Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

The Government has confirmed that it will guarantee funding for ESF projects that are contracted by the end of 2020. Whatever the outcome of the EU negotiations, this guarantee will stand. This ensures that UK organisations, such as charities, businesses and universities, will continue to receive funding over a project's lifetime if they successfully bid into EU-funded programmes before the end of 2020, even in the event of a no-deal. Details of the guarantee can be found at the following [website link](#).

All contracted ESF projects must be completed by the end of the programme period in 2023. Each application for ESF will be required to demonstrate that it delivers good value for money and domestic strategic priorities.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term "Managing Authority" will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority's appraisal of each Full Application.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 2 of the Operational Programme: Skills for Growth** and **Investment Priority: 2.2 Improving the labour market relevance of education and training systems** as set out in the ESF Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposal sets out the requirements for any applicants to consider before applying. Applications against this call will be appraised as part of a single-stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 of the ESF regulation (see Appendix A). This will be in addition to the requirement to report on the output and result indicators referred to in section 3 of the call for proposal.

1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

Investment Priority 2.2 - Improving the labour market relevance of education and training systems, facilitating the transition from education to work, and strengthening vocational education and training systems and their quality, including through mechanisms for skills anticipation, adaptation of curricula and the establishment and development of work based learning systems, including dual learning systems and apprenticeship schemes

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To promote improvements in the labour market relevance of skills provision through active engagement with relevant institutions and employers, particularly SMEs and Micro businesses.	The additional support from this investment priority will enable the design of skills provision which will help individuals gain skills and qualifications relevant to the needs of the labour market

1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.2 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

Local Priorities:

The Sheffield City Region (SCR) is seeking to ensure young people and adults are equipped with the skills and support they will need to secure and sustain employment and thereby contribute to, and benefit from, economic growth.

This will be enabled through the effective delivery of employment support and skills provision that is designed specifically to respond quickly and effectively to changing business needs through addressing the complex local needs of locally targeted

communities. The SCR programme seeks to effectively tackle the entrenched issues of economic exclusion, lack of aspiration and multiple disadvantages these communities face.

Applicants are encouraged to facilitate employment and skills opportunities for young people, disadvantaged communities and the long term workless that take account of individual circumstances, health, barriers, social and psychological aspects affecting behaviour and motivation.

The Sheffield City Region has a diverse economy comprising a dynamic core city, important towns and market towns, and a significant rural economy. The City Region encompasses more than 1.8 million people (over 1.1 million aged 16-64) and approximately 700,000 jobs. 76.6% of people are in employment. The two largest authorities in the City Region, in terms of population are Sheffield and Doncaster. Analysis of key indicators demonstrates:

- GVA per employee is 18% below the national average and mean earnings are 17% below the national average.
- Despite lower skills levels than average for England, underemployment is high (12% of all employees and occurs in 41% of businesses), this includes the graduates from our universities in addition to the wider labour market.
- Employers invest less in training than average, for example, 38% of establishments have not trained anyone in their workforce in the last 12 months.
- A shortfall of 30,000 jobs in higher skilled occupations relative to the size of the employment base.

Productivity in the SCR has been declining since 2000 and is circa 84% of the national average. The key determinant of this low productivity appears to be the high proportion of the workforce in low skilled occupations and the low proportions of the workforce in higher skills occupations in each sector.

Certain population groups remain disengaged from the labour market (e.g. ethnic minorities and female participation is lower in some areas within SCR). Unemployment is higher in every age group in SCR compared to the national average and it is particularly high for young people. Earnings in SCR are lower than the national average. Population forecasts reveal there is a significant number of areas experiencing a decrease in population, particularly in areas peripheral to urban areas. Overall the proportion of young professionals is low and concentrated in very small areas in urban centre's

In 2014/15 over 21,000 people started an Apprenticeship in the Sheffield City Region, with the majority at Level 2, only 3.5% at a higher level and with significant BAME under-representation¹.

According to UKCES Employer Skills Survey 2015, the number of companies reporting having skills gaps is 16%, higher than the average in England of 14%, with 6% reporting they are struggling to fill vacancies and 31% are hard to fill. This is in addition to lower than national averages for the number of residents qualified to

¹ Sheffield City Region Labour Market Report – can be found [here](#)

Level 3 and above (51.6% compared to 56.9) and above average figures for the number with no qualifications (8.9%, 8.0% Great Britain average).

