# 1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

The Government has confirmed that it will guarantee funding for ESF projects that are contracted by the end of 2020. Whatever the outcome of the EU negotiations, this guarantee will stand. This ensures that UK organisations, such as charities, businesses and universities, will continue to receive funding over a project's lifetime if they successfully bid into EU-funded programmes before the end of 2020, even in the event of a no-deal. Details of the guarantee can be found at the following [website link](#).

All contracted ESF projects must be completed by the end of the programme period in 2023. Each application for ESF will be required to demonstrate that it delivers good value for money and domestic strategic priorities.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term "Managing Authority" will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority's appraisal of each Full Application.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 1 of the Operational Programme: Inclusive Labour Markets** and **Investment Priority: 1.3 Sustainable integration into the labour market of young people (YEI)** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposal sets out the requirements for any applicants to consider before applying. Applications against this call will be appraised as part of a single-stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 of the ESF regulation (see Appendix A). This will be in addition to the requirement to report on the output and result indicators referred to in section 3 of the call for proposal.

## 1.1 National Context

This priority axis aims to increase participation in the labour market and thereby improve social inclusion and mobility. The operational programme identifies the need to address high levels of youth unemployment in specific areas of England this will be delivered through the following Investment priority:

**Investment priority 1.3** Sustainable integration into the labour market of young people (YEI), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee.

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To support the rise in the participation age by providing additional traineeship and apprenticeship opportunities for 15-29 year old NEETs in YEI areas, with a particular focus on 15-19 year old NEETs.	<p>The additional support from this investment priority will help more young people aged 15-29 enter traineeships and apprenticeships. It will be focussed on young people in YEI areas, with a particular focus on 15-19-year-old NEETs. The additional support from this investment will support investment in traineeships and apprenticeships, including improvements to recruitment and assessment and engagement with employers.</p> <p>The main result will be that more young participants aged 15 to 29, male and female, who were NEET, are in traineeships or apprenticeships as a result of ESF interventions and this will support movements into work.</p>

<p>To engage marginalised 15-29 year old NEETs in YEI areas and support them to re-engage with education or training, with a particular focus on 15-19 year olds.</p>	<p>The additional support from this investment priority will help to find and engage young people in YEI areas, particularly those aged 15-19, who are disconnected from mainstream activity. Participants could, for example, be members of gangs, care leavers, young lone parents, ex-offenders or young people with learning difficulties. They are likely to require more intensive and tailored interventions.</p> <p>The main result that will be achieved is that more participants will be engaged with education or training on leaving, and this will be measured by the result target.</p>
<p>To address the basic skills needs of 15-29 year old NEETS so they can compete effectively in the labour market;</p>	<p>The additional support from this investment priority will help 15-29-year-old NEETs in YEI areas to acquire the basic skills necessary to enable them to progress into an apprenticeship, traineeship or other employment.</p> <p>The main result that will be achieved is that more participants will have gained basic skills. There is an output target for participants without basic skills and a result target for participants gaining basic skills.</p>
<p>To provide additional work experience and pre-employment training opportunities to unemployed 15-29 year old NEETS in YEI areas, with a particular focus on those aged over 18</p>	<p>The additional support from this investment priority will help unemployed 15-29 year olds and particularly those aged 18-29 in YEI areas to transition into training or sustainable employment (or self-employment).</p> <p>The main result that will be achieved is that more participants will enter traineeships, apprenticeships or sustainable employment (including self-employment) on leaving.</p>
<p>To support 15-29 year old lone parents who are NEET in YEI areas to overcome the barriers they face in participating in the labour market (including childcare).</p>	<p>The additional support from this investment priority will help 15-29-year-old lone parents who are NEET in YEI areas to move closer to and into sustainable employment (including self-employment). Support will include assistance with childcare when this has not been covered by public provision, such as Universal Credit. It will also help participants to overcome other barriers, such as low basic skills or lack of confidence.</p> <p>The main result that will be achieved is that more participants will move into sustainable</p>

	employment (including self-employment). There is an output target for the number of lone parents.

