## 2014 to 2020 European Structural and Investment Funds Growth Programme

### Call for Proposals – Online Applications European Social Fund

### Priority Axis 2: Skills for Growth

<b>Managing Authority</b>	Department for Work and Pensions (DWP)
<b>ESI Fund</b>	European Social Fund
<b>Priority Axis:</b>	Priority Axis 2: Skills for Growth
<b>Investment Priority</b>	2.1: Enhancing equal access to lifelong learning
<b>Call Reference:</b>	Future Skills for Business OC05S19P1464
<b>LEP Area:</b>	Cornwall and Isles of Scilly
<b>Call Opens:</b>	11 July 2019
<b>Call Closes:</b>	Midnight – 3 October 2019
<b>Application Process</b>	<p>Applications for funding must be completed and submitted using the ECLAIMS IT system.</p> <p>Applications submitted via any other method will not be accepted.</p> <p>Please <u>do not</u> use ECLAIMS to access or apply against <u>ERDF</u> calls published on GOV.UK – the online application process is only applicable to specified ESF open calls.</p>

# 1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

The Government has confirmed that it will guarantee funding for ESF projects that are contracted by the end of 2020. Whatever the outcome of the EU negotiations, this guarantee will stand. This ensures that UK organisations, such as charities, businesses and universities, will continue to receive funding over a project's lifetime if they successfully bid into EU-funded programmes before the end of 2020, even in the event of a no-deal. Details of the guarantee can be found at the following [website link](#).

All contracted ESF projects must be completed by the end of the programme period in 2023. Each application for ESF will be required to demonstrate that it delivers good value for money and domestic strategic priorities.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term "Managing Authority" will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority's appraisal of each Full Application.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 2 of the Operational Programme: Skills for Growth** and **Investment Priority: 2.1 Enhancing equal access to lifelong learning** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposal sets out the requirements for any applicants to consider before applying. Applications against this call will be appraised as part of a single-stage

appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 of the ESF regulation (see Appendix A). This will be in addition to the requirement to report on the output and result indicators referred to in section 3 of the call for proposal.

## 1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

**Investment priority: 2.1** - Enhancing equal access to lifelong learning for all age groups in formal, non-formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

<b>Specific Objective</b>	<b>Results that the Member States seek to achieve with Union support</b>
To address the basic skills needs of employed people, particularly in SMEs and micro businesses.	The additional support from this investment priority will help employed people to gain basic skills. It will also improve the capacity of SMEs and micro businesses and support business growth. We have set an output target for the number of participants without basic skills and a result target for participants gaining basic skills.
To increase the skills levels of employed people from the existing level to the next level up, to encourage progression in employment.	The additional support from this investment priority will help employed people to progress at work through achieving higher skills, and it will drive growth in their organisation by improving productivity. We have set result targets for participants gaining qualifications or units – separate targets for level 2 and level 3.
To increase the number of people with technical and job specific skills, particularly at level 3 and above and into higher and advanced level apprenticeships, to support business growth.	The main result that will be achieved is that more participants will have gained a qualification or a unit of qualification. This investment priority will also support business growth through the development of a more highly skilled workforce. We have set a result target for participants gaining qualifications or units at level 3 or above.

<p>To increase the skills levels of employed women to encourage progression in employment and help address the gender employment and wage gap.</p>	<p>The additional support from this investment priority will support women in raising the level of their skills, helping them to progress in employment or self-employment and achieve higher earnings. There is a result target about progression in work. This investment priority will also contribute to supporting business growth through the development of a more highly skilled workforce.</p>
--	---

## Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.1 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

## Local Priorities

Creating the skilled workforce needed to increase economic growth and improve productivity is a priority for Cornwall and the Isles of Scilly (C&IoS). There is a need to further invest in supporting our businesses to develop their employees' skills base in order to close the gap with national average skills levels.

