## Notes

1. The Regulations require that seed potatoes are delivered in containers which carry an official label and are sealed before leaving the producer's premises.
2. Labels issued are sealed by stitching through, or by the use of a plastic seal or metal thumb seal. Seals will be provided by your local Plant Health & Seeds Inspector.
3. There will be an administration fee for the processing of this application and a fee for the production of the labels. There will be a separate fee for the inspection of the tubers
4. Varieties entered for, but not yet having achieved National Listing, may only be marketed as Approved Stock for test and trial purposes, providing you have already applied for authorisation to market small quantities and such authorisation has been granted. These labels are orange in colour. Where Approved Stock has not been granted authorisation to market, labels are issued for movement only. These labels are yellow in colour.
5. Please see the Data Protection statement below.

## Data Protection Act 1998

Information provided will be used for the processing of your application. Details will be held in our computer system and may be used to compile statistics on activity in your sector for submission to the EC Commission and for administrative purposes. In emergency situations, such as a pest outbreak information (including the location of licenced material) may be used by other divisions within APHA, DEFRA and other Government Departments or their appointed agents. APHA may be required to release information, including personal data and commercial information, on request under the Environmental Information Regulations, the Code of Practice on Access to Government Information or the Freedom of Information Act 2000. However, APHA will not permit any breach of confidentiality nor will we act in contravention of our obligations under the Data Protection Act 1998.

APHA, Defra or its appointed agents may use the name, address and other details on your application form to contact you in connection with occasional customer research aimed at improving the services that APHA provides to you.
