Companies House does not routinely collate information on companies related to their business activity. However, you may be able to obtain some of the information you require, related to the businesses you are interested in, via our website.

The following is a list of Standard Industrial Classification (SIC) codes, from this list you may find a relevant SIC code for the businesses you are interested in under 'Manufacturing':

<http://resources.companieshouse.gov.uk/sic/>

On our website you will also find our 'free data product':

In this spreadsheet there is a column for SIC codes. By searching the spreadsheet using the 'Edit - Find' function you can enter a SIC code and it will find companies with that code.

As the information you require may be available to you by searching our website and products, I am unable to provide you with the information you have requested. The information is exempt from disclosure under section 21 of the FOIA as it is reasonably accessible to you.
