

NOTES ON COMPLETION OF FORM MPF720A - FINAL SUBSIDY CLAIM 2018/2019

GENERAL INFORMATION

These guidance notes are important. Please ensure that you read these notes before completing form MPF720A. Incorrectly completed forms will be returned to the authority and may mean that payments are delayed.

With the exception of certain areas of benefit spending whereby authorities have the most scope to monitor and control costs, subsidy is paid at the rate of 100%. The benefit subsidy arrangements require authorities to keep accurate records of benefit spending falling into the different categories required for subsidy purposes. Authorities need to maintain systems and records in such a way that the individual cases, which make up the benefit subsidy totals in each category, can be identified for verification of accounts and claims for internal audit and auditor certification purposes.

Most of the legal references in these notes refer to the Income-related Benefits (Subsidy to Authorities) Order 1998 which is a standing Order which is updated each year.

DEADLINE FOR SUBMISSION

The deadlines for submission to the Department are as follows:-

- ❑ authority certification deadline: **30 APRIL 2019**
- ❑ reporting accountant's deadline: **30 NOVEMBER 2019**

Local authorities must inform the Department, with reasons, as soon as it becomes apparent that these deadlines cannot be met. The Department will give consideration, in light of reasons provided, to granting deadline extensions **but these will only be granted in exceptional circumstances**.

WHERE THE FORMS SHOULD BE SENT

The completed claim form should be returned by e-mail to: HBSubsidy@dwp.gsi.gov.uk Additionally, a copy of the first page of the claim form (showing the total subsidy claimed) and the local authority certification page must be scanned and emailed as a separate attachment. Details of the e-mail process were given in a separate bulletin in March 2019.

A copy should be retained as your authority's record of the claim.

A hard copy (including both the completed local authority certificate and the appointed auditor's certificate) should be sent to your appointed auditor.

Each copy of the form must hold identical entries.

SIGNING THE FORM

The Responsible Finance Officer must sign and date each copy of the Local Authority Certificate of Entitlement, deleting either the claim for payment or the undertaking to repay subsidy in excess of entitlement as appropriate. Claims cannot be accepted if the Local Authority Certificate is unsigned.

GENERAL NOTES

The PDF version of the form should be completed. The PDF form will complete all necessary calculations and transfer amounts between cells.

Unless otherwise stated, entries for cash amounts must be in whole pounds only, rounded to the nearest pound. Amounts of 50 pence or less should be rounded down and amounts of more than 50 pence should be rounded up.

Zero should be entered in any fields in which there is nil expenditure. Following completion of the form, authorities must click on the “Validate” button on the first page of the form – this will highlight any cells which are blank and allow correction before the form is submitted.

Subsidy should not be claimed in 2018/19 for benefit which is due for a period falling wholly within the financial year 2019/20 but which is issued in the financial year 2018/19 to ensure timeous receipt. Subsidy for those payments should be claimed for the financial year 2019/20. Where a payment is made for a period which bridges two financial years, subsidy should be claimed in the year in which the payment is made.

The recording of overpayments and backdating on the final subsidy claim is as follows:-

- Authorities must ensure that an overpaid amount has been netted before including the figure in the relevant cell.
- **All overpayments must be recorded in the overpayments cells and for current year overpayments only the total expenditure cells as well** – overpayments should not be included in any other cell.
- **Current year and prior year overpayments must be recorded separately. Current year overpayments are those identified in the year relating to benefit paid in the year (including benefit paid in the year but in respect of an earlier year). Prior year overpayments are those identified in the year but relating to benefit paid in an earlier year.**
- **Backdated benefit must be separately identified in cells 038, 078 and 131 but otherwise must be treated in the same way as other expenditure attracting full-rate subsidy** and be included in the relevant cell in each section of the form according to the type of payment made. The relevant regulations are the Housing Benefit Regulations 2006 (Regulation 83(12) & (12A)) and the Housing Benefit (Persons who have attained the qualifying age for state pension credit) Regulations 2006 (Regulation 64(1) & (1A)). Where a backdated award is subsequently found to have been overpaid it should be treated for subsidy purposes as an overpayment.

