SCHOOL LIST TEMPLATE

This information is needed for the schools you will be claiming for in the 2014/15 school year. The shaded column will automatically update using the information added in the unshaded columns. If you have any problems using this spreadsheet please contact us. You can either print it off and post it to us or email it to 'trader@rpa.gsi.gov.uk'. If printing, please make sure page setup is at Landscape to make sure that all the columns are printed on one page.

CLAIM PERIOD: From _____ to _____

CLAIMANT: _____

REGISTRATION NO: _____

Only complete this section if you have not already sent us your pricing calculation
Pricing Calculation
If the result is a figure of 4p or more then the cell will display in orange and you will need to send us a breakdown of your costs. If the figure is above 7p you may not be able to claim. Please contact us.

Table with columns: School name, School address, DfE unique reference number for the school, The number of eligible pupils on the roll (from the latest school census data), An estimate of the number of pupils you expect to participate in the EU subsidy scheme, Serving size, Selling price (in pence), Cost of milk (in pence), Subsidy, Pricing calculation (Administration/Distribution charge). Includes one example row and many empty rows.