- There are 24,000 enterprises registered for VAT and/or PAYE in C&IoS. When incorporating those enterprises that fall beneath the VAT registration level, there are an estimated 58,000 to 64,000 businesses in C&IoS. These SMEs and micros are key drivers of the local economy as they make up 99.7% of the total number of businesses (source: ONS, UK Business counts; ONS Census data and BIS estimates).
- GDP stands at 68% of the EU average and 64% of the UK average (Eurostat)
- The area has the lowest levels of productivity, measured by GVA per hour, of any area in the UK: £23.80 per hour, 71% of the UK average (ONS, Subregional productivity).
- The percentage of people with both lower and higher level qualifications need to be increased in order to address skills gaps and to ensure that companies have the ability to grow and become more productive.
- Approximately 55,000 of the workforce (16-64) in C&IoS are not yet qualified to Level 2, the National skills benchmark level (composed of those with no qualifications and level 1 only).
- 33.9% of the working age population in C&IoS have higher level skills (NVQ4+) which is significantly lower than the 38.4% UK average (Nomis, Annual Population Survey 2017).

There is some geographical variation in this across the locality. For example, the implication is more significant for Cornwall on its own. The specific issue for the Isles of Scilly is that they have a higher level of skills in their workforce, but suffer from under-utilisation of those skills, due to the lack of economic opportunity on the Islands.

A detailed C&IoS [Evidence Base](#) is available. This has formed the basis for the C&IoS [Employment and Skills Strategy](#) and the [C&IoS ITI Strategy](#) (referred to as the ESIF Strategy elsewhere in the country).

Additionally, a key reference is the Inclusion Strategy. Please note: this document is currently under review. A range of information is available on the Inclusion Cornwall website <http://inclusioncornwall.co.uk>

## **C&IoS: a new approach**

The 2014-2020 ESF programme provides an opportunity to develop a new approach to workforce skills and training needs: an approach that seeks to increase engagement, take up and delivery by working directly with employers.

This holistic programme approach will utilise Priority Axis 2 of the 2014-2020 ESF Operational Programme and directly engage employees, and their employers, to identify and address their skills needs; to be more involved in designing, delivering and enhancing the labour market relevance of education and training systems. IP2.1 Calls involve the delivery of qualifications for individuals in employment or recently made redundant

Central to the delivery of this new approach is the development of a Skills Access Hub (the subject of a previous ESF Call and which is closely aligned to the C&IoS Growth Hub). The C&IoS Skills Access Hub provides a mechanism for engaging with employers, identifying their individual and collective skills needs and coordinating demand and signposting to delivery. Such delivery includes both existing national and local provision as well as other projects supported under IP2.1 activity. There are also a number of existing ESF projects funded via IP2.2. Applicants can consider these projects by looking at the projects page of the C&IoS Growth Programme website as all applications should ensure alignment with these to avoid duplication. Additionally, applicants should ensure close alignment with a range of mainstream funded projects focusing on providing added value and skills delivery for individual employees in client businesses.

## **Call Outline**

The ITI Board has identified an opportunity to develop one Call with two strands. The allocation for this Call is £5,600,000 and is broken down as follows: -

- **Strand 1** concentrating on higher level and technical qualifications in the Smart Specialisation sectors ie Level 4 and above. The allocation for Lot 1 is £3,300,000 and
- **Strand 2** to deliver generic skills delivery, in any sector identified, from Basic Skills to Level 3. The allocation for Lot 2 is £2,300,000.

**Strand 1.** Lot 1 seeks applications that will deliver an approach to develop and/or deliver the higher level skills requirements of C&IoS businesses involved in the Smart Specialisation sectors i.e. agri-tech, digital economy, e-health and e-wellbeing, marine technology, space and aerospace. The Smart Specialisation Skills Framework (Feb 2016) is available for consultation at [Smart Specialisation Skills Framework](#). Applications should deliver an employer led approach to improve the

labour market relevance of skills provision for local businesses including higher level apprenticeships. For example, these could focus on a geographical area, a supply chain model and/or industry type. The aim is to support uptake of skills provision which in turn will enable business growth.

There are a number of complementary ESF and ERDF Calls and projects either currently operating or about to begin and applicants should ensure their offer aligns with and adds value to these contracts but does not duplicate or overlap with them.

