April 2018

Dear XXXX,

Freedom of Information Act (FOIA) Request – 180319010

You asked for the following information from the Ministry of Justice (MoJ):

1. The number of individuals (petitioners) who submitted divorce petitions in 01 April 2016 through to 31 March 2017 across the UK, broken down by

- I) postcode, the first part is sufficient (eg AB1, HG1, NW1), and**
- II) month, or quarter if month not possible**

2. I also request the same as 1 (including I & II) for ancillary relief applications – ie the number of financial orders applied for between 01 April 2016 through to 31 March 2017.

Your request has been handled under the FOIA.

I can confirm that the MoJ holds all of the information that you have requested. However, some of it is exempt from disclosure under section 40(2) of the FOIA, because it contains personal data.

If a request is made for information and the total figure amounts to five people or fewer, the MoJ must consider whether this could lead to the identification of individuals and whether disclosure of this information would be in breach of our statutory obligations under the Data Protection Act 1998 (DPA). We believe that the release of some of this information would risk identification of the individuals concerned.

For this reason, MoJ has chosen not to provide an exact figure where the true number falls between one and five. However, it should not be assumed that the actual figure represented falls at any particular point within this scale; 'five or fewer' is used as a replacement value from which it would be difficult to isolate or extract any individual data.

On that basis I have provided the data you requested in the attached tabulation for the period 1 April 2016 – 31 March 2017.

Notes regarding the attached data.

- The data are taken from the Family Court case management system which is a live data base and as such is liable to change over time.

- Figures have been compiled using the latest data available.
- The data has not been checked against specific published statistics or against court files held locally.
- Although care is taken when processing and analysing the data, the details are subject to inaccuracies inherent in any large-scale case management system and is the best data that is available
- Values between 1-5 are shown as “~”, as denoted above.

Outside of FOIA, and on a discretionary basis, I can tell you that MoJ do publish county level data that are based on postcodes at:
