Dear

Freedom of Information Request
M1 junctions 10 and 11 northbound – speed limits

Thank you for your email of 4 October requesting information about speed limits set on the M1 between junctions 10 and 11 northbound on 10 August 2019 for the period between 14:00 and 14:15. You also request a list of speed cameras and their locations. I have now completed our search for the information requested.

According to our records, on the date and at the time requested, speed limits were set as follows:

Time	Speed	Reason
13:28:53	60	Congestion
14:08:51	60	Congestion
14:34:19	40	Incident
14:36:14	60	Incident Cleared

Enforcement of speed restrictions is the responsibility of the police. All cameras between junctions 10 and 11 are capable of capturing information for the purposes of speed limit monitoring. It is the relevant police authority's decision to decide whether to use that information and issue a penalty notice.

Under Section 21 of the Freedom of Information Act, we are not required to provide information which is already reasonably accessible to you. Cameras located between junctions 10 and 11 northbound are readily identified by their bright yellow colouring.

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at:
