Part II: Certification

B. Health information		N.A. (Continuation of reference number)	N.A. Local submission number
		INTRA.GB.2018.0023257	FARM181074

- I. The unsegregated official veterinarian, hereby certifies, that the animals described herein were the following:
- 11.1 (a) The animals were born and have been reared since birth on Union territory.
  - 11.1 (b) The animals were imported from a third country according to Regulation (EC) No 1831/2003, No 1831/2003, or from 30 days prior to birth.
  - 11.2 The animals
    - 11.2.1 have been inspected within 30 days prior to landing and show no clinical signs of disease.
    - 11.2.2 are not animals which are to be destined to an abattoir to produce a carcase for medicinal purposes.
    - 11.2.3 have been inspected within 30 days prior to landing and show no clinical signs of disease.
    - 11.2.4 are not animals that have been in contact with animals from a holding in a premises area which has been put up under Union legislation and which animals are prohibited to leave.
    - 11.2.5 are not the subject of special health measures pursuant to Union legislation or last 30 days disease are not have been restricted against last 30 days disease.
    - 11.3 Based on the written declaration made by the holder or an authorised person of the holding, and government documents kept in accordance with Council Regulation (EC) No 1831/2003, in particular in Sections B and C of the Annex to that Regulation.
    - 11.4 The animals have remained on a single holding of origin for a period of at least the last 30 days, or on the holding of origin since birth where the animals are less than 30 days old, and no transport animal received from a third country has been introduced into the holding of origin during the last 30 days, unless those animals were introduced in accordance with Article 16(2) of Council Directive 1986/609, and
      - (a) have remained on a single holding since the date of importation if the species or caprine species have been imported, unless those animals were produced in accordance with Article 4(a) of Directive 1986/609, during the last 30 days.
      - (b) were in the unsegregated directly from a single holding in the Unsegregated (S) destination.
        - 11.4.1 The animals were transported using means of transport and treatment which had, before being, been treated and disinfested using an officially approved disinfectant, and in such a way as to provide effective protection of the animals' health status.
        - 11.4.2 At the time of inspection the animals covered by this health certificate were to be transported on the intended journey in accordance with the provisions of Council Directive 1986/609.
        - 11.5 The certificate
          - (a) is valid for 30 days from the date of signature on the holding of origin, or in the approved assembly centre or approved dealer's premises in the Member State of origin; and
          - (b) is subject to accordance with Article 16(4) of Council Directive 1986/609.

19/7/18

- Blue Tongue virus
- BT-0: Animals in compliance with Article 5(1) or 7(2)(a) or 7(2)(b) or 7(2)(c) or 7(2)(d), (indicated as appropriate) of Regulation (EC) No 1831/2003.
  - BT-1: Animals, animal, one and analysis, (indicated as appropriate) in compliance with Article 8(1)(a) or 8(1)(b) or 8(1)(c), (indicated as appropriate) of Regulation (EC) No 1831/2003.
