Preamble

Recalling that this Agreement builds on the achievements of the Cotonou Agreement;

Reaffirming the Parties' commitment to work together towards the achievement of the objectives of poverty eradication, sustainable development and the gradual integration of the SACU Member States and Mozambique into the world economy;

Recognising that the SACUM-UK share an understanding that inclusive trade is essential for poverty eradication and sustained growth;

Recognising that the SACU Member States and Mozambique UK EPA must promote development and support the integration efforts of the African continent;

Recognising the importance of providing for the incorporation of the relevant obligations and principles of the Cotonou Agreement as referred to in the EU-SADC EPA into this Agreement; and

Bearing in mind that the provisions on economic and trade cooperation in the Cotonou Agreement do not apply to South Africa and that participation of South Africa in the Cotonou Agreement is subject to the qualifications set out in Protocol 3 of the Cotonou Agreement.

The Parties have agreed as follows:

PART I

OBJECTIVES AND PRINCIPLES

ARTICLE 1

Objectives of the Partnership

1. The SACU Member States, Mozambique and the UK reaffirm that the objectives of this Economic Partnership Agreement are to promote and expedite the economic, cultural and social development of the SACU Member States and Mozambique, with a view to contributing to peace and security and to promoting a stable political environment.
2. The partnership shall be centred on the objective of reducing and eventually eradicating poverty consistent with the objectives of sustainable development and

the gradual integration of the SACU Member States and Mozambique into the world economy.

3. These objectives and the Parties' international commitments, including the Sustainable Development Goals, shall inform all development strategies and shall be tackled through an integrated approach taking account at the same time of the political, economic, social, cultural and environmental aspects of development. The partnership shall provide a coherent support framework for the development strategies adopted by the SACU Member States and Mozambique.

4. Sustained economic growth, developing the private sector, increasing employment and improving access to productive resources shall all be part of this framework.

5. Support shall be given to the respect of the rights of the individual and meeting basic needs, the promotion of social development and the conditions for an equitable distribution of the fruits of growth.

6. Regional and sub-regional integration processes which foster the integration of the SACU Member States and Mozambique into the world economy in terms of trade and private investment shall be encouraged and supported.

7. Building the capacity of the actors in development and improving the institutional framework necessary for social cohesion, for the functioning of a democratic society and market economy, and for the emergence of an active and organised civil society shall be integral to the approach.

8. Systematic account shall be taken of the situation of women and gender issues in all areas - political, economic and social. The principles of sustainable management of natural resources and the environment, including climate change, shall be applied and integrated at every level of the partnership.

ARTICLE 2

Fundamental Principles

Cooperation between the Parties shall be guided by the internationally agreed aid effectiveness agenda regarding ownership, alignment, harmonisation, results-oriented aid management and mutual accountability, exercised on the basis of the following fundamental principles:

- (a) equality of the partners and ownership of the development strategies: for the purposes of implementing the objectives of the partnership, the SACU Member States and Mozambique shall determine the development strategies for their economies and societies in all sovereignty and with due regard for the essential and fundamental elements described in Article 3 of this Annex; the partnership shall

encourage ownership of the development strategies by the countries and populations concerned; UK development partners shall align their programmes with these strategies;

- (b) participation: apart from central government as the main partner, the partnership shall be open to parliaments, and local authorities in the SACU Member States and Mozambique and different kinds of other actors in order to encourage the integration of all sections of society, including the private sector and civil society organisations, into the mainstream of political, economic and social life;
- (c) the pivotal role of dialogue and the fulfilment of mutual obligations and accountability: the obligations assumed by the Parties in the framework of their dialogue shall be central to their partnership and cooperation relations; the Parties shall work closely together in determining and implementing the necessary processes of donor alignment and harmonisation, with a view to securing a key role for the SACU Member States and Mozambique in these processes;
- (d) differentiation and regionalisation: cooperation arrangements and priorities shall vary according to a partner's level of development, its needs, its performance and its long-term development strategy. Special treatment shall be given to the least developed countries. The vulnerability of landlocked countries shall be taken into account. Particular emphasis shall be put on regional integration, including at continental level.

ARTICLE 3

Essential Elements regarding Human Rights, Democratic Principles and the Rule of Law, and Fundamental Element regarding Good Governance

1. Cooperation shall be directed towards sustainable development centred on the human person, who is the main protagonist and beneficiary of development; this entails respect for and promotion of all human rights. Respect for all human rights and fundamental freedoms, including respect for fundamental social rights, democracy based on the rule of law and transparent and accountable governance are an integral part of sustainable development.

2. The Parties refer to their international obligations and commitments concerning respect for human rights. They reiterate their deep attachment to human dignity and human rights, which are legitimate aspirations of individuals and peoples. Human rights are universal, indivisible and interrelated. The Parties undertake to promote and protect all fundamental freedoms and human rights, be they civil and political, or economic, social and cultural. In this context, the Parties reaffirm the equality of men and women.

3. The Parties reaffirm that democratisation, development and the protection of fundamental freedoms and human rights are interrelated and mutually reinforcing. Democratic principles are universally recognised principles underpinning the organisation of the state to ensure the legitimacy of its authority, the legality of its actions reflected in its constitutional, legislative and regulatory system, and the existence of participatory mechanisms. On the basis of universally recognised principles, each country develops its democratic culture.

4. The structure of government and the prerogatives of the different powers shall be founded on rule of law, which shall entail in particular effective and accessible means of legal redress, an independent legal system guaranteeing equality before the law and an executive that is fully subject to the law.

5. Respect for human rights, democratic principles and the rule of law shall underpin the domestic and international policies of the Parties and constitute the essential elements of this Agreement.

6. In the context of a political and institutional environment that upholds human rights, democratic principles and the rule of law, good governance is the transparent and accountable management of human, natural, economic and financial resources for the purposes of equitable and sustainable development. It entails clear decision-making procedures at the level of public authorities, transparent and accountable institutions, the primacy of law in the management and distribution of resources and capacity building for elaborating and implementing measures aiming in particular at preventing and combating corruption.

7. Good governance shall underpin the domestic and international policies of the Parties and constitute a fundamental element of this Agreement.

8. The partnership shall actively support the promotion of human rights, processes of democratisation, consolidation of the rule of law and good governance. These areas will be an important subject for the political dialogue. In the context of this dialogue, the Parties shall attach particular importance to the changes underway and to the continuity of the progress achieved. This regular assessment shall take into account each country's economic, social, cultural and historical context. These areas will also be a focus of support for development strategies. The UK shall provide support for political, institutional and legal reforms and for building the capacity of public and private actors and civil society in the framework of strategies agreed jointly between the state concerned and the UK. The principles underlying the essential and fundamental elements as defined in this Article shall apply equally to the SACU Member States and Mozambique on the one hand, and to the UK, on the other hand.
