

How the European Social Fund is helping you

Department
for Work &
Pensions

European Union
European
Social Fund

The help you are getting from the Department for Work and Pensions is part of our European Social Fund Programme.

The European Social Fund aims to improve employment opportunities and help you if you are looking for work.

The Department for Work and Pensions uses this funding to:

- provide a wide range of services for people of working age
- promote gender equality and equal opportunities
- promote sustainable and quality employment
- promote social justice by combating poverty and any discrimination
- provide help for those who find work but need continued support

All this means the European Social Fund will help you to identify and overcome the barriers you might face in moving into work and help you to achieve your potential.

Whilst attending this provision, you may also receive help towards the cost of childcare and travel expenses.

Why DWP needs personal information and how we treat it

We treat personal information carefully. We may use it for any of our purposes. To learn more about information rights and how we use information, please visit