SCR has a diverse labour market comprising several urban hubs as well as semi-rural and rural areas. It has strengths in advanced manufacturing, creative, digital, logistics, tech, retail and business services.

Our residents have been critical to this growth and our investment in skills and employment support has driven improvements in productivity. If Sheffield City Region's economy is to continue a trajectory of growth it is critical that as these higher value jobs are created, we have the skilled workforce to fill them. Although there has been progress, Sheffield City Region is the worst performing city region for productivity.

As well as new jobs, the region faces significant challenges around the high levels of replacement demand (especially in some of our more technical sectors such as engineering/manufacturing and construction). Supplying a workforce to meet the replacement demand is a priority for action: to ensure that we have the labour market capacity to fill these roles.

SCR, its 9 local authorities, colleges, and health partners have a complex set of provision, local organisation networks and governance in place of relevance to skills and employments that this support will need to link into and align provision to be effective in our area. 6 Local Integration Boards have been established to strengthen and align skills and employment provision we expect this programme to work in an integrated way with existing provision and through those boards

Strategic economic plan 2015-2025: <https://sheffieldcityregion.org.uk/wp-content/uploads/2018/01/Strategic-Economic-Plan-2015-2025.pdf>

Call Outline

The Managing Authority proposes that 2 strands are issued within this call, applicants can submit applications to deliver one or both of them. The strands have a clear focus on working with educators and business to strengthen skills provision and increase workforce productivity. There should also be innovation and equity of opportunity through active engagement with relevant institutions and employers, particularly SMEs and Micro businesses. Activities will be demonstrably co-designed with local partners, specifically employers and key stakeholders in the FE and HE sector.

Applicants should demonstrate:

- Strong knowledge of the local labour market and the needs of local businesses particularly SME's;
- Strong track record working with business and education in active partnership.
- How activities complement existing provision, thereby adding value. How the provider will integrate with the Local integration board/s to support the local agenda and feedback on progress.
- Providers will be aware of local provision that will be most suitable and signpost/refer appropriately.

- They have identified and targeted areas where there is evidence of demand.
- How a clear succession plan will be developed to establish the activities into mainstream practice.

Applicants should:

- Demonstrate a strong track record of working with the target group(s), understanding their needs.
- Set out how they will support students at Sheffield City Region universities and residents who graduate from Universities outside of the City Region to work with SME's and micro businesses.
- Collaborate with other providers in the locality and those that work with the client group. The Provider must develop a strong working relationship with the Local Integration Boards in the areas they are delivering activity within.
- Work in conjunction with other LEP and ESIF ESF programmes and activity to reduce the number of repeat approaches to participants
- Ensure the programme maximises mainstream provision by working in partnership with other new and/or existing providers.
- Demonstrate excellent partnerships and referral mechanisms with other skills, training and specialist providers

Alignment:

All activities must complement existing provision, thereby adding value. Providers will work with the Local integration board/s to support the local agenda and feedback on progress.

To create a more balanced, integrated and less confusing provision for end users, all projects funded through this Call would be expected to explicitly undertake collaborative working with other local providers to minimise fragmentation in delivery and identify the best solution for participants. Providers will be aware of local provision that will be most suitable and signpost/refer appropriately.

Target Audience

Activities should be focused on support to SME and micro business organisations as the primary target audience, however applicants should also provide information in their Indicator Annex on the total number of participants expected to benefit from the project as a consequence of the ESF project support to SME and micro business organisations. Performance of the ESF Project(s) will then include monitoring against the individual participant target (ESF Output Target O1) as well as the relevant SME Output and Result targets.

Strand 1: Getting on 2 Work

Support for collaborative projects, placements, internships or other activities with SMEs and micro businesses that enable students and graduates to gain industry-relevant experience and skills which can be in turn absorbed to strengthen future course content. Its anticipated that this strand of the call will give SMEs greater access to the range of skills that Higher-Level Apprentices, Masters students and Post-graduates possess, who can then contribute to help sustain business growth.

Applicants should demonstrate how they will work with Higher and Further Education to develop and deliver a programme to support knowledge transfer with a focus on under and post graduate work projects providing meaningful work experience and employer interaction leading to employment and graduate retention. This call will identify and develop knowledge transfer (kt) opportunities with business in the SCR resulting in the transfer of tangible and intellectual property, expertise, learning and skills between academia and the non-academic community at the same time create a work experience and employment opportunities for graduates.