For example: -

- ESF IP2.2 Projects such as Developing Skills for Business which includes SMART specialisation sector activity and the West Cornwall focused Digitising the Economy through Skills investment.
- ERDF PA1 Funded Research and Innovation projects as well as a range of projects supporting the Low Carbon Economy and Environment that specifically target businesses.

These can be found, as well as additional contracted and emerging ESF and ERDF funded projects on the website [www.cornwallislesofscillygrowthprogramme.org.uk](http://www.cornwallislesofscillygrowthprogramme.org.uk)

**Strand 2.** Lot 2 seeks to deliver skills from Basic to Level 3. Applicants should again consider gaps in current delivery – both ESF funded projects as well as mainstream.

Applicants could consider, for both Lot 1 and Lot 2:

- supporting collaborative projects, placements, or other activities with relevant SMEs that enable employees to gain industry relevant experience, and
- skills building capacity in SMEs to provide project/placement/internship/apprenticeship opportunities.
- supported flexible learning and delivery models (e.g. delivery on employer sites, business cluster approach, evenings, online learning platforms and modules).
- specialised or tailored programmes especially in Levels 1 & 2
- applicants for East Cornwall should also identify complimentary offers in Devon that residents are accessing

Applicants are advised that any proposed activity should:

- demonstrate and evidence how they will work with employers to identify their skills needs.
- ensure and be able to demonstrate the additionality and innovative (new or new to C&IoS) nature of developed programme content and delivery solutions.
- demonstrate how they have consulted with Council of the Isles of Scilly's Learning and Development team as well as islands based employer groups and consequently demonstrate how they will overcome logistical and financial challenges in order to deliver high quality opportunities to a) small cohorts on the Isles of Scilly and/or b) ensure funding is available so that individuals can access opportunities on the mainland. If you are not proposing to deliver on the Isles of Scilly please provide reasons why.
- ensure and evidence clear linkages and alignment with ERDF funded programmes aimed at supporting businesses eg. the Skills Access Hub, the Growth Hub, as well as other ESF and mainstream funded programmes aimed at

delivering development and skills based programmes. These might include both current and emerging projects.

- be responsive to changing business needs over the course of any project. establish an employer led approach where the focus of delivery is on 'business needs'
- be responsive to individuals' achievement of qualifications and progression to higher levels with a view to supporting the aims of lifelong learning and sustainability

Applicants are invited to apply to deliver all or part of both or either Lots. If a case is to be made for a higher unit cost for e.g. higher level skills delivery, a robust business case must be provided.

### **Strategic Fit**

Applicants must evidence how their delivery model contributes to the ITI Strategy, specifically: -

- **Strategic Priority: Growth for Business**  
**Objective 4:** Increase workforce productivity through skills and career development programmes
- **Strategic Priority: Future Economy**  
**Objective 2:** To invest in activities with growth potential that support Cornwall and the Isles of Scilly's transition to becoming a 'green and marine' region

### **Consortia/Partnership Applications**

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be completed and submitted in the ECLAIMS IT system by the lead organisation on behalf of the partnership/consortia. The lead applicant must have the financial capacity to meet the required Due Diligence criteria and, if ESF funding is awarded, this organisation will then become the lead Grant Recipient, accountable for delivery of the overall ESF Project.

Details of the local ESIF Strategy can be found at: [C&IoS ITI Strategy](#)

### **1.3 Scope of activity**

This call invites Full Applications which support the delivery of Priority Axis 2, **Investment Priority 2.1 Enhancing equal access to lifelong learning** of the European Social Fund Operational Programme and responds to the local development need set out in the Cornwall and Isles of Scilly Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

## 2. Call Requirements

All applications are competitive.