TOTAL EXPENDITURE (BENEFIT GRANTED) CELLS: 011, 055 and 094

These cells represent the total expenditure for non-HRA rent rebates, HRA rent rebates and rent allowances in terms of benefit granted by the authority during the relevant year. Benefit granted will be more than the amount of benefit physically paid or credited to an account in cases where deductions are made from benefit granted to recover overpayments or excess benefits.

Cells 011, 055 and 094 should exclude the following expenditure (further details are given in Section 8 of the Subsidy Guidance Manual and Article 11(2) of the Income-related Benefits (Subsidy to Authorities) Order 1998):-

- modular improvement scheme (rent rebate only), unless the authority qualifies for exemption;
- rent free weeks and credits;

- awards to tenants;
- prior year overpayments – including recovered Departmental error overpayments;
- uncashed instruments of payment (see section below);
- recovered payments on account which occurred in a previous year;
- expenditure on modified schemes (this expenditure is reported separately in cells 214 and 225).

Expenditure in cells 011, 055 and 094 should include all current year overpayments and the amount by which benefit properly payable (benefit granted) has been reduced because of recovery action by deductions from benefit.

Entries in cells 012 to 015 and 022 to 023 (analysing the total in cell 011), cells 059 to 061 (analysing the total in cell 055) and cells 095 to 110 (analysing the total in cell 094) should be completed on the same basis as the headline cells 011, 055 and 094, that is, based on benefits granted and excluding the categories of expenditure set out above.

Overpaid and backdated expenditure should be recorded in accordance with the previous section.

EXPENDITURE ATTRACTING FULL- RATE SUBSIDY WHICH IS INCLUDED IN THE TOTAL EXPENDITURE CELLS BUT NOT SEPARATELY IDENTIFIED ELSEWHERE: CELLS 023, 061 and 110

These cells represent expenditure that attracts full-rate subsidy but which it is not appropriate to include in another cell. Expenditure should only be included in these cells following a positive decision by an authority that the expenditure cannot properly be included in another cell. These cells should not include a balancing item(s) included to ensure successful in-year reconciliation.

For HRA Rent Rebates all expenditure, except certain categories of overpayment, attracts full-rate subsidy: the entry in cell 061 will therefore include the majority of expenditure. For non-HRA Rent Rebates and Rent Allowances, the form requires expenditure to be analysed over a number of cells which should account for the majority of expenditure: cells 023 and 110 should include only that expenditure attracting full-rate subsidy that cannot be included in another cell.

Reference: Section 13 of the Subsidy Guidance Manual which includes examples of the type of expenditure appropriate to cells 023 and 110. The examples are not exhaustive. Authorities should keep sufficient records and evidence to be able to demonstrate that expenditure is properly included in these cells and should not be reported in other cells.

Uncashed Instruments of Payment

Where it is known that an instrument of payment issued in the financial year will not be cashed, for example, it passes its expiry date, the amount of the payment should be deducted from the relevant total expenditure cell and any other cells in which it has been recorded. Where it is known that an instrument of payment issued in an earlier year will not be cashed and needs to be written back, the subsidy claimed on the original payment must be included in cell 179S and subsequently cell 006. Note: There is no statutory defined expiry period; a maximum of six months is suggested. (Section 8 of the Subsidy Guidance Manual.)

COMPLETION OF CELLS

Cells 001 to 009

Cells 001, 002, 005 and 008 will be pre-populated by the DWP. Cells 003, 004, 006, 007 and 009 will be automatically populated as the rest of the claim form is completed.