This strand also supports engaging businesses with Universities and Further Education providers, taking an active role in designing a higher levels skills system. The proposal is for projects to support businesses to take on more student and graduate recruitment and placement activity to ensure it meets local needs, has appropriate links between provider and employer and the skills system can respond to future higher-level skills needs (including Higher and Degree Level Apprenticeships).

Activities should drive up the local demand for apprenticeships, traineeships and work placements by supporting businesses to recognise the value of HE/FE student and graduate placements, internships and graduate level employment opportunities and the impact they can have on business growth. Applicants should work with the Growth Hub to develop joined up and consistent messages to promote the uptake of services which will support individuals and support businesses to grow and which should be a free and impartial brokerage service; include matching appropriate HE/FE students and graduate with SMEs to ensure mutual benefit. The creation of better links and integration between Higher and Further Education providers and employers, should result in the development of better progression pathways, resulting in increased awareness of local provision and talent to employers.

Activities should include one or more of the below:

- Work with SMEs and micro businesses to strengthen employment opportunities for graduates from groups disadvantaged in the work place, (For example, mental or physical disability, English as a second language etc.) through knowledge transfer programmes, industry-based projects etc.
- Innovative business and student engagement activities to generate student placements and graduate internships. This will include the delivery of events including a careers show showcasing vocational education, the production of promotional material, generating positive PR and using positive case studies to demonstrate tangible business benefits, as well as skills and employment

campaigns. This should also include promotion in the areas of skills shortages and the SCR growth sectors. To ensure effective marketing to businesses, applicants should ensure they coordinate marketing activities with the Growth Hub and City Region.

- Working with organisations with a large supply base use this network to engage these businesses and deliver supply chain events to promote and stimulate graduate employment opportunities.
- SMEs and educational establishments working together to develop the employability skills of recent graduates (within 6 months of graduating), particularly where they are unemployed.
- Collaborative working between SMEs, micro businesses and education establishments to identify solutions to technical skills gaps and additional or enhanced opportunities for employers to input into the higher-level skills system;
- The identification of opportunities and brokering of work placements, supported internships and links to higher level apprenticeship opportunities with support in retaining graduates and those with higher level qualifications.
- Development of sustainable partnerships with businesses to facilitate knowledge transfer resulting in strong business practice and economic growth.
- Brokering knowledge transfer and graduate project opportunities with businesses, drive to innovate, increase productivity and economic growth.
- Give SMEs and micro businesses greater access to the range of skills that Higher-Level Apprentices, Masters students and Post-graduates possess, who can then contribute towards sustain business growth.

Strand 2: Getting On Made Smarter

Activity should enable businesses to look at a wide variety of factors which may affect retention and progression including;

- Recruitment practices
- Impact of unconscious bias
- Availability of and attitudes towards flexible and part time work
- Work place health
- Values and culture that do not support employees at all stages of their working lives
- Availability of training packages that address issues

The programme/s should reflect current best practice, include brush up skills or technical updating and result in women returning at the same level or higher than their previous role. The programme should be aimed at a variety of levels including senior levels and explore other barriers to returning such as childcare. Work with SMEs and micro businesses singly or in groups to combat gender stereotyping in the workplace.

It will include one or more of the following elements:

- Development and implementation of innovative ways to encourage and sustain good employment practice across the SCR, including approaches to stimulate employment opportunities for disadvantaged groups in the SCR labour market.

- Development and Implementation of innovative ways to share learning between educators, businesses, learners and communities, better progression pathways and create collaboration opportunities.
- Collaborative working between SMEs, micro businesses and education establishments to identify solutions to technical skills gaps and additional or enhanced opportunities for employers to input into the higher-level skills system.
- Development of sustainable partnerships with businesses to facilitate knowledge transfer resulting in strong business practice and economic growth.
- Leadership and management of multi-disciplinary teams and engage industry experts.
- Supporting SMEs and micro businesses to design, run and embed sponsorship programmes which link senior colleagues with junior colleagues from disadvantaged communities to champion their progression in the business.
- Support for SMEs and micro businesses to link with other businesses to share best practice and provide peer support for sponsorship.
- Support for SMEs and micro businesses to set up, run and embed initiatives to enable returners who have taken a career break for caring responsibilities to return to work in a structured and supported way.
- Work with SMEs or micro businesses singly or in groups to combat stereotyping in the workplace.