## 1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 1, Investment Priority 1.3 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

### Local Priorities:

This Call is for the More Developed Category of Regions who attract YEI Funding, namely:

- Black Country,
- Coventry & Warwickshire,
- D2N2,
- GBSLEP,
- Leicester and Leicestershire,
- Liverpool City Region
- South East LEP.

In addition, Liverpool City Region applicants can also apply to a maximum value of up to £1m ESF/YEI for the Transition area of Liverpool City Region. No other Transition area is eligible to apply for this Call.

The overall youth unemployment rate across England peaked in the period July 2011-June 2012 at 21.4%. At that time, youth unemployment in some NUTS2 areas exceeded 25%, and in some NUTS3 areas it was over 30%. Based on these figures, the NUTS2 areas automatically qualify for the Youth Employment Initiative and the flexibility allowed in the regulations was used to extend YEI to the relevant NUTS3 areas in England.

Youth unemployment is reducing. The overall 16-24 youth unemployment rate for England is now 3.6%<sup>[1]</sup>, having reduced from 16.2% in 2015. For 16-24 males it is down to 12.6% from 24.2%; for females it reduced from 18.5% to 11.0%. There is concern about the transition from school to the labour market: most young people continue in education or training when they leave school, and make a successful transition to either further or higher education or employment, but there is still a group who either 'drop out' or struggle to make the transition to the labour market at age 18-19. As a result, the proportion of young people NEET in England varies slightly between the ages of 16 and 18 where 4.8% were NEET at age 16, (3.6%) at age 17, and (12.5%) at age 18.

Participants in YEI provision must be NEET (not in employment, education or training), aged 15 to 29 and reside in an area eligible for the initiative. The definition

---

<sup>[1]</sup> Nomis March 2019

of NEET for the 2014-2020 ESF Programme is: any young person aged between 15-29 who is not currently in any form of employment or undertaking any education or training, and is consistent with the definition used by the Office for National Statistics for the statistics they publish on NEETs. Further information is provided in the published programme eligibility rules, and supporting programme guidance. It should be noted students are not eligible for YEI support.

This investment priority supports additional provision that complements existing government programmes to tackle youth unemployment and reduce the number of young people NEET.

The YEI supports additional and more intensive provision that meets the needs of individuals and local labour markets. It will not support activities that duplicate or replace existing provision.

Actions in this investment priority help to re-engage marginalised young people NEET, including through innovative approaches, customised training and support and volunteering activities. Activities may be focused on specific target groups such as: young lone parents; looked after children and care leavers; carers; ex-offenders; those involved in gangs; and young people with learning difficulties and disabilities. YEI will support traineeships if it is not displacing already planned (and funded) provision and it adheres to the Traineeship Framework for Delivery. For apprenticeships, any activity must comply with the apprenticeship legislation.

Actions in this investment priority complement traineeships by enhancing or building on existing and planned traineeship provision through wrap-around activity. It provides additional support for disadvantaged young people beyond the core elements of training (work preparation, English and maths) and work experience. It complements apprenticeships and includes supporting improvements to recruitment, assessment and training.

Support for both traineeships and apprenticeships may include increasing uptake through dedicated marketing or outreach work and supporting individuals to remain on the programme (for example mentoring and paying trainees' costs, such as transport).

Actions in this investment priority will enhance local careers guidance services for young people, including, where appropriate, supplying education and training providers and careers guidance professionals with information on local job options, business developments and local skills shortages. It provides opportunities for local employers to take on young people who are NEET (including those with complex barriers) - including through traineeships, apprenticeships, work experience, supported internships for young people with learning difficulties, and support and information for employers, to establish their requirements and encourage them to take on young people who are NEET.

This will be the last opportunity to apply for YEI funding. This Call is being launched to maximise the money still available in the More Developed areas and the remaining notional allocation for the Transition area of Liverpool City Region and it is

expected that provision funded as a result of this Call will target those who are furthest from the labour market/hardest to help.

