Ref. 2019/02669

26 March 2019

Dear ,

Thank you for your e-mail of 28 February 2019 asking for copies of the paint scheme used on three Tornado aircraft. Specifically, you requested:

"I've been working on to make my own printed copy of Tornado GR4 picture with Panavia Tornado titles on (please find the attached below). However, nowhere on the web could I find the .ai format or high-resolution file of Tornado GR title (also 1982-2019 title on ZG752) highlighted as red in pictures below. So I am asking if by any chance, would it be possible to 1) obtain a digital format of those titles (.ai or .psd preferably) and 2) can I also have the actual illustration of tail arts applied on ZD716 and ZG775..."

I am treating your correspondence as a request for information under the Freedom of Information Act 2000. A search for the information has now been completed within the Ministry of Defence and I can confirm that information within the scope of your request is held.

As requested please find attached digital versions of the artwork applied on Tornado aircraft. You should note that the artwork is not specific to ZG752, ZD716 or ZG775 but the overall scheme and markings are the same.