Target Audience:

Activities should be focused on support to SME and micro business organisations as the primary target audience, however applicants should also provide information on the total number of participants expected to benefit from the project as a consequence of the ESF project support to SME organisations. This information should be recorded in the additional IP2.2 Annex template available on GOV.UK and then uploaded into ECLAIMS as a supporting document as part of their online Full Application. Performance of the ESF Project(s) will then include monitoring against the individual participant target (ESF Output Target O1) as well as the relevant SME Output and Result targets.

Consortia/Partnership Applications

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be completed and submitted in the ECLAIMS IT system by the lead organisation on behalf of the partnership/consortia. The lead applicant must have the financial capacity to meet the required Due Diligence criteria and, if ESF funding is awarded, this organisation will then become the lead Grant Recipient, accountable for delivery of the overall ESF Project.

Details of the local ESIF Strategy can be found at:

<https://sheffieldcityregion.org.uk/wp-content/uploads/2018/01/SCR-ESIF-REFRESH-Feb-2016-Final-v3-1.pdf>

1.3 Scope of activity

This call invites Full Applications which support the delivery of Priority Axis 2, **Investment Priority 2.2 Improving the labour market relevance of education**

and training systems of the European Social Fund Operational Programme and responds to the local development need set out in the Sheffield City Region Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

2. Call Requirements

All applications are competitive.

<p>Indicative Fund Allocation:</p>	<p>Indicatively, through this call the Managing Authority expects to allocate approximately £3,062,551 ESF.</p> <p>If applicable:</p> <p>Approximately 77% - £2,363,702 allocated to the Transition Region</p> <p>Approximately 23%- £698,849 allocated to the More Developed Region</p> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p>
<p>Minimum application level</p>	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact.</p> <p>For the Transition Area the Managing Authority is seeking and will give preference to applications over £590,926.</p> <p>However, in exceptional cases we will consider applications of not less than £200,000</p> <p>For the More Developed Area the Managing Authority does not intend to allocate less than £174,712 of ESF to any single project</p> <p>Applications requesting an ESF amount below the ‘Minimum Application Level’ will be rejected</p> <p>The minimum project size FOR both ESF & match funding, is dependent on the intervention rate determined by Category of Region(CoR); 60% Transition Region & 50% More Developed Region.</p>

	As Sheffield City Region LEP area spans two CoR – Transition and More Developed applicants will need to make it clear in their online Full Application how much of their requested project funding applies to each CoR and ensure that output and result figures are recorded for both CoR.
Duration of project approvals	<p>Projects must be completed no later than 3 years and 6 months after the proposed project start date; however, the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.</p> <p>All ESF Projects must be completed by 31st December 2023. Project costs cannot be incurred beyond this date.</p> <p>NOTE: Delivery of activities and associated costs can be incurred up to and including 31st December 2023, with the full and final claim expected no later than February 2024</p>
Geographical Scope	All interventions should be focused on activity and beneficiaries within the Sheffield City Region Local Enterprise Partnership area.
Specific call requirements	This is a call for ESF activity.
Call Deadlines	<p>For this specific call, applications will be appraised following closure of the call. Applications submitted to the Managing Authority via the ECLAIMS IT system after midnight on the published call close date will not be considered.</p> <p>If the you encounter any technical difficulties completing or submitting your Full Application via ECLAIMS, please send an email to E.CLAIMSSUPPORT@DWP.GOV.UK .</p> <p>Technical support is available Monday to Friday, from 8am to 6pm.</p> <p>It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.</p> <p>If you do not already have ECLAIMS access, to avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS access requests as early in the application process as possible by sending an email to E.CLAIMSSUPPORT@DWP.GOV.UK.</p>

	The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.
Application selection	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to offer ESF funding where a project complements other activity or provides niche activity to target groups within the ESF Operational Programme.
Applicant proposals	These can only contain activities which are eligible for ESF.
Eligible match funding	<p>Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. The applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.</p> <p>For calls covering two Categories of Region the following needs to be included:</p> <p>The intervention rate in the Sheffield City Region LEP Area is 50% in the More Developed areas and 60% in the Transition areas, so 50% of match funding must be provided in the More Developed areas and 40% of match funding must be provided in the Transition areas.</p>
Procurement	All procurement must be undertaken in line with EU regulations.
State Aid law	Applicants must demonstrate compliance with State Aid law.
Audit/ Compliance	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.
Calls listing multiple activity (delete if not appropriate)	The applicant is required to list each activity they plan to deliver, supported by a clear breakdown of costs. Expected outputs and results per activity should be provided.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

