Dançaster House, Hampshire Court, Newcastle on Tyne, NE4 7YH

13 March 2018

### NOTICE TO TRADERS 05/18

#### IMPORTS OF GARLIC UNDER COMMISSION REGULATION (EU) No. 341/2007

#### Introduction

This notice explains how the rules are applied to this quota and how to apply for a licence. It also advises you of the quota amounts available in the import tariff quota period (1 June 2018 to 31 May 2019) and sub periods. Details of the quantities available are fully outlined in Annex 1 of this notice.

#### **Background**

The following must be supplied to be eligible for a garlic quota licence and if you do not have proof of trade as per below, then you are not eligible and cannot apply.

To apply for 'A' licences under the fresh garlic quota you must qualify as either a 'New Importer' or a 'Traditional Importer'.

#### **New Importer**

A **New Importer** is a trader who has imported at least 50 tonnes of fruit and vegetables (as referred to in Article 1(1)(i) of Regulation (EC) No 1308/2013) in each of the two previous calendar years, or the previous two completed import tariff quota periods. For reference, the products have been listed in Annex 2.

#### **Traditional importer**

A **Traditional Importer** is a trader who has imported at least 50 tonnes of fruit and vegetables (as referred to in Article 1(1)(i) of Regulation (EC) No 1308/2013) during the previous completed import tariff quota period preceding your application. For reference, the products have been listed in Annex 2.

You must also have obtained and used garlic 'A' licences in each of the three previous completed import tariff quota periods. These periods must be consecutive (an import tariff quota runs from 1 June of one year to 31 May of the next).

For traditional importers a reference quantity will be established based upon the average of all the garlic ('A' and 'B' licences) imported by the trader in the previous three calendar years.

In addition to the above you must be established and registered for VAT in the Member State where you apply. You must provide us with a copy of your current VAT registration certificate.

#### **Proof of Trade**

The proof we require will be as follows:

- A list of licence numbers (if the licence was issued in electronic format) and quantities used;
- Copies of C88 documents, stamped and signed by customs as true and certified (if the licence was issued in paper format or the commodity is non licensable).
- In addition we require a copy of your VAT Certificate.

Proof that you meet these requirements must be submitted each year prior for your first application for a quota year.

#### Available quantities and distribution

The available quantities under these quotas are set out in Annex 1.

These quantities will be split as follows:

- 1. 70% of the quota is set aside for traditional importers
- 2. 30% of the quota is set aside for new importers

#### **Applying for licences**

To submit an application you must be registered with the RPA. If you are not registered then a company director or an individual legally responsible for the business must apply for a trader registration number by contacting our Rural Payments Helpline on 03300 416 500. There have been recent changes to the website, the new address is www.rpa.defra.gov.uk. However, not all of the information is available on the website. If you require assistance with the forms detailed below please contact the Imports Team.

Applications must be submitted using an import licence application form. We advise you to use the latest version of the application form, which you can find <a href="here">here</a>. You can also find information on the changes to licensing rules in Notice to Traders <a href="here">38/16</a>.

The person signing the import licence application must be authorised. To become an authorised signatory please complete an <u>il3 form</u>. To avoid any delay to licences being issued we recommend that the signatory is authorised before sending your application.

Applications can be submitted either by post, fax or email. If you intend to submit your application by email, please ensure that the email address it is sent from is approved by the RPA. For further information contact the Imports Team using the details below. We highly recommend that your email address is approved before sending your application to the <a href="mailto:trader@rpa.gsi.gov.uk">trader@rpa.gsi.gov.uk</a> mailbox as this will also avoid unnecessary delays.

Quota applications must be received during the first seven calendar days of April, July, October and January.

It is fully your responsibility to ensure that the application, and all supporting documentation, is correct at the time of submission and must be received by the RPA no later than Friday 6 April 2018.

Note: We will reject any applications where securities and/or proof of trade are received after Friday 6 April 2018.

Applications for New Importers must not exceed 10% of the total quantity available in each subperiod, for the country of origin of product for which you are applying.

Applications submitted by a Traditional Importer in any import tariff quota period must not exceed their reference quantity.

Note: If more than one application is lodged for the same quota order number, all of your applications will be rejected.

#### **Security**

Security of €60 per tonne must be lodged with each licence application. You can find further information on how to lodge your security <u>here</u>.

#### Applying for a licence

As part of the garlic import tariff quota licence applications must include the following entries:

Box 8 of your application must state the country of origin of the product and you must select this as 'Yes'. Licences will carry an obligation to import from that exact country stated;

Box 20 of your application must contain the correct import tariff quota order number. You must also state 'traditional importer' or 'new importer'.

#### **Issuing of Licences**

Your Quota licence will be issued from 23 April to 27 April 2018 and will be valid from the day of issue plus two months. Licences are not transferrable.

Your licence will have a 5% upward tolerance. However, the reduction in duty will only be valid for the quantities shown in sections 17 and 18 of your licence.

#### **Returning Licences**

You must return your paper licence within 60 days of the expiry date. If you do not return your paper licence within 60 days you will lose a proportion of your licence security.

#### **Authority**

You can find details of the arrangements in Commission Implementing Regulation (EU) No. 341/2007. You can obtain copies from Stationery Office bookshops and accredited agents, or order from the Stationery Office website (www.tso.co.uk).

You can also access Official Journals electronically by visiting the Commission's <u>Europa website</u>. We are not responsible for the accuracy or completeness of the Europa website. Whilst every care has been taken in producing this guidance, the regulations as published are definitive.

#### **Enquiries**

If you have any questions regarding this notice, please contact the Import Licensing section as