<p><b>.Indicative Fund Allocation:</b></p>	<p>Indicatively, through this call the Managing Authority expects to allocate approximately <b>£5,600,000 ESF</b></p> <p>Its anticipated that the call value of £5,600,000 will be broken down as follows: -</p> <ul style="list-style-type: none"> <li>• <b>Strand 1</b> concentrating on higher level and technical qualifications in the Smart Specialisation sectors i.e. Level 4 and above. Its anticipated that £3,300,000 of ESF will be allocated to this strand</li> <li>• <b>Strand 2</b> to deliver generic skills delivery, in any sector identified, from Basic Skills to Level 3. Its anticipated that £2,300,000 of ESF will be allocated to this strand.</li> </ul> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p>
<p><b>Minimum application level</b></p>	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact.</p> <p>The Managing Authority is seeking and will give preference to applications over £1,400,000. However, in exceptional cases we will consider applications of not less than £300,000.</p> <p>Applications requesting an ESF amount below the 'Minimum Application Level' will be rejected.</p>
<p><b>Duration of project approvals</b></p>	<p>Projects must be completed no later than 3 years and 6 months after the proposed project start date; however, the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.</p> <p>All ESF Projects must be completed by 31<sup>st</sup> December 2023. Project costs cannot be incurred beyond this date.</p> <p>NOTE: Delivery of activities and associated costs can be incurred up to and including 31<sup>st</sup> December 2023, with the full and final claim expected no later than February 2024.</p>
<p><b>Geographical Scope</b></p>	<p>All interventions should be focused on activity and beneficiaries within the Cornwall and Isles of Scilly Local Enterprise Partnership area.</p>
<p><b>Specific call requirements</b></p>	<p>This is a call for ESF activity.</p>

<p><b>Call Deadlines</b></p>	<p>For this specific call, applications will be appraised following closure of the call. Applications submitted to the Managing Authority via the ECLAIMS IT system after midnight on the published call close date will not be considered.</p> <p><b>If you encounter any technical difficulties completing or submitting your Full Application via ECLAIMS, please send an email to <a href="mailto:E.CLAIMSSUPPORT@DWP.GOV.UK">E.CLAIMSSUPPORT@DWP.GOV.UK</a> .</b></p> <p><b>Technical support is available Monday to Friday, from 8am to 6pm.</b></p> <p>It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.</p> <p><b>If you do not already have ECLAIMS access, to avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS access requests as early in the application process as possible by sending an email to <a href="mailto:E.CLAIMSSUPPORT@DWP.GOV.UK">E.CLAIMSSUPPORT@DWP.GOV.UK</a> .</b></p> <p>The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.</p>
<p><b>Application selection</b></p>	<p>All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to offer ESF funding where a project complements other activity or provides niche activity to target groups within the ESF Operational Programme.</p>
<p><b>Applicant proposals</b></p>	<p>These can only contain activities which are eligible for ESF.</p>
<p><b>Eligible match funding</b></p>	<p>Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. The applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.</p>
<p><b>Procurement</b></p>	<p>All procurement must be undertaken in line with EU regulations.</p>
<p><b>State Aid law</b></p>	<p>Applicants must demonstrate compliance with State Aid law.</p>
<p><b>Audit/ Compliance</b></p>	<p>All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.</p>

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

### 3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

<b>Investment Priority</b>	<b>2.1 Enhancing equal access to lifelong learning</b>
<b>Specific Objectives</b>	Enhancing equal access to lifelong learning for all age groups in formal, non-formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences
<b>Indicative Actions</b>	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> <li>• skills shortages or needs in particular sectors or local areas which are not currently being addressed by employers or individuals;</li> <li>• leadership and management training in Small and Medium size Enterprises (up to 250 employees);</li> <li>• training and support for people at all levels, in particular addressing the needs of disadvantaged groups in and out of the workplace;</li> <li>• access to learning; information about learning and skills;</li> <li>• brokerage of opportunities between learners and employers.</li> </ul>

## Results Table

**NOTE: When recording your quarterly profile figures for each Results in ECLAIMS, please ensure you select the Result with the correct, relevant Category of Region suffix i.e. L = Less Developed, T = Transition, MD = More Developed.**

<b>ID</b>	<b>Result Indicator</b>	<b>Minimum Target value for this call</b>
R3	Participants gaining basic skills	11%
R6	Participants gaining level 2 or below or a unit of a level 2 or below qualification (excluding basic skills)	25%
R7	Participants gaining level 3 or above or a unit of a level 3 or above qualification	8%
R8	Employed females gaining improved labour market status	35%