Investment Priority	2.2 Improving the labour market relevance of education and training systems
Specific Objectives	To promote improvements in the labour market relevance of skills provision through active engagement with relevant institutions and employers, particularly SMEs and micro businesses.
Indicative Actions	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> • support for collaborative projects, placements, internships or other activities with SMEs that enable students and graduates to gain industry-relevant experience and skills; • building capacity in SMEs to provide project/placement/internship opportunities and enhance the contribution of advanced skills to SME growth, including programmes to specifically engage the most disadvantaged groups or those who face particular local disadvantages in utilising advanced skills; • brokering opportunities to encourage and increase work experience, work placements, traineeships, apprenticeships, and graduate placements particularly through wider employer engagement and involving supply chains; • promoting apprenticeships (especially at advanced levels in manufacturing and other priority sectors) by developing a supportive environment for employer engagement; • developing better links with business to equip students with the skills to start and grow a business to meet local business needs.

Results Table

NOTE: When recording your quarterly profile figures for the following Result in ECLAIMS, please ensure you select the Result drop-down entry with the correct, relevant Category of Region suffix i.e. L = Less Developed, T = Transition, MD = More Developed.

Results - Sheffield City Region (Transition Area)

ID	Result Indicator	Minimum Target value for this call
R9	Small and Medium Enterprises successfully completing projects (which increase employer engagement; and/or the number of people progressing into or within skills provision)	75%

Results - Sheffield City Region (More Developed Area)

ID	Result Indicator	Minimum Target value for this call
R9	Small and Medium Enterprises successfully completing projects (which increase employer engagement; and/or the number of people progressing into or within skills provision)	75%

Outputs Table

NOTE: ESF applicants applying for funding under Investment Priority 2.2 must Provide Output target figures for “CO23 Number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy)” and also for “O1 - Total Number of Participants”.

Target forecasts for CO23 must be recorded directly into the ‘Deliverables’ screen in ECLAIMS.

However, the target figure for “O1 Total Participants” should instead be recorded in the separate IP2.2 Annex, which is available on GOV.UK and which should then be uploaded as a mandatory supporting document in ECLAIMS as part of the Full Application.

When recording your quarterly profile figures for the CO23 Output in ECLAIMS, please ensure you select the CO23 Output Result drop-down entry with the correct, relevant Category of Region suffix i.e. L = Less Developed, T= Transition, MD = More Developed.

Outputs - Sheffield City Region (Transition Area)

ID	Output Indicator	Minimum Target value for this call
CO23	Number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy)	247 (needs to be proportionate to the proposed ESF grant available)
O1	Total number of participants	There is no target value for this call however applicants will be expected to provide a total number of participants the project is aiming to support in both the application and associated IP2.2 Annex.

Outputs - Sheffield City Region (More Developed Area)

ID	Output Indicator	Minimum Target value for this call
CO23	Number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy)	82 proportionate to the proposed ESF grant available)
O1	Total number of participants	There is no target value for this call however applicants will be expected to provide a total number of participants the project is aiming to support in both the application and associated IP2.2 Annex.

Outputs and Results Rationale

Applicants must explain in detail in their Full Application how they have estimated each of the outputs and results for their project, demonstrating clearly how each of the proposed outputs and results directly link to their specific project activities and objectives. The related output and results figures need to be consistent e.g. there should not be more 'Inactive Participant' forecast results than actual Inactive Participants recorded as taking part in the ESF Project in the forecasted output figures.

Applicants must also explain their approach for forecasting each deliverable; including the specific base-lining/research they have undertaken to ensure their projected profiles are realistic and achievable and any assumptions they have made which impact on their forecasts.

Where an applicant is proposing one or more output or result figures below the expected minimum target value for this call, an explanation must also be provided by the applicant in their Full Application.

ESF Outputs and Results Indicator Definitions Guidance is available on GOV.UK [here](#).

Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and

qualitative performance across the Sheffield City Region LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

In addition, applicants applying for ESF funds under I.P 2.2 will be expected to complete a short annex, along with the standard application Full Application form. This is to ensure that full consideration is being given to the 'Value for Money' (VFM). The [Annex for ESF IP 2.2](#) funding calls can be located on the European Growth Funding website pages.

There must be a fully evidenced audit trail for all contracted deliverables.

4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'Document Checklist' (Section 8 of this call specification) prior to completing and submitting their Full Application in the ECLAIMS IT system. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 60% (depending on category of region). This means ESF can contribute up to 60% for Transition and 50% for More Developed of the total eligible project costs, subject to State Aid regulations. The remaining 40% or more (Transition) or 50% or more (More Developed) must come from other eligible sources. For all full applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

4.4 Cross Cutting Themes

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the Full Application screens in the ECLAIMS IT system and the related ESF Online Full Application guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#) and in ESF Action Note 019/18: [New Assessment Scoring Procedures for Equality and Sustainable Development in ESF](#).

4.5 State Aid & Revenue Generation

Applicants are required, in the Full Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.² Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

4.6 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

4.7 Procurement

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and

Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

4.8 Retrospection

There will be no retrospection for applications made against this call.

For organisations applying for ESF funds through the Single-Stage Application process, the effective date for incurring eligible ESF expenditure will be the day after the relevant open call closing date. Any expenditure incurred by an ESF Direct Bid project prior to this date is ineligible.

However, any expenditure incurred by an ESF applicant, up to and including the date on which an ESF Funding Agreement is fully executed, will be at the applicant's own risk.

5. Application Process & Prioritisation Methodology

The ESF application process is a single-stage process – Full Application only.

Applicants must fully complete the Full Application information required in the ECLAIMS IT system (section 9 refers).

The ESF Online Full Application guidance for Applicants, is available on the [European Growth Funding](#) website pages – this document includes step-by-step details of how to record your Full Application information in ECLAIMS, as well as guidance on the depth and content expectations.

Following the call closing date, applications will first be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility
- Activity and expenditure eligibility; and
- The fit with the ESF Operational Programme and the call

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit
- Value for money
- Management and control
- Deliverability
- Procurement / tendering and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its appraisal is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The appraisal and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants may be subject to due financial diligence checks. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

If, following the appraisal process, an applicant is not satisfied with the ESF funding decision for their project, they can submit an appeal in writing to the ESF Managing Authority.

6. Technical Support

All Full Applications for this call **must** be completed and submitted using only the ECLAIMS IT system. Applications submitted via any other method will not be accepted.

If you encounter any technical difficulties completing or submitting your Full Application via the ECLAIMS IT system, please send an email to:
E.CLAIMSSUPPORT@DWP.GOV.UK

It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.

Technical support is available Monday to Friday, from 8am to 6pm.

Please retain evidence of your request(s) for any Technical Support, in case there are any issues arising around this element of the application process which may need further investigation.

Please also note that, as this is a competitive call and to preserve impartiality, other than providing Technical Support, we are unable to enter into correspondence with applicants over their Full Application prior to the call closing date. Details of where guidance can be found are contained throughout this calls document.

7. Key Reference Documents

When developing your Full Application, it is recommended that you refer to the following documents as a minimum:

- ESF Online Full Application Guidance;
- Local Enterprise Partnership area's ESIF strategy;
- National ESF Eligibility Rules;

- ESF Programme Guidance.
- [Annex for ESF IP 2.2.](#)

8. Full Application – Supporting Document Checklist

The appraisal will be undertaken on the basis of the Full Application information submitted by the applicant using the ECLAIMS IT system, together with any supporting documents uploaded into ECLAIMS IT system by the applicant at the point of closure of the call.

As a minimum, applicants should upload the following documentation into the ECLAIMS IT system alongside completion of the required Full Application screens/fields in ECLAIMS.

Failure to upload the requested documentation could result in the application being rejected.

The ESF Online Full Application Guidance explains how documents should be uploaded into ECLAIMS and Annex B of the same guidance explains the naming conventions to be used for each document.