SUBSIDY ARRANGEMENTS FOR TEMPORARY OR SHORT TERM ACCOMMODATION WHERE THE LOCAL AUTHORITY IS THE LANDLORD

Cells 012 – 015 cover cases where the local authority is the landlord. The same rules for calculating the maximum weekly subsidy amount apply to temporary or short term accommodation cases where a registered housing association is the landlord (cells 104 - 107). These guidance notes are intended only to provide a general overview of the temporary accommodation subsidy scheme. Please refer to subsidy circular S5/2017 (Revised).

The subsidy payable for cases in temporary or short-term accommodation is the lowest of:

- the amount of HB entitlement in a week (or part-week);
- the maximum weekly amount determined by a formula that uses Local Housing Allowance rates, which varies according to the size, type and location (Broad Rental Market Area (BRMA)) of the accommodation; or
- the upper limit (either £500 or £375 per week) depending on the location of the property.

These subsidy arrangements apply where the local authority provides accommodation to discharge a homelessness function or prevent homelessness. The types of accommodation are:

- board and lodging (also known as B&B) or non self-contained licensed accommodation (cells 012 and 013); and
- short-term leased or self-contained licensed accommodation (cells 014 and 015).

Note that in England, local housing authorities can generally only account for leased accommodation outside their HRA if the accommodation is used to discharge a homelessness duty and the term of the lease does not exceed 10 years.

These subsidy arrangements do not apply where accommodation is provided in a hostel owned by a local authority and held outside the HRA. This expenditure is included in cell 023.

Self-contained accommodation is where none of the following are shared with another household:

- a kitchen,
- a toilet,
- a bathroom.

For board and lodging accommodation or non self-contained licensed accommodation, the maximum weekly amount is the one bedroom self-contained LHA rate (not the shared room rate) for January 2011 for the BRMA in which the accommodation is situated.

For short-term leased or self-contained licensed accommodation, the maximum weekly amount is 90 per cent of the LHA rate for January 2011 for the particular size of property (based on the number of bedrooms) for the BRMA in which the accommodation is situated.

For non self-contained leased accommodation (accommodation with shared facilities) the maximum weekly amount is 90 per cent of the one bedroom self-contained LHA rate for January 2011 for the BRMA in which the accommodation is situated.

The management costs element (£40 per week for local authorities based in London and £60 per week for local authorities outside London) is not eligible for subsidy.

Note that the appropriate LHA rate is based on the size of the property and not the household. For subsidy purposes only, if a property has between two and five rooms (inclusive) that could be used as bedrooms or living rooms, at least one of those rooms must be treated as a living room (not a bedroom). If a property has six or more living rooms / bedrooms, at least two of those rooms must be treated as living rooms (not bedrooms).

The upper limit of £500 or £375 depends on the location (BRMA) of the property.

The £500 upper limit applies only for cases where the accommodation is located in the following BRMAs in London (listed in Schedule 8 of the Income-related Benefits (Subsidy to Authorities) Order 1998):

- Central London
- Inner West London
- Inner North London
- Inner South West London
- Inner East London
- Inner South East London
- Outer South West London

The £375 upper limit applies to cases located in accommodation in all other BRMAs.

No subsidy is payable for any expenditure above these upper limits.

BOARD AND LODGING AND NON SELF-CONTAINED LICENSED ACCOMMODATION

Reference: Article 17 of the Income-related Benefits (Subsidy to Authorities) Order 1998.

This applies where board and lodging or non self-contained licensed accommodation is provided by a local authority as temporary accommodation (to discharge a statutory homelessness function) or short term accommodation to prevent homelessness.

OVERPAID RENT REBATES (TENANTS OF NON-HRA PROPERTIES)

Reference: Section 4 of the HB Subsidy Guidance Manual; Articles 18 and 19 of the Income-related Benefits (Subsidy to Authorities) Order 1998.

All overpayments must be recorded only in cells 024 to 033 and – for current year overpayments – cell 011 also. Overpayments must be recorded as either current or prior years overpayments. For an explanation of these categories, see page 2 of these guidance notes.

