Information has been redacted under Section 38(1), Section 40(2), read in conjunction with 40(3)(a)(i) of the Freedom of Information Act (2000).

### **Section 38**

Section 38(1) refers to the exemption from the duty to provide information if it would, or would be likely to affect anyone's health or safety.

The exemption in Section 38(1) is subject to a Public Interest Test to ensure it is being appropriately applied.

### **Public Interest Test**

We recognise that there is a general presumption in favour of transparency and openness concerning our work, and providing the general public with the right to request access to information held by public authorities.

We also recognise that there is a public interest in disclosure of this specific information in order to increase this transparency and aid well-informed debates concerning the welfare and transportation of animals, and the individuals associated with them.

However, we feel that there is a stronger public interest in withholding the information as the full addresses, including the county of origin, the destination and/or rest stops, transporter details and individual names would identify further information and would, or would be likely to, endanger the health and safety of individuals and staff. This poses a substantial risk to the health and safety of individuals associated with the transportation of animals that would be of significant severity and is likely to occur in some cases. We consider this to be a significant factor in favour of maintaining the exemption.

APHA has balanced the real threat to the health and safety of individuals which disclosure of the requested information would be likely to cause, against the public interest arguments in favour of disclosure. In this instance the APHA does not consider that disclosing the information requested in order to inform public debate and to promote accountability and transparency would justify the risk to individuals' health and safety.

### **Section 40**

Some of the information contained within the requested documents have been withheld under section 40(2), read in conjunction with 40(3)(a)(i) (third party personal data), of the FOIA as the information constitutes personal data relating to a third party. Section 40(2), read in conjunction with 40(3)(a)(i), of the FOIA provides that personal data relating to third parties is exempt information if disclosure would breach the Data Protection Act 2018 (DPA).

APHA consider that disclosure of this information is likely to breach the first data protection principle in Schedule 1 of the DPA, which relates to the fair and lawful processing of personal data, in two ways. First, disclosure would not constitute 'fair'

processing of the personal data, second, disclosure would not satisfy any of the conditions for data processing set out in Schedule 2 to the DPA. Therefore, we have concluded that this information is exempt from disclosure under section 40 of the FOIA.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOI and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on GOV.UK, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.