## Outputs Table

**NOTE: When recording your quarterly profile figures for each Output in ECLAIMS, please ensure you select the Output with the correct, relevant Category of Region suffix i.e. L = Less Developed, T = Transition, MD = More Developed.**

<b>ID</b>	<b>Output Indicator</b>	<b>Total Minimum target value for this call</b>
O1	Participants	3500
O1	Participants (Male)	1729
O1	Participants (Female)	1771
O4	Participants over 50 years of age	676
O5	Participants from ethnic minorities	62
ESF - CO16	Participants with disabilities	412
ESF - CO14	Participants who live in a single adult household with dependent children	731
O6	Participants without basic skills	150

## Outputs and Results Rationale

Applicants must explain in detail in their Full Application how they have estimated each of the outputs and results for their project, demonstrating clearly how each of the proposed outputs and results directly link to their specific project activities and objectives. The related output and results figures need to be consistent e.g. there should not be more 'Inactive Participant' forecast results than actual Inactive Participants recorded as taking part in the ESF Project in the forecasted output figures.

Applicants must also explain their approach for forecasting each deliverable; including the specific base-lining/research they have undertaken to ensure their projected profiles are realistic and achievable and any assumptions they have made which impact on their forecasts.

Where an applicant is proposing one or more output or result figures below the expected minimum target value for this call, an explanation must also be provided by the applicant in their Full Application.

ESF Outputs and Results Indicator Definitions Guidance is available on GOV.UK [here](#).

Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the Cornwall and Isles of Scilly LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

## 4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

### 4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'Document Checklist' (Section 8 of this call specification) prior to completing and submitting their Full Application in the ECLAIMS IT system. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are

therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

## **4.2 Intervention Rate & Match Funding**

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 80% (depending on category of region). This means ESF can contribute up to 80% of the total eligible project costs, subject to State Aid regulations. The remaining 20% or more must come from other eligible sources. For all full applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

## **4.3 Applicants**

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

## **4.4 Cross Cutting Themes**

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific

equality questions which will be set out in both the Full Application screens in the ECLAIMS IT system and the related ESF Online Full Application guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#) and in ESF Action Note 019/18: [New Assessment Scoring Procedures for Equality and Sustainable Development in ESF](#).

Applicants are strongly encouraged to exceed the cross cutting theme requirements detailed in the Operational Programme. The C&IoS ITI Board will seek to provide its support to projects that:

- demonstrate how the application will embed cross cutting themes good and best practices into the proposed project's activities
- make reference to the Inclusion Strategy and the Environmental Growth Strategy outlined in the Cornwall and Isles of Scilly Integrated Territorial Investment Strategy.

To support applicants, the Access to the Programme Team, funded by technical assistance, offer free specialist cross cutting themes support for applicants and can be contacted on [accesstotheprogramme@cornwalldevelopmentcompany.co.uk](mailto:accesstotheprogramme@cornwalldevelopmentcompany.co.uk)

## 4.5 State Aid & Revenue Generation

Applicants are required, in the Full Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.<sup>1</sup> Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules

---

<sup>1</sup> Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

#### **4.6 Funding Agreement**

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

#### **4.7 Procurement**

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

#### **4.8 Retrospection**

There will be no retrospection for applications made against this call.

For organisations applying for ESF funds through the Single-Stage Application process, the effective date for incurring eligible ESF expenditure will be the day after

the relevant open call closing date. Any expenditure incurred by an ESF Direct Bid project prior to this date is ineligible.

However, any expenditure incurred by an ESF applicant, up to and including the date on which an ESF Funding Agreement is fully executed, will be at the applicant's own risk.

## 5. Application Process & Prioritisation Methodology

The ESF application process is a single-stage process – Full Application only.

Applicants must fully complete the Full Application information required in the ECLAIMS IT system (section 9 refers).

The ESF Online Full Application guidance for Applicants, is available on the [European Growth Funding](#) website pages – this document includes step-by-step details of how to record your Full Application information in ECLAIMS, as well as guidance on the depth and content expectations.

