# About Public Health England

Public Health England exists to protect and improve the nation's health and wellbeing, and reduce health inequalities. We do this through world-leading science, knowledge and intelligence, advocacy, partnerships and the delivery of specialist public health services. We are an executive agency of the Department of Health and Social Care, and a distinct delivery organisation with operational autonomy. We provide government, local government, the NHS, Parliament, industry and the public with evidence-based professional, scientific and delivery expertise and support.

## Changes resulting from PHOF review

For a full rationale of all changes made, please see the published government response at:

<https://www.gov.uk/government/consultations/public-health-outcomes-framework-proposed-changes-2019-to-2020>

### New or replacement indicators added to the PHOF in August 2020

| Indicator name                                                                                    | Time period added | New or updated indicator | Geographies included             | Inequality data                    | Age     | Already in public domain in exact format                          | Calculated by                             |
|---------------------------------------------------------------------------------------------------|-------------------|--------------------------|----------------------------------|------------------------------------|---------|-------------------------------------------------------------------|-------------------------------------------|
| <b>Domain D - Health protection</b>                                                               |                   |                          |                                  |                                    |         |                                                                   |                                           |
| D04d - Population vaccination coverage - Flu (primary school aged children (reception to year 6)) | 2019              | New                      | England<br>Region<br>County & UA | Deprivation deciles<br>School year | 4-11yrs | No, the data is in the public domain except by deprivation decile | PHE<br>(Confidence limits added for PHOF) |

## Updated data for current indicators included in 4 August 2020 publication

Data for the indicators listed below is added to the PHOF data tool as part of the February update – see <https://fingertips.phe.org.uk/profile/public-health-outcomes-framework>

| Indicator name                                               | Time period added | New or updated indicator | Geographies included                              | Inequality data                                                                                                        | Age               | Already in public domain in exact format | Calculated by                                                               |
|--------------------------------------------------------------|-------------------|--------------------------|---------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|-------------------|------------------------------------------|-----------------------------------------------------------------------------|
| <b>Domain B - Wider determinants of health</b>               |                   |                          |                                                   |                                                                                                                        |                   |                                          |                                                                             |
| B03 – Pupil absence                                          | 2018/19           | Updated                  | England<br>Region<br>County & UA<br>District & UA | Ethnic groups<br>Deprivation deciles<br>Gender                                                                         | 5-15 yrs          | Yes                                      | DfE -<br>Department<br>of Education<br>(PHE adds<br>confidence<br>limits)   |
| B017 – Fuel poverty                                          | 2018              | Updated                  | England<br>Region<br>County & UA<br>District & UA | Ethnic groups<br>Household<br>composition<br>Tenure<br>Rurality<br>Disability<br>Working Status<br>Deprivation deciles | Not<br>applicable | Yes                                      | Department<br>for Business,<br>Energy &<br>Industrial<br>Strategy<br>(BEIS) |
| <b>Domain D - Health protection</b>                          |                   |                          |                                                   |                                                                                                                        |                   |                                          |                                                                             |
| D03I – Population vaccination coverage – Flu (2-3 years old) | 2019/20           | Updated                  | England<br>Region<br>County & UA                  | Deprivation deciles                                                                                                    | 2-3 yrs           | Yes                                      | NHS Digital<br>(NHSD)<br>(PHE adds<br>confidence<br>limits)                 |

| Indicator name                                                    | Time period added | New or updated indicator | Geographies included                              | Inequality data     | Age                 | Already in public domain in exact format | Calculated by                                                                                 |
|-------------------------------------------------------------------|-------------------|--------------------------|---------------------------------------------------|---------------------|---------------------|------------------------------------------|-----------------------------------------------------------------------------------------------|
| D05 – Population vaccination coverage – Flu (at risk individuals) | 2019/20           | Updated                  | England<br>Region<br>County & UA                  | Deprivation deciles | 6 months-<br>64 yrs | Yes                                      | PHE<br>(Confidence limits added for PHOF)                                                     |
| D06a – Population vaccination coverage – Flu (age 65+)            | 2019/20           | Updated                  | England<br>Region<br>County & UA                  | Deprivation deciles | 65+ yrs             | Yes                                      | PHE<br>(Confidence limits added for PHOF)                                                     |
| D10 - Adjusted antibiotic prescribing in primary care by the NHS  | 2019              | Updated                  | England<br>Region<br>County & UA<br>District & UA | Deprivation deciles | All ages            | No                                       | PHE,<br>calculated from data provided by NHS, NHS Business Services Authority (BSA), and NHSD |
| <b>Domain E - Healthcare and premature mortality</b>              |                   |                          |                                                   |                     |                     |                                          |                                                                                               |
| E15 – Estimated dementia diagnosis rate (aged 65+)                | 2020              | Updated                  | England<br>Region<br>County & UA<br>District & UA |                     | 65+ yrs             | Yes                                      | NHSD                                                                                          |

The following indicators have been updated in PHOF since the previous update on 5 May 2020, in order to keep them consistent with other PHE Official Statistics products:

| Indicator name                                                   | Time period added | New or updated indicator | Geographies included                              | Inequality data                                                                                                                                  | Age | PHE profiles included in       |
|------------------------------------------------------------------|-------------------|--------------------------|---------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|-----|--------------------------------|
| C18 – Smoking prevalence in adults (18+) – current smokers (APS) | 2019              | Updated July             | England<br>Region<br>County & UA<br>District & UA | Ethnic groups<br>Religion<br>Health status<br>Deprivation deciles<br>Country of birth<br>Socioeconomic group (18-64 yrs)<br>Gender<br>Age groups | 18+ | Local Tobacco Control Profiles |
