

EMPLOYMENT TRIBUNALS

Claimant: Mr M Shaba

Respondent: Oxford University Hospital NHS Foundation Trust

JUDGMENT

The claimant's application dated 19 January 2020 for reconsideration of the judgment sent to the parties on 7 January 2020 is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because:

1. The claimant continues to behave unreasonably in his conduct of the proceedings by maintaining the spurious contention that he is related to the Employment Judge, in circumstances where he can have no basis at all for maintaining this erroneous contention.
2. The application generally argues that the decision of the Tribunal was wrong either on the facts or in its consideration of the law. I am not satisfied that the matters set out justify a variation or revocation of the judgment and therefore a reconsideration of the judgment is not in the interests of justice.
