

EMPLOYMENT TRIBUNALS

Claimant: Mr L Mills
Respondent: Birmingham City Council

JUDGMENT

The claimant's application dated 20/05/19 for reconsideration of the judgment sent to the parties on 29/03/19 is refused.

REASONS

The claimant disagrees with the outcome but that does not mean it is in the interests of justice that it can be reconsidered. The arguments put forward at the hearing were the same as he now puts forward in his reconsideration application.

It is a principle of public policy that there is finality in litigation and reconsideration applications are not the means whereby disappointed litigants can secure a rerun of a hearing.
