

Information Released under Freedom of Information Act

Subject: Request for a list of all tech companies with between 200 to 1000 Employees based in the UK

Date Released: 31 October 2018

Summary of request: The applicant requested a list of all tech companies with between 200 to 1000 Employees based in the UK

Information Released

You have requested a list of all tech companies with between 200 to 1000 employees based in the UK.

Companies House does not hold a list of the information that you have requested.

You may be able to find this information yourself from the Companies House free company data product which provides a snapshot of basic company data of live companies on the register.

To be of assistance, this is the link to the product:

http://download.companieshouse.gov.uk/en_output.html

Companies must advise Companies House of their trade description or nature of business by providing a Standard Industrial Classification (SIC) code. To further assist you, I have also inserted a link to the list of SIC codes:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/527619/SIC07_CH_condensed_list_en.csv/preview

I have also included a link to a page on our site that allows you to search for a SIC code:

<http://resources.companieshouse.gov.uk/sic/>

Once you have located an appropriate SIC code from the list for the nature of business concerned, you can search the free data product in column 'AA' and select those companies that match.

With regard to your request for the number of employees, this information is not collated, however this information may be contained in a company's annual accounts, which can be viewed free of charge from our Companies House search service

http://download.companieshouse.gov.uk/en_output.html

I must refuse your request for this information under section 21 of the Freedom of Information Act 2000 as any information that is reasonably accessible to the applicant, albeit on payment of a fee, is exempt information under the Act.