When completing this section, authorities should note that subsidy is payable on overpaid rent rebates (as per the relevant categories specified in section 4 of the HB Subsidy Guidance Manual) identified by the authority within the financial year. Authorities will not be required to deduct from their claim in this year, or refund in subsequent years, any overpaid benefit which is later recovered for those categories of overpayment in cells 026 to 028 and 031 to 033.

Reference: Section 7 of the Subsidy Guidance Manual; Articles 16 and 23(1) and Schedule 4 of the Income-related Benefits (Subsidy to Authorities) Order 1998.

Cells 096 to 100 must only include cases which have been referred as required to the Rent Officer by 30 April 2019 (the deadline for submission of the 2018/19 final subsidy claim). **There is no entitlement to subsidy for cases which should have been referred by this date but were not: all expenditure in the relevant year in relation to these cases must be included in cell 101.**

Cells 096 to 099 must only include cases for which the authority holds a rent officer determination. This should be a current determination but may be an old determination (a determination older than 52 weeks) provided a referral for a new determination has been made by 30 April 2019.

Cells 096 to 099 must exclude all cases for which an authority does not have a current determination and **has not** made a referral by 30 April 2019, regardless of whether it has an old determination. All such cases must be included in cell 101.

Cells 096 to 099 must exclude all cases for which a referral **has** been made by 30 April 2019 but the determination has not been received and there is no old determination which can be used. In relation to these cases, expenditure incurred under payments made on account following referral and pending receipt of the Rent Officer’s determination must be included in cell 100.

CLAIMS ADMINISTERED UNDER THE PRE-1996 RULES

| Cell 096 | |
|----------|-----|
| Rate | 60% |

Total expenditure above the RO's determination under Regs. 13 or 13ZA.
Enter the total expenditure on that part of weekly eligible rent above the Rent Officer's determination of a claim related rent, less ineligible amounts for meals as appropriate, where restrictions could not be made. These would include cases where a restriction can not be made:

- in the first 13 weeks of a new claim (Reg. 13(7)).
- in the 12 months following the death of a family member (Reg. 13(5)).
- on a rent increase in the 12 months following the death of a family member (Reg. 13ZA(2)), or
- where the claimant is in a vulnerable group (Reg. 13(4)).

Subsidy of 60% is paid on this amount.

| Cell 097 | |
|----------|----|
| Rate | 0% |

Total expenditure above the RO's determination.
Enter the total expenditure on that part of weekly eligible rent above the Rent Officer's determination of a claim related rent, less ineligible amounts for meals as appropriate, where restrictions could be made under Regs.13 or 13ZA. Exclude amounts shown in cell 096. This amount is not eligible for subsidy.

| Cell 098 | |
|----------|------|
| Rate | 100% |

Total expenditure at or below the RO's determination.
Enter the total expenditure on that part of the weekly eligible rent at or below the Rent Officer's determination of a claim related rent, less ineligible amounts for meals where appropriate. Subsidy of 100% is paid on this amount.

MAXIMUM RENT CASES

| Cell 099 | |
|----------|------|
| Rate | 100% |

Enter the total expenditure incurred up to the maximum rent. This includes cases where a restriction could not be made:

- in the first 13 weeks of a new claim (Reg.13ZA(3));
- in the first 12 months following the death of a family member (Reg.13ZA(1)).

Subsidy of 100% is paid on this amount. Any expenditure incurred above the maximum rent is not Housing Benefit and must not be included in any of the cells in this form.

EXPENDITURE UNDER THE RENT OFFICER ARRANGEMENTS: PAYMENTS MADE ON ACCOUNT UNDER REG.93 OF SI 2006 No. 213 OR REG.74 OF SI 2006 No. 214 AND REFERRAL MADE TO THE RENT OFFICER BY 30 APRIL 2019

| Cell 100 | |
|----------|------|
| Rate | 100% |

For cases in which a referral was made to the Rent Officer by 30 April 2019, enter total expenditure made on account under Reg.93 of SI 2006 No. 213 or Reg.74 of SI 2006 No. 214 pending receipt of the Rent Officer's determination. Expenditure paid in these circumstances should not be reclassified on receipt of the Rent Officer's determination, irrespective of whether this determination is received before or after 30 April 2019. Subsidy of 100% is paid on this amount.

