What is this document?

Civil Service Learning Catalogue - A content and reference guide

This interactive PDF provides detailed information on the learning products available to Civil Service Learning customers, through Crown Commercial Services Framework.

The resource has been created to enable Departments and Agencies to access products where 'Commissioners of Learning' are not in place.

It has been designed to help you see with ease:

- What the offer is by topic heading
- What type of learning opportunities are available – e.g. classroom, e-learning, virtual classroom
- The prices of the learning opportunities

The frequency and available locations of all courses can be obtained by calling or emailing our helpdesk.

Our offering is subject to change as we review and grow our learning catalogue. This includes, but is not limited to, ensuring we have accommodated any content or accreditation changes, where applicable.

Regular updates will be made, and further versions will be distributed as these changes occur.

Want to get started straight away?

Use **CTRL + F** to quickly search this document for course titles.

Otherwise, carry on to the next page for full instructions on how to use this document.

For bookings please email us at:

How to use this document

Welcome to your CSL Learning & Development catalogue

From here you can access a wide range of learning opportunities.

In order to find the learning you are looking for simply click on the relevant topic in the Category Index, e.g. Project Delivery. You will then be presented with an alphabetical list of the learning available.

When contacting Learning Services to make a booking, please specify the following:

- Full name
- Department/organisation
- Email address and phone number
- PO number
- Name and email address of manager
- Product name
- Product ID
- Preferred dates
- Location required

N.B. If you are booking a closed course, please also confirm whether you require us to book a venue.

For more help booking, [click here](#).

Quick terminology guide:

Mode – Refers to the method of course delivery. This could be face to face, eLearning, or a blend.

Various Options – For some closed product offerings, you will notice that the supplier names, prices and locations are not visible. Instead these state “Various Options”. This is because we have multiple suppliers who support the learning across a number of locations. Many learners are undertaking modular pathways and in order to provide continuity, where possible, one or two offerings may be available (potentially with different durations). If you are interested in one of these products, please contact us for further information.

PO number – where this is requested, please ensure that payment for this booking has been agreed in advance as per your departmental process. An invoice will be sent to your department following attendance.

For bookings please email us at:

Booking checklist

In order for your order to be processed quickly and efficiently, please follow this step by step guide to request a course (or courses):

- 1.** Browse courses using the index and categories on page 1 (alternatively, if you know what you're looking for, using the CTRL+F search function will allow you to locate a specific title quickly).
- 2.** Once you have found the course you require, make a note of the Product name and Product ID.
- 3.** Use your normal email account to open a new email to help@knowledgepool.com with the subject line **Public Sector Catalogue Booking**.

4. Into this email, simply include the following information (bullet point/note format is fine as long as everything is included):

- Your full name
- Your department and organisation
- Your email address
- Your phone number
- An approved PO number
- Name and email address of your manager
- Product name
- Product ID
- Preferred dates
- Location required

5. Once you've sent this email, one of team will be in touch to confirm your booking.

If you need any further assistance, please contact our team at:
