note: More details on the indicators and their sources can be found in the definitions tab of each indicator in the Public Health Outcomes Framework data tool (www.phoutcomes.info).
