

HS2 Phase 2a Planning Forum: Environmental Health Subgroup

Terms of Reference

Membership

- HS2 Ltd
- Local Authority officers

Function

The Environmental Health Subgroup of the HS2 Phase 2a Planning Forum has been set up to:

- enable engagement between members of the sub group on matters related to environmental health;
- seek agreement and discuss route wide principles, standards, practices and processes associated with environmental health matters;
- report progress, actions and issues as required to the HS2 Phase 2a Planning Forum; and
- present recommendations on agreements to the Planning Forum (which will be supported by the relevant material and technical officers to enable a decision to be reached). The nature of issues addressed at the Subgroup will evolve as the project develops.

It is not the purpose of the Environmental Health Subgroup to discuss location specific issues and mitigation, which will be considered through bilateral meetings.

Meetings

The Subgroup will meet as necessary at venues agreed by the Subgroup and confirmed in advance of each meeting.

The business of each meeting will include:

- Agree record of last meeting
- Review of progress and actions
- Draft documents and issues
- Time, place & agenda for next meeting

HS2 Ltd will provide secretariat support.
