- [REDACTED] explained the sub-committee process and timings for any vote.
- Sacha gave a summary of the parliamentary business taking place over the next couple of weeks.
- [REDACTED] shared the oral statement (copies returned) and talked through the comms plan. Noted that we will be sharing digital content with comms colleagues.
- [REDACTED] asked if the lines on the IRC had changed and asked to see latest versions ([REDACTED] shared post meeting). Also asked if anything re: IRC was in the TC response – [REDACTED] confirmed only referenced in relation to EfW, not substantively.
- PINS queried whether there were any planning regime references in the Q and A ([REDACTED] followed up afterwards – one paragraph drafted by PINS so no further action).