Applicants should demonstrate how they have engaged and consulted with their local LEP and/or Technical Assistance Teams on local development needs. Applicants will need to provide evidence in their application of this local consultation and show how their activities will complement and not duplicate YEI Projects currently funded in the local area. Applicants will also need to evidence how their proposed activity align with the Strategic Economic Plan for the LEP area in which activities will be delivered.

## Consortia/Partnership Applications

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be completed and submitted in the ECLAIMS IT system by the lead organisation on behalf of the partnership/consortia. The lead applicant must have the financial capacity to meet the required Due Diligence criteria and, if ESF funding is awarded, this organisation will then become the lead Grant Recipient, accountable for delivery of the overall ESF Project.

### 1.3 Scope of activity

This call invites Full Applications which support the delivery of Priority Axis 1, **Investment Priority 1.3 Sustainable Integration of Young People (YEI) into the Labour Market** of the European Social Fund Operational Programme and responds to the local development need set out in the Black Country, Coventry & Warwickshire, D2N2, GBSLEP, Leicester and Leicestershire, Liverpool City Region and South East LEP Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

## 2. Call Requirements

All applications are competitive.

<b>Indicative Fund Allocation:</b>	<p>Indicatively, through this call the Managing Authority expects to allocate approximately <b>£81,000,000 of ESF and YEI funds</b>.</p> <p>This funding will be comprised as follows:</p> <p><b>More Developed Region:</b> <b><u>Approximately - £40,000,000 ESF and approximately £40,000,000 YEI.</u></b></p> <p><b>Transitional Region:</b></p>
------------------------------------	---

	<p><b>In the Liverpool City Region LEP area only, up to a maximum of £500,000 ESF and <u>£500,000 YEI</u>.</b></p> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p> <p>Applicants will need to have eligible match funding for the ESF element (excluding YEI) for the balance of costs, which must be from a source other than the European Union.</p> <p><b>Value for money consideration will be given to projects that aim to engage particularly challenging target groups.</b></p>
<b>Minimum application level</b>	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact.</p> <p>For the More Developed Area the Managing Authority is seeking and will give preference to, applications over £4,000,000 ESIF funding. However, in exceptional cases we will consider applications of not less than £1,000,000 ESIF funding.</p> <p>For the Transitional Area the Managing Authority does not intend to allocate less than £250,000 of ESIF funding to any single project.</p> <p>Applications requesting an ESIF amount below the 'Minimum Application Level' will be rejected.</p> <p>For Liverpool City Region Only (as this area covers 2 Categories of Region (CoR).</p> <p>The minimum project size for both ESF &amp; match funding, is dependent on the intervention rate determined by CoR; 60% Transition Region &amp; 50% More Developed Region.</p> <p>As Liverpool City Region LEP area spans two CoR, Transition and More Developed applicants will need to make it clear in their online Full Application how much of their requested project funding applies to each CoR and ensure that output and result figures are recorded for both CoR.</p>

