

# EMPLOYMENT TRIBUNALS

**Claimant:** Mr A Issa Shehata

**Respondent:** Ghassan Bateha

## JUDGMENT

The respondent's application dated 11 October 2019 for reconsideration of the judgment sent to the parties on 30 August 2019 is refused.

## REASONS

There is no reasonable prospect of the original decision being varied or revoked, because the application has been made outside of the 14 day time limit without any explanation for the delay such that there is no basis for considering it to be in the interests of justice to extend time.

In any event, the claimant's claim was against the named individual respondent. A response was submitted by him, not suggesting that he was incorrectly named. The issue was not raised by him at the hearing on 30 August 2019. His case was that the claimant did not ever have a contract with anyone. The application for reconsideration therefore has no reasonable prospect of success.