Following the call closing date, applications will first be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF Operational Programme and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management and control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its appraisal is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The appraisal and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants may be subject to due financial diligence checks. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

If, following the appraisal process, an applicant is not satisfied with the ESF funding decision for their project, they can submit an appeal in writing to the ESF Managing Authority.

## 6. Technical Support

All Full Applications for this call **must** be completed and submitted using only the ECLAIMS IT system. Applications submitted via any other method will not be accepted.

If you encounter any technical difficulties completing or submitting your Full Application via the ECLAIMS IT system, please send an email to:

[E.CLAIMSSUPPORT@DWP.GOV.UK](mailto:E.CLAIMSSUPPORT@DWP.GOV.UK)

**It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.**

**Technical support is available Monday to Friday, from 8am to 6pm.**

Please retain evidence of your request(s) for any Technical Support, in case there are any issues arising around this element of the application process which may need further investigation.

Please also note that, as this is a competitive call and to preserve impartiality, other than providing Technical Support, we are unable to enter into correspondence with applicants over their Full Application prior to the call closing date. Details of where guidance can be found are contained throughout this calls document.

In Cornwall and the Isles of Scilly, to support applicants, the Access to the Programme Team, funded by technical assistance, offer free support for applicants and can be contacted on

[accesstotheprogramme@cornwalldevelopmentcompany.co.uk](mailto:accesstotheprogramme@cornwalldevelopmentcompany.co.uk) No applications are to be sent to this email address

## 7. Key Reference Documents

When developing your Full Application, it is recommended that you refer to the following documents as a minimum:

- ESF Online Full Application Guidance;
- Local Enterprise Partnership area's ESIF strategy;
- National ESF Eligibility Rules;
- ESF Programme Guidance.

## 8. Full Application – Supporting Document Checklist

The appraisal will be undertaken on the basis of the Full Application information submitted by the applicant using the ECLAIMS IT system, together with any supporting documents uploaded into ECLAIMS IT system by the applicant at the point of closure of the call.

As a minimum, applicants should upload the following documentation into the ECLAIMS IT system alongside completion of the required Full Application screens/fields in ECLAIMS.

Failure to upload the requested documentation could result in the application being rejected.

The ESF Online Full Application Guidance explains how documents should be uploaded into ECLAIMS and Annex B of the same guidance explains the naming conventions to be used for each document.

### Mandatory Supporting Documents

1. A **visual, high level customer journey** document e.g. flow chart;
2. **Confirmation of match funding** from each funder. Match-funding should be confirmed (with the exception of SME contributions) prior to the issuing of any Funding Agreement;
3. **Detailed Granular Budget breakdown** (All costs must be itemised, eligible, appropriate for the project and profiled across the project period. The granular budget should also include all hourly rate figures, per job role, for staff working part-time or part of their time on the ESF Project – calculated using the 1720 hour rate calculation set out in the [ESF Programme Guidance](#) on GOV.UK. This includes match-funded staff roles);
4. **Equality & Diversity Policy and Implementation Plan** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
5. **Sustainability Policy and Implementation Plan** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
6. **Job Descriptions** at least 1 per lead applicant and 1 per each Delivery Partner;
7. **Organogram** covering all staff, including any delivery partner and/or match-funded staff posts;
8. **Sample HR letter** as per the requirements set out in the [ESF National Eligibility Rules](#) on GOV.UK;
9. **Project level risk register** (this should cover areas such as financial risk, output risks, delivery risks etc. please ensure that the register covers how these risks will be managed and mitigated);
10. **Anti-Fraud Statement** (a statement on how you will deal with suspected fraud in your organisation and if appropriate, with your sub-contractors).