	<p>Please note the maximum amount of ESF and YEI funding for the Transition area of Liverpool City Region is £1m. Applicants that wish to apply for funding in the Transition and More Developed (MD) areas in Liverpool should note the usual 90% Transition / 10% More Developed (CoR) geographical split does not apply to this Call. This increases scope for applications in the MD area.</p>
<b>Duration of project approvals</b>	<p>Projects must be completed no later than 3 years and 6 months after the proposed project start date; however, the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.</p> <p>All ESF Projects must be completed by 31<sup>st</sup> December 2023. Project costs cannot be incurred beyond this date.</p> <p>NOTE: Delivery of activities and associated costs can be incurred up to and including 31<sup>st</sup> December 2023, with the full and final claim expected no later than February 2024.</p>
<b>Geographical Scope</b>	<p>All interventions should be focused on activity and beneficiaries within the Local Enterprise Partnership areas listed below –</p> <p><b>Black Country, Coventry &amp; Warwickshire, D2N2, GBSLEP, Leicester and Leicestershire, Liverpool City Region and South East LEP.</b></p> <p>ESF and match must be spent on participants eligible for YEI residing in areas eligible for YEI.</p>
<b>Specific call requirements</b>	<p>This is a call for ESF activity.</p>
<b>Call Deadlines</b>	<p>For this specific call, applications will be appraised following closure of the call. Applications submitted to the Managing Authority via the ECLAIMS IT system after midnight on the published call close date will not be considered.</p> <p><b>If you encounter any technical difficulties completing or submitting your Full Application via ECLAIMS, please send an email to <a href="mailto:E.CLAIMSSUPPORT@DWP.GOV.UK">E.CLAIMSSUPPORT@DWP.GOV.UK</a> .</b></p> <p><b>Technical support is available Monday to Friday, from 8am to 6pm.</b></p> <p>It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.</p>

	<p><b>If you do not already have ECLAIMS access, to avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS access requests as early in the application process as possible by sending an email to <a href="mailto:E.CLAIMSSUPPORT@DWP.GOV.UK">E.CLAIMSSUPPORT@DWP.GOV.UK</a> .</b></p> <p>The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.</p>
<b>Application selection</b>	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to offer ESF funding where a project complements other activity or provides niche activity to target groups within the ESF Operational Programme.
<b>Applicant proposals</b>	These can only contain activities which are eligible for ESF.
<b>Eligible match funding</b>	<p>Applicants will need to have eligible match funding for the ESF element (excluding YEI) for the balance of costs, which must be from a source other than the European Union.</p> <p>The applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.</p> <p>The intervention rate in the Liverpool LEP Area is 50% in the More Developed areas and 60% in the Transition areas, so 50% of match funding must be provided in the More Developed areas and 40% of match funding must be provided in the Transition areas</p> <p>Separately, for YEI Projects, the YEI funding element should be applied at a 1:1 ratio with the ESF funds, not including the match-funding.</p> <p>For example – an application for a YEI project in a Transition area with a total project cost of £1,333,333 would need to consist of:</p> <ul style="list-style-type: none"> <li>• £500,000 ESF funding; plus</li> <li>• £500,000 YEI funding; plus</li> <li>• £333,333,000 match-funding provided by the project.</li> </ul> <p>For a YEI Project in a More Developed area with a total project cost of £6,000,000, this would be made up of:</p> <ul style="list-style-type: none"> <li>• £2,000,000 ESF funding; plus</li> </ul>

	<ul style="list-style-type: none"> <li>• £2,000,000 YEI funding; plus</li> <li>• £2,000,000 match-funding, provided by the project.</li> </ul> <p>So the YEI figure is exactly equal to the ESF figure in both cases. In both cases the ESF and match-funding elements alone meet the maximum intervention rate applicable to the relevant Category of Region.</p>
<b>Procurement</b>	All procurement must be undertaken in line with EU regulations.
<b>State Aid law</b>	Applicants must demonstrate compliance with State Aid law.
<b>Audit/ Compliance</b>	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.
<b>Calls listing multiple activity</b>	The applicant is required to list each activity they plan to deliver, supported by a clear breakdown of costs. Expected outputs and results per activity should be provided.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

### 3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

<b>Investment Priority</b>	<b>1.3 Sustainable Integration Of Young People (YEI) Into The Labour Market</b>
<b>Specific Objectives</b>	Sustainable integration into the labour market of young people (YEI), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee.
<b>Indicative Actions</b>	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of actions for all young people who are NEET include:</p>