Mandatory Supporting Documents

1. A **visual, high level customer journey** document e.g. flow chart;
2. **Confirmation of match funding** from each funder. Match-funding should be confirmed (with the exception of SME contributions) prior to the issuing of any Funding Agreement;
3. **Detailed Granular Budget breakdown** (All costs must be itemised, eligible, appropriate for the project and profiled across the project period. The granular budget should also include all hourly rate figures, per job role, for staff working part-time or part of their time on the ESF Project – calculated using the 1720 hour rate calculation set out in the [ESF Programme Guidance](#) on GOV.UK. This includes match-funded staff roles);
4. **Equality & Diversity Policy and Implementation Plan** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
5. **Sustainability Policy and Implementation Plan** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
6. **Job Descriptions** at least 1 per lead applicant and 1 per each Delivery Partner;
7. **Organogram** covering all staff, including any delivery partner and/or match-funded staff posts;
8. **Sample HR letter** as per the requirements set out in the [ESF National Eligibility Rules](#) on GOV.UK;
9. **Project level risk register** (this should cover areas such as financial risk, output risks, delivery risks etc. please ensure that the register covers how these risks will be managed and mitigated);
10. **Anti-Fraud Statement** (a statement on how you will deal with suspected fraud in your organisation and if appropriate, with your sub-contractors);
11. Fully completed [Annex for ESF IP 2.2](#);

Optional Supporting Documents

12. **Recruitment Policy** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
13. **Sample Timesheet** applicable if you or your Delivery Partners have members of staff working part of their time on your ESF Project;
14. **Procurement policy** applicable if your ESF project is expecting to incur procurement costs from existing or future procurements and you are not intending to use the 40% Flat Rate Indirect Cost option;
15. **Retention Policy** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
16. **Draft SLA with Delivery Partners** applicable if your ESF Project will have one or more Delivery Partners;
17. **Independent state aid advice** applicable only if you have obtained independent advice to support your quoted ESF project State Aid position;
18. **Proof of Irrecoverable VAT** applicable only if you have Irrecoverable VAT which is relevant to your ESF Project
19. **Due Diligence Financial Information** applicable if your organisation is a private or voluntary and community sector organisation or a Further Education College, you must upload:
 - Financial accounts for the most recent 3 years;
 - Proof of existence - Certificate of Incorporation, Charities Registration, VAT Registration Certificate or alternate form of incorporation documentation;
 - Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
 - Completed FVRA Applicant Template (for applications requesting annualised funding of greater than £1m).

NOTE: The ECLAIMS IT system can accept most standard Office file formats such as MS Word documents and excel documents in the format xlsx.

However, documents which contain macros cannot be uploaded into the ECLAIMS IT system.

In addition, the ECLAIMS IT system cannot accept tables, graphics or other visuals in the narrative fields within the Full Application screens. If you wish to include this type of information as part of your Full Application, you will need to upload this information as part of a supporting document.

9. Full Application Submission

Completed Full Applications must be submitted to the ESF Managing Authority via the ECLAIMS IT system.

Although the ECLAIMS IT system is designed to be intuitive, it is strongly recommended that you closely follow the steps in the ESF Online Full Application

Guidance, published on GOV.UK to give the best chance of you submitting a fully completed, compliant Full Application.

The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.

10. Accessing ECLAIMS

If you do not already have access to the ECLAIMS IT system, please send an email to E.CLAIMSSUPPORT@DWP.GOV.UK as soon as possible.

You should complete a form for **each** individual person in your organisation who will be responsible for completing and/or submitting your Full Application.

Each new ECLAIMS user will then receive an email from an organisation called Datamart – this will contain their unique log-in details. The user will need to follow the instructions within the email to change their password in the first instance. They will then be able to access and use the ECLAIMS IT system.

NOTE: To avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS IT system access requests as early in the application process as possible.

The ECLAIMS IT system is a web based application available through the following link. It is recommended that you use the Chrome browser to access the ECLAIMS IT system, or if this isn't available, Firefox.

<https://ECLAIMS.communities.gov.uk/esif-web/>

11. Timescales

Launch of Call advertised on GOV.UK	20 May 2019
Deadline for submission of Full Application via the ECLAIMS IT System	Midnight 12 August 2019

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Full Application will be notified on the [European Growth Funding](#) website pages.

12. Appendix A – Common output indicators

Appendix A - extract from Annex 1 of the ESF regulation

Common output indicators for ESF investments

Common output indicators for entities are:

number of projects fully or partially implemented by social partners or non-governmental organisations
number of projects dedicated at sustainable participation and progress of women in employment
number of projects targeting public administrations or public services at national, regional or local level
number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy)