### Optional Supporting Documents

11. **Recruitment Policy** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);

12. **Sample Timesheet** applicable if you or your Delivery Partners have members of staff working part of their time on your ESF Project;
13. **Procurement policy** applicable if your ESF project is expecting to incur procurement costs from existing or future procurements and you are not intending to use the 40% Flat Rate Indirect Cost option;
14. **Retention Policy** this can be a single, combined document or 2 separate documents. (Applicant is responsible for ensuring that Delivery partners also hold relevant policies);
15. **Draft SLA with Delivery Partners** applicable if your ESF Project will have one or more Delivery Partners;
16. **Independent state aid advice** applicable only if you have obtained independent advice to support your quoted ESF project State Aid position;
17. **Proof of Irrecoverable VAT** applicable only if you have Irrecoverable VAT which is relevant to your ESF Project
18. **Due Diligence Financial Information** applicable if your organisation is a private or voluntary and community sector organisation or a Further Education College, you must upload:
  - Financial accounts for the most recent 3 years;
  - Proof of existence - Certificate of Incorporation, Charities Registration, VAT Registration Certificate or alternate form of incorporation documentation;
  - Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
  - Completed FVRA Applicant Template (for applications requesting annualised funding of greater than £1m).

**NOTE:** The ECLAIMS IT system can accept most standard Office file formats such as MS Word documents and excel documents in the format xlsx.

However, documents which contain macros cannot be uploaded into the ECLAIMS IT system.

In addition, the ECLAIMS IT system cannot accept tables, graphics or other visuals in the narrative fields within the Full Application screens. If you wish to include this type of information as part of your Full Application, you will need to upload this information as part of a supporting document.

## 9. Full Application Submission

Completed Full Applications must be submitted to the ESF Managing Authority via the ECLAIMS IT system.

Although the ECLAIMS IT system is designed to be intuitive, it is strongly recommended that you closely follow the steps in the ESF Online Full Application Guidance, published on GOV.UK to give the best chance of you submitting a fully completed, compliant Full Application.

The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.

## 10. Accessing ECLAIMS

If you do not already have access to the ECLAIMS IT system, please send an email to [E.CLAIMSSUPPORT@DWP.GOV.UK](mailto:E.CLAIMSSUPPORT@DWP.GOV.UK) as soon as possible.

You should complete a form for **each** individual person in your organisation who will be responsible for completing and/or submitting your Full Application.

Each new ECLAIMS user will then receive an email from an organisation called Datamart – this will contain their unique log-in details. The user will need to follow the instructions within the email to change their password in the first instance. They will then be able to access and use the ECLAIMS IT system.

**NOTE:** To avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS IT system access requests as early in the application process as possible.

The ECLAIMS IT system is a web based application available through the following link. It is recommended that you use the Chrome browser to access the ECLAIMS IT system, or if this isn't available, Firefox.

<https://ECLAIMS.communities.gov.uk/esif-web/>

## 11. Timescales

Launch of Call advertised on GOV.UK	11 July 2019
Deadline for submission of Full Application via the ECLAIMS IT System	Midnight 03 October 2019

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Full Application will be notified on the [European Growth Funding](#) website pages.

## 12. Appendix A – Common output indicators

### Appendix A - extract from Annex 1 of the ESF regulation

Common output and result indicators for ESF investments

(1) Common output indicators for participants

"Participants" refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom specific expenditure is

earmarked. Other persons shall not be classified as participants. **All data shall be broken down by gender.**

The common output indicators for participants are:

unemployed, including long-term unemployed
long-term unemployed
inactive
Inactive, not in education or training
employed, including self-employed
below 25 years of age
above 54 years of age
above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training
with primary (ISCED 1) or lower secondary education (ISCED 2)
with upper secondary (ISCED 3) or post-secondary education (ISCED 4)
with tertiary education (ISCED 5 to 8)
participants who live in jobless households
participants who live in jobless households with dependent children
participants who live in a single adult household with dependent children
ethnic minorities
Participants with disabilities
other disadvantaged
homeless or affected by housing exclusion
from rural areas

Common immediate result indicators for participants are:

inactive participants engaged in job searching upon leaving
participants in education/training upon leaving
participants gaining a qualification upon leaving
participants in employment, including self-employment, upon leaving
disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving

Common longer-term result indicators for participants are:

participants in employment, including self-employment, six months after leaving
participants with an improved labour market situation six months after leaving
participants above 54 years of age in employment, including self-employment, six months after leaving
disadvantaged participants in employment, including self-employment, six months after leaving