	<ul style="list-style-type: none"> <li>• Help to re-engage marginalised young people NEET, including through innovative approaches, customised training and support and volunteering activities.</li> <li>• Activities may be focused on specific target groups such as: young lone parents: looked after children and care leavers: carers: ex-offenders: those involved in gangs: and young people with learning difficulties and disabilities.</li> <li>• Support traineeships – if it is not displacing already planned (and funded) provision and it adheres to the Traineeship Framework for Delivery. For Apprenticeships, any activity must comply with the apprenticeship legislation.</li> <li>• Will complement traineeships by enhancing or building on existing and planned traineeship provision through wrap-around activity.</li> <li>• Additional support for disadvantaged young people beyond the core elements of training (work preparation, English and Maths) and work experience.</li> <li>• Complement apprenticeships (but not provide direct funding of training or wage costs). This will include supporting improvements to recruitment, assessment and training.</li> <li>• Support for traineeships and apprenticeships may include increasing uptake through dedicated marketing or outreach work and supporting individuals to remain on the programme (for example mentoring and paying trainees costs, such as transport).</li> <li>• Enhance local careers guidance services for young people</li> <li>• Broker opportunities with local employers to take on young people who are NEET (including those with complex barriers) – including through traineeships, apprenticeships, work experience, supported internships for young people with learning difficulties.</li> <li>• Support and information for employers to establish their requirements and encourage them to take on young people who are NEET.</li> </ul>

## Outputs and Results Rationale

Applicants must explain in detail in their application how they have estimated each of the outputs and results for their project, demonstrating clearly how each of the proposed outputs and results directly link to their specific project activities and objectives. The related output and results figures need to be consistent e.g. there should not be more 'Inactive Participant' forecast results than actual Inactive Participants recorded as taking part in the ESF Project in the forecasted output figures.

Applicants must also explain their approach for forecasting each deliverable; including the specific base-lining/research they have undertaken to ensure their projected profiles are realistic and achievable and any assumptions they have made which impact on their forecasts.

Where an applicant is proposing one or more output or result figures below the expected minimum target value for this call, an explanation must also be provided by the applicant in their Full Application.

ESF Outputs and Results Indicator Definitions Guidance is available on GOV.UK [here](#).

Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the LEP areas listed. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

## 4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

### 4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'Document Checklist' (Section 8 of this call specification) prior to completing and submitting their Full Application in the ECLAIMS IT system. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

### 4.2 Intervention Rate & Match Funding

ESF is the funding is used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 60% (inclusive of

the YEI allocation). This means ESF can contribute up to 60% of the total eligible project costs, subject to State Aid regulations. The remaining 40% or more must come from other eligible sources. For all full applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

### **4.3 Applicants**

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

### **4.4 Cross Cutting Themes**

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the Full Application screens in the ECLAIMS IT system and the related ESF Online Full Application guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#) and in ESF Action Note 019/18: [New Assessment Scoring Procedures for Equality and Sustainable Development in ESF](#).

## 4.5 State Aid & Revenue Generation

Applicants are required, in the Full Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.<sup>1</sup> Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation.

Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

## 4.6 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

---

<sup>1</sup> Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

## **4.7 Procurement**

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

## **4.8 Retrospection**

There will be no retrospection for applications made against this call.

For organisations applying for ESF funds through the Single-Stage Application process, the effective date for incurring eligible ESF expenditure will be the day after the relevant open call closing date. Any expenditure incurred by an ESF Direct Bid project prior to this date is ineligible.

However, any expenditure incurred by an ESF applicant, up to and including the date on which an ESF Funding Agreement is fully executed, will be at the applicant's own risk.

# **5. Application Process & Prioritisation Methodology**

The ESF application process is a single-stage process – Full Application only. Applicants must fully complete the Full Application information required in the ECLAIMS IT system (section 9 refers).

The ESF Online Full Application Guidance for Applicants, is available on the [European Growth Funding](#) website pages – this document includes step-by-step details of how to record your Full Application information in the ECLAIMS IT system, as well as guidance on the depth and content expectations.

Following the call closing date, applications will first be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF Operational Programme and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its appraisal is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The appraisal and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants may be subject to due financial diligence checks. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

If, following the appraisal process, an applicant is not satisfied with the ESF funding decision for their project, they can submit an appeal in writing to the ESF Managing Authority.