If the Rent Officer's determination identifies that an overpayment has occurred, the overpayment should be included in the appropriate overpayment cell (cells 116, 117, 123 or 124); if an underpayment is identified, the subsequent payment should be included in the appropriate Rent Officer determination cell (as explained above, the expenditure already incurred should not be reclassified and remains in cell 100).

As overpayments resulting from the use of payments on account must be recovered, local authorities should, in making a payment on account, consider all of the information they hold in respect of the claim to allow a payment which is reasonable but minimises the risk of an overpayment.

**EXPENDITURE UNDER THE RENT OFFICER ARRANGEMENTS:
CASES REQUIRING REFERRAL BUT NO REFERRAL MADE BY 30 APRIL 2019**

| | |
|-----------------|-----------|
| Cell 101 | |
| Rate | 0% |

Enter the total expenditure in respect of cases for which an authority does not have a current Rent Officer determination and **has not** made a referral to the Rent Officer by 30 April 2019, regardless of whether it has an old

determination. This includes expenditure arising from payments made on account for cases for which a Rent Officer referral was not made by 30 April 2019. (Do not include hostel cases where there is no need to refer to the Rent Officer because there is already an existing determination in relation to another similar dwelling in that hostel; these cases should be included in cells 096 to 099 as appropriate. Do not include RSL cases which the authority decides do not need to be referred to the Rent Officer; these cases should be included in cell 102). This amount is not eligible for subsidy. Referrals made after and determinations received after 30 April 2019 should not be used to reclassify expenditure.

EXPENDITURE UNDER THE RENT OFFICER ARRANGEMENTS: CASES EXCLUDED FROM REQUIREMENT TO REFER TO THE RENT OFFICER

SUBSIDY ARRANGEMENTS FOR TEMPORARY ACCOMMODATION OR SHORT TERM ACCOMMODATION WHERE A REGISTERED HOUSING ASSOCIATION IS THE LANDLORD

Guidance on determining the level of subsidy payable for these cases is the same as for SUBSIDY ARRANGEMENTS FOR TEMPORARY OR SHORT TERM ACCOMMODATION WHERE THE LOCAL AUTHORITY IS THE LANDLORD (non-HRA rent rebate cases) above, cell 012 – 015.

These subsidy arrangements apply to all cases where temporary or short term accommodation is provided by a registered housing association to enable the local housing authority to discharge a statutory homelessness function or prevent homelessness, and the registered housing association is the immediate landlord. This includes cases where the accommodation is held on license or leased from a landlord (such as Housing Association Leasing (HAL) and HAL Direct schemes).

Also included are cases where the accommodation is owned by the registered housing association and provided as temporary or short term accommodation, as above.

EXPENDITURE ON BOARD AND LODGING AND NON SELF-CONTAINED LICENSED ACCOMMODATION PROVIDED BY A REGISTERED HOUSING ASSOCIATION AS

TEMPORARY ACCOMMODATION OR SHORT TERM ACCOMMODATION

Reference: Article 17B of the Income-related Benefits (Subsidy to Authorities) Order 1998.

This applies where board and lodging or non self-contained licensed accommodation is provided by a registered housing association as temporary accommodation (to discharge a statutory homelessness function) or short term accommodation to prevent homelessness.

Enter the total expenditure **above** the lower of the one-bedroom self-contained LHA rate and the upper limit (£500 or £375).

EXPENDITURE ON ACCOMMODATION PROVIDED BY A REGISTERED HOUSING ASSOCIATION AS TEMPORARY ACCOMMODATION OR SHORT TERM ACCOMMODATION – EXCEPT WHERE PROVIDED AS BOARD AND LODGING OR AS NON SELF-CONTAINED LICENSED ACCOMMODATION (SEE ABOVE)

Reference: Article 17C of the Income-related Benefits (Subsidy to Authorities) Order 1998.

