

## Runoff and soil erosion risk assessment (continuation)

Applicants can use the table below to record the runoff and soil erosion risk of their field parcels.

Field parcel	Inherent risk	Connection to waterbody	Managed risk	Overall risk
AB12345678	Moderate	Little or no connection	Lower	Low
AB23456789	High	Adjacent	Moderate	Mod/High

If you need more rows, please use the separate continuation sheet.