## 6. Technical Support

All Full Applications for this call **must** be completed and submitted using only the ECLAIMS IT system. Applications submitted via any other method will not be accepted.

If you encounter any technical difficulties completing or submitting your Full Application via the ECLAIMS IT system, please send an email to:

[E.CLAIMSSUPPORT@DWP.GOV.UK](mailto:E.CLAIMSSUPPORT@DWP.GOV.UK)

**It is your responsibility to submit your application in good time to allow time to resolve any technical issues. Except in the unlikely event that there is a general failure of the system in the final hours, we will not normally extend the deadline for technical issues.**

**Technical support is available Monday to Friday, from 8am to 6pm.**

Please retain evidence of your request(s) for any Technical Support, in case there are any issues arising around this element of the application process which may need further investigation.

Please also note that, as this is a competitive call and to preserve impartiality, other than providing Technical Support, we are unable to enter into correspondence with applicants over their Full Application prior to the call closing date. Details of where guidance can be found are contained throughout this calls document.

## 7. Key Reference Documents

When developing your Full Application, it is recommended that you refer to the following documents as a minimum:

- ESF Online Full Application Guidance;
- Local Enterprise Partnership area's ESIF strategy;
- National ESF Eligibility Rules;
- ESF Programme Guidance.

## 8. Full Application – Supporting Document Checklist

The appraisal will be undertaken on the basis of the Full Application information submitted by the applicant using the ECLAIMS IT system, together with any supporting documents uploaded into ECLAIMS IT system by the applicant at the point of closure of the call.

As a minimum, applicants should upload the following documentation into the ECLAIMS IT system alongside completion of the required Full Application screens/fields in ECLAIMS.

Failure to upload the requested documentation could result in the application being rejected.

The ESF Online Full Application Guidance explains how documents should be uploaded into ECLAIMS and Annex B of the same guidance explains the naming conventions to be used for each document.

### Mandatory Supporting Documents

  - Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
  - Completed FVRA Applicant Template (for applications requesting annualised funding of greater than £1m).

**NOTE:** The ECLAIMS IT system can accept most standard Office file formats such as MS Word documents and excel documents in the format xlsx.

However, documents which contain macros cannot be uploaded into the ECLAIMS IT system.

In addition, the ECLAIMS IT system cannot accept tables, graphics or other visuals in the narrative fields within the Full Application screens. If you wish to include this type of information as part of your Full Application, you will need to upload this information as part of a supporting document.

## 9. Full Application Submission

Completed Full Applications must be submitted to the ESF Managing Authority via the ECLAIMS IT system.

Although the ECLAIMS IT system is designed to be intuitive, it is strongly recommended that you closely follow the steps in the ESF Online Full Application Guidance, published on GOV.UK to give the best chance of you submitting a fully completed, compliant Full Application.

The Managing Authority reserves the right to reject applications which are incomplete or not submitted in a timely and compliant way.

## 10. Accessing ECLAIMS

If you do not already have access to the ECLAIMS IT system, please send an email to [E.CLAIMSSUPPORT@DWP.GOV.UK](mailto:E.CLAIMSSUPPORT@DWP.GOV.UK) as soon as possible.

You should complete a form for **each** individual person in your organisation who will be responsible for completing and/or submitting your Full Application.

Each new ECLAIMS user will then receive an email from an organisation called Datamart – this will contain their unique log-in details. The user will need to follow the instructions within the email to change their password in the first instance. They will then be able to access and use the ECLAIMS IT system.

**NOTE:** To avoid any unnecessary delays in submission of your Full Application, it is recommended that you submit new ECLAIMS IT system access requests as early in the application process as possible.

The ECLAIMS IT system is a web based application available through the following link. It is recommended that you use the Chrome browser to access the ECLAIMS IT system, or if this isn't available, Firefox.