Article 17C applies to all cases where accommodation is provided by a registered housing association as temporary accommodation to assist a local authority discharge a statutory homelessness function, or provided as short term accommodation to assist a local authority prevent homelessness, and the registered housing association is the landlord; except cases to which Article 17B applies (see above).

It applies where accommodation is provided as temporary or short term accommodation and the claimant is required to pay rent to a registered housing association for:

- non self-contained accommodation held on a lease from a private landlord;
- non self-contained accommodation owned by the registered housing association; or
- self-contained accommodation held on license, leased or owned by the registered housing association.

Rent Allowance expenditure attracting full-rate subsidy which is included in cell 094 but not otherwise separately identified in this section.

Subsidy of 100% is paid on this amount. For further information, see of the Subsidy Guidance Manual and the note on page 3 of these notes.

OVERPAID RENT ALLOWANCES

Reference: Section 4 of the HB Subsidy Guidance Manual; Articles 18 and 19 of the Income-related Benefits (Subsidy to Authorities) Order 1998.

All overpayments must be recorded only in cells 111 to 124 and – for current year overpayments – cell 094 also. Overpayments must be recorded as either current or prior years overpayments. For an explanation of these categories, see page 2 of these guidance notes.

When completing this section authorities should note that subsidy is payable on overpaid rent allowances (as per the relevant categories specified in section 4 of the HB Subsidy Guidance Manual) identified by the authority within the financial year. Authorities will not be required to deduct from their claim in this year, or refund in subsequent years, any overpaid benefit which is later recovered from these categories of overpayments in cells 113 to 115 and 120 to 122.

RENT REBATE SUBSIDY LIMITATION

Reference: Section 9 of the HB Subsidy Guidance Manual.

The entries in this section (cells 217 to 224) will be used to provide DWP with information about the reduction (if any) to be applied to the amount of subsidy claimed from DWP in respect of rent rebates granted to tenants of HRA property. A deduction will be made if the subsidy limitation rent for 2018/19 is above the weekly rent limit specified in Part 3 of Schedule 4A to the Income-related Benefits (Subsidy to Authorities) Order 1998 (1998/562) as amended by the Income-related Benefits (Subsidy to Authorities) Amendment Order 2018.

The definition of a “dwelling” for the purpose of the claim year 2018/19 is as set out in the Housing Revenue Account Self-financing Determinations.

Cell 217

Weekly Rent Limit for 2018/19

The weekly rent limit for 2018/19 is set out in Part 3 of Schedule 4A to the Income-related Benefits (Subsidy to Authorities) Order 1998 (1998/562) as amended by the Income-related Benefit (Subsidy to Authorities) Amendment Order 2018. This amount is pre-filled by the DWP and is shown to 2 decimal places.

Cell 218

Derogation from Rent Rebate subsidy limitation, if granted

This is the amount of derogation – if any – granted by the DWP for 2018/19. This amount is pre-filled by the DWP and is shown to 2 decimal places.

Cell 219

Average weekly rent for 2018/19 (rent for Rent Rebate subsidy limitation purposes)

Average weekly rent is calculated in accordance with Part 2, paragraph 2(3) of Schedule 4A to the Income-related Benefits (Subsidy to Authorities) Order 1998 (1998/562) as amended by the Income-related Benefits (Subsidy to Authorities) Amendment (No 2) Order 2006 [SI 2006 No 559]. **Affordable rents (reported in cell 060) are excluded from this calculation.**

Please note all service charges should be unpooled and should not be included in the average weekly rent calculation. The figure to be shown to 2 decimal places.

The average weekly rent should be calculated by:

- a) dividing the total rent charged for all dwellings in the HRA for 2018/19 by
- b) the total number of weeks for which rent was charged for all dwellings in the HRA in 2018/19.

