

Department
for Education

Apply for governance development training

The Department for Education is funding professional development in governance leadership and clerking.

Governance leadership

The leadership programmes on offer are ideal for those in governance leadership roles like chairs, vice chairs or committee chairs and will support you to work with your board to increase its effectiveness. In most cases, there will be no, or minimal, cost to individual schools.

Governance clerking

If you are a school, academy or trust board clerk you are eligible for training to help increase your expertise to ensure your boards function effectively. Check pricing and eligibility with individual providers.
