### Table 1 notes

1. Table 1 sets out aggregate information for calendar years 2013, 2014, 2015, 2016, 2017 and 2018 reported through 2014 PPRS members' audited annual PPRS Payment Sales Reports or best available information where the audited submissions have yet to be provided.
2. The information set out is the net sales subject to branded medicines bill growth calculation (measured spend).
3. Measured spend is defined in paragraph 6.6 of the PPRS and means the spend which is controlled by the PPRS Payments mechanism. It includes sales of new products.

Each column of the table contains a separate basket of companies for each growth calculation, which are dependent on the members of the scheme included in the growth

calculation and ensuring that the same companies are in both the numerator and the denominator of the respective calculations.

The figures in all parts of Table 1 do not take into account the treatment of the Cancer Drugs Fund (CDF) in the growth calculation following the agreement reached on the CDF between the Department and the ABPI. The effect of this is that the excluded amounts are added to the Allowed Spend. The amount (net of VAT) added to Allowed Spend following the CDF agreement is:

- Calendar year 2014 — £ 91M
- Calendar year 2015 — £107M
- Calendar year 2016 — £ 35M
- Calendar year 2017 — £ 28M

The addition to the allowed spend follows the method set out in the revised [addendum to the PPRS](#). The figures for 2014, 2015, 2016 and 2017 are final.

Table 2 notes

1. Table 2, which is derived from audited annual PPRS Payment Sales Reports and unaudited quarterly PPRS Payment Sales Reports provided by members of the 2014 PPRS, sets out aggregate annual audited information showing net sales covered by the PPRS Payment and the resulting PPRS Payments for the following periods:

<b>Audited</b>
2013
2014
2015
2016
2017
2018

There are two columns of information:

Column 1 — Aggregate net sales covered by the PPRS payment;

Column 2 — Resulting aggregate PPRS payments due for the respective periods.

Note: Sales covered by the PPRS payment is defined at paragraph 6.7 of the PPRS. The percentage payment applies to these sales, which exclude sales of new products. Sales of new products are included in the calculation of the overall sum to be repaid across all member companies. However, products with a new active substance designation which were introduced after 31 December 2013 are excluded from the sales used to calculate the payment by each company.

Note: Sales covered by the PPRS payment will include sales from submissions that companies have made in accordance with the rules for companies joining the PPRS payment mechanism after September 2014.

## TABLE 3 — Statutory scheme sales reports: net sales covered by the statutory scheme payment and resulting payments