For example: A local authority has two HRA dwellings. Rent is charged for 52 weeks on property 1 and for 46 weeks on property 2. Add the 52 weeks and 46 weeks = 98 weeks. Dividing the total rent charged (for example £10,000) by 98 weeks = an average weekly rent of £102.04.

Please note: rent free weeks should be included when calculating the number of weeks for which rent is charged. Please see The Income-related Benefits (Subsidy to Authorities) (Miscellaneous Amendments and Electronic Communications) Order 2007 [SI 2007 No 26].

For example: A local authority may charge rent for 50 weeks but allow 2 rent free weeks. For the purposes of this calculation the 2 rent free weeks should be included when calculating the number of weeks for which rent was charged so instead of using 50 weeks, 52 weeks should be used instead.

Cell 220

Rental Income for 2018/19

Rental Income in this context should be taken to mean all rent and service charges eligible for housing benefit (including rent and charges remitted by way of rebate), **and excludes affordable rents (reported in cell 060)**. Voids should be excluded.

If not subject to rent rebate subsidy limitation, i.e. if cell 219 is less than or equal to cells 217 + 218, enter zero in this cell. The figure to be shown to 2 decimal places.

Cell 221

This is a calculated field needed for the calculation in cell 224. On the basis of the entry in cell 219, zero will be entered if an authority is not subject to rent rebate subsidy limitation. Otherwise, the amount in cell 220 will be entered. The figure to be shown to 2 decimal places.

Cell 222

Amount of rebates paid in 2018/19 minus affordable rents expenditure

Enter the gross rebate expenditure granted in the relevant year in respect of dwellings in the HRA (this is the figure entered in cell 055 minus the figure entered in cell 079).

Cell 223

Proportion of rental income rebated in 2018/19

This is a calculated field which produces the result of Step 1 of paragraph 3(1) in Part 2 of Schedule 4A to the Income-related Benefits (Subsidy to Authorities) Order 1998/(1998/562) as amended by the Income-related Benefits (Subsidy to Authorities) Amendment Order 2018. The amount is derived as cell 222 divided by cell 220 and rounded to 4 decimal places.

Cell 224

Rent Rebate Subsidy limitation percentage

This is a calculated field which derives the effect of limitation in terms of a percentage of subsidy which would otherwise be due. If an authority is not subject to limitation, the percentage will be 100%. The figure to be shown to 2 decimal places.

The percentage is transferred to cell 075.

The entry is derived as follows (the rebate proportion will be published in the Rent Rebate Subsidy Limitation Circular for 2018/19):

If cell 219 is less than or equal to cells 217 + 218 (weekly rent limit plus any derogation granted), then cell 224 = 100%.

If cell 219 is greater than cells 217 + 218 and if cell 223 is less than or equal to 0.756, then cell 224 = (cells 217 + 218)/cell 219.

If cell 219 is greater than cells 217 + 218 and if cell 223 is greater than 0.756, then cell 224 = 1 - (((cell 219 - (cells 217 + 218))/cell 219) x (0.756/ cell 223)).

MODIFIED SCHEMES

Reference: Section 8 of the HB Subsidy Guidance Manual (Article 11(2) of the Income-related Benefits (Subsidy to Authorities) Order 1998).

For public expenditure estimates and monitoring purposes, information is required in the form of expenditure incurred in the financial year on increases in benefit resulting from authorities' use of certain discretionary powers.

Cell 225

Local Authority Certificate

The Responsible Finance Officer (in accordance with Section 151 of the Local Government Act 1972) must sign and date each copy of the certificate, deleting either the claim for payment or the undertaking to repay subsidy in excess of entitlement as appropriate. The Responsible Finance Officer must also enter the details requested at "Name" and "Position held".

Please note that the references in the certificate to regulations and orders are to those regulations and orders as amended. In particular, the Income-related Benefits (Subsidy to Authorities) Order 1998 is amended each year. The revised thresholds, etc. for 2018/19 are set out in the Income-related Benefits (Subsidy to Authorities) Amendment Order 2018.
