Funding Rules 2014 to 2015 - summary of changes

Version 2

Funding Rules 2014 to 2015 Version 2: summary of changes since Version 1

- 1. We published the Funding Rules 2014 to 2015 Version 2 on 1 May 2014.
- 2. Following feedback from the sector, we have made some amendments to clarify areas that were not clear. These areas include Early Years Educator learning aims and English and maths within Apprenticeships.
- 3. To reflect the Agency's new organisational structure, all references to relationship managers throughout the document have been amended to Central Delivery Service (CDS) which will provide the primary day-to-day interface with all colleges, training organisations and employers.
- 4. All references to Learning Difficulty Assessments (LDAs) have been amended to reflect that no LDAs will be commenced from 1 September 2014. By August 2016, existing LDAs will be phased out and all young people with special educational needs (SEN) should have their needs met through the new 0-25 system of SEN support in this transition period. For funding purposes, an LDA will be treated the same as an Education, Health and Care (EHC) plan.
- 5. In order to help providers and employers, we have highlighted the main changes made since 2013/2014 in the following table. Changes made since Version 1 are highlighted in yellow. You should note that this is not an exhaustive list of all the changes. You must refer to the main document for the definitive rules which are part of the terms and conditions of the funding agreements and the 24+ Advanced Learning Loans Facility Conditions between the Chief Executive of Skills Funding and all providers of education and training who receive funding from the Chief Executive of Skills Funding or a 24+ Advanced Learning Loan (Loan) Facility.
