Dear ██████████

Thank you for your request for information about traffic count data for the A27 dated 22 May. I have dealt with your request under the terms of the Freedom of Information Act 2000.

Please see attached our traffic count data along the A27 between the A283 flyover and the A2025 Manor Roundabout, for 2017, 2018 and some of 2019.

I have provided a brief explanation of some the columns within the 'Yearly' and 'Monthly' attachments, below.

- NTISLinkID - The numbers within this column refer to different sections of the road (roadlinks), within the location mentioned above. I have attached a 'Map' which indicates which area each number refers to.
- Total Flows - The number of vehicles detected on that section of roadlink.
- Annually Averaged Daily Traffic (AADT) and Averaged Daily Traffic (ADT) - The total number of vehicles detected, divided by the number of days within the month or year, to provide the daily average.

Please note, the 2019 data is available within the 'Monthly' attachments and only goes up to April.

The data provided was collected by Automatic Traffic Counters. The exact locations of all the sensors is available via the website: <http://webtris.highwaysengland.co.uk>.

If you are unhappy with the way we have handled your request you may ask for an internal review within 2 months of the date of this response for Freedom of Information requests and within 40 days for Environmental Information Regulations requests. Our internal review process is available at:

<https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or e-mail info@highwaysengland.co.uk. You should contact me if you wish to complain.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:

Information Commissioner's Office
