Work Choice Provider Guidance

Section 06

For all referrals to the Work Choice programme during the 2017 contracts extension period, the Work Choice programme has been modified to be a two-module programme. This section (formerly Module Three) is, therefore, obsolete.

For guidance pertaining to referrals to Work Choice prior to the contracts extension period in England and Wales, effective from April 2017, please see the original Work Choice Provider Guidance which is still to be found on GOV.UK <https://www.gov.uk/government/collections/dwp-provider-guidance>.
